NUCLEAR REGULATORY COMMISSION**Advisory Committee on the Medical Uses of Isotopes: Call for Nominations**

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Call for Nominations.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is advertising for nominations for the position of Diagnostic Radiologist on the Advisory Committee on the Medical Uses of Isotopes (ACMUI). Nominees should be a currently practicing diagnostic radiologist.

DATES: Nominations are due on or before November 24, 2014.

NOMINATION PROCESS: Submit an electronic copy of resume or curriculum vitae, along with a cover letter and endorsement letter(s) from professional organizations, or others, to Ms. Sophie Holiday, sophie.holiday@nrc.gov. The cover letter should describe the nominee's current duties and responsibilities and express the nominee's interest in the position. Please ensure that the resume or curriculum vitae includes the following information, if applicable: Education; certification; professional association membership and committee membership activities; duties and responsibilities in current and previous clinical, research, and/or academic position(s).

FOR FURTHER INFORMATION CONTACT: Ms. Sophie Holiday, U.S. Nuclear Regulatory Commission, Office of Federal and State Materials and Environmental Management Programs; (301) 415-7865; sophie.holiday@nrc.gov.

SUPPLEMENTARY INFORMATION: The NRC is seeking nominations for diagnostic radiologists who possess training and experience with the diagnostic use of byproduct material. The diagnostic radiologist would also possess knowledge of imaging modalities that are not regulated by the NRC such as diagnostic ultrasound, magnetic resonance imaging, computed tomography (CT) and interventional radiology. This individual will advise the NRC on current and emerging technologies that combine modalities that are regulated by the NRC (e.g., positron emission tomography) with those that are not regulated by the NRC (e.g., CT).

The ACMUI diagnostic radiologist provides advice on issues associated with the regulation of applications of byproduct material for imaging, localization and therapeutic purposes. This advice includes providing input on NRC proposed rules and guidance, providing recommendations on the training and experience requirements for physicians specializing in nuclear medicine and radiation therapy, identifying medical events associated with these uses, evaluating non-routine uses of byproduct material and emerging medical technologies, bringing key issues in the nuclear medicine and radiology community to the attention of NRC staff, as they relate to radiation safety and NRC medical-use policy.

ACMUI members are selected based on their educational background, certification(s), work experience, involvement and/or leadership in professional society activities, and other information obtained in letters or during the selection process.

ACMUI members possess the medical and technical skills needed to address evolving issues. The current membership is comprised of the following professionals: (a) Nuclear medicine physician; (b) nuclear cardiologist; (c) two radiation oncologists; (d) diagnostic radiologist; (e) therapy medical physicist; (f) nuclear medicine physicist; (g) nuclear pharmacist; (h) radiation safety officer; (i) patients' rights advocate; (i) Food and Drug Administration representative; and (j) Agreement State representative. For additional information about membership on the ACMUI, visit the ACMUI Membership Web page, <http://www.nrc.gov/aboutnrc/regulatory/advisory/acmui/membership.html>.

NRC is inviting nominations for the Diagnostic Radiologist physician position on the ACMUI. The term of the individual currently occupying this position will end on January 10, 2015. Committee members currently serve a

four-year term and may be considered for reappointment to an additional term.

Nominees must be U.S. citizens and be able to devote approximately 160 hours per year to Committee business. Members are expected to attend semi-annual meetings in Rockville, Maryland and to participate in teleconferences, as needed. Members who are not Federal employees are compensated for their service. In addition, these members are reimbursed for travel and correspondence expenses. Full-time Federal employees are reimbursed travel expenses only.

Security Background Check: The selected nominee will undergo a thorough security background check. Security paperwork may take the nominee several weeks to complete. Nominees will also be required to complete a financial disclosure statement to avoid conflicts of interest.

Dated at Rockville, Maryland this 17th day of September, 2014.

For the U.S. Nuclear Regulatory Commission.

Andrew L. Bates,

Advisory Committee Management Officer.

SUPPLEMENTARY INFORMATION: Section 4007 of Title IV of the Employee Retirement Income Security Act of 1974 (ERISA) requires pension plans covered under Title IV pension insurance programs to pay premiums to PBGC. All plans covered by Title IV pay a flat-rate per-participant premium. An underfunded single-employer plan also pays a variable-rate premium based on the value of the plan's unfunded vested benefits.

Pursuant to section 4007, PBGC has issued its regulation on Payment of Premiums (29 CFR Part 4007). Under § 4007.3 of the premium payment regulation, the plan administrator of each pension plan covered by Title IV of ERISA is required to file a premium payment and information prescribed by PBGC for each premium payment year. Premium information must be filed electronically using "My Plan Administration Account" ("My PAA") through PBGC's Web site except to the extent PBGC grants an exemption for good cause in appropriate circumstances, in which case the
