Defense Federal Acquisition Regulation Supplement: Repeal of Major Automated Information Systems Provisions (DFARS Case 2017–D028)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement a section of the National Defense Authorization Act for Fiscal Year 2017 that repealed major automated information systems provisions.

DATES: Effective July 20, 2023.

FOR FURTHER INFORMATION CONTACT: Ms. Jeanette Snyder, 703–508–7524.

SUPPLEMENTARY INFORMATION:**I. Background**

Section 846 of the National Defense Authorization Act for Fiscal Year 2017 (Pub. L. 114–328) repealed 10 U.S.C. chapter 144A and amended 10 U.S.C. 2334(a)(2) (now 10 U.S.C. 3221(b)(2)) by striking “or a major automated information system under chapter 144A”. This final rule amends the definition of “milestone decision authority” in section 202.101, Definitions, by removing the term major automated information system and removes major automated information system programs from section 234.7100, Policy, and the clause prescription at 234.7101, Solicitation Provision and Contract Clause.

II. Publication of This Final Rule for Public Comment Is Not Required by Statute

The statute that applies to the publication of the Federal Acquisition Regulation (FAR) is 41 U.S.C. 1707, Publication of Proposed Regulations. Subsection (a)(1) of the statute requires that a procurement policy, regulation, procedure, or form (including an amendment or modification thereof) must be published for public comment

if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because this rule merely removes references to major automated information system programs from DFARS policy and procedures for DoD contracting officers; therefore, there is no impact on contractors or offerors. These requirements affect only the internal operating procedures of the Government.

III. Applicability to Contracts at or Below the Simplified Acquisition Threshold and for Commercial Services and Commercial Products, Including Commercially Available Off-the-Shelf Items

This rule does not create any new solicitation provisions or contract clauses. It does not impact any existing solicitation provisions or contract clauses.

IV. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993.

V. Congressional Review Act

As required by the Congressional Review Act (5 U.S.C. 801–808) before an interim or final rule takes effect, DoD will submit a copy of the interim or final rule with the form, Submission of Federal Rules under the Congressional Review Act, to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States. A major rule under the Congressional Review Act cannot take effect until 60 days after it is published in the **Federal Register**. The Office of Information and Regulatory Affairs has determined that this rule is not a major rule as defined by 5 U.S.C. 804.

VI. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule because this final rule does not constitute a significant DFARS revision within the meaning of FAR 1.501–1, and 41 U.S.C. 1707 does not require publication for public comment.

VII. Paperwork Reduction Act

This rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

Defense Federal Acquisition Regulation Supplement: Restriction on Acquisition of Personal Protective Equipment and Certain Items From Non-Allied Foreign Nations (DFARS Case 2022–D009)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is adopting as final, with changes, an interim rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement a section of the National Defense Authorization Act for Fiscal Year 2022 that restricts the acquisition of personal protective equipment and certain other items from the Democratic People’s Republic of North Korea, the People’s Republic of China, the Russian Federation, and the Islamic Republic of Iran.

DATES: Effective July 20, 2023.

FOR FURTHER INFORMATION CONTACT: Ms. Kimberly Bass, telephone 703–717–3446.

SUPPLEMENTARY INFORMATION:

I. Background

DoD published an interim rule in the **Federal Register** at 88 FR 6600 on January 31, 2023, to implement section 802 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2022 (Pub. L. 117–81) (10 U.S.C. 2533e) and section 881 of the NDAA for FY 2023 (Pub. L. 117–263). Section 802 adds the restriction to 10 U.S.C. 2533e (transferred to 10 U.S.C. 4875) that limits the acquisition of covered items (personal protective equipment and certain other items) from any of the following covered countries, subject to exceptions: the Democratic People’s Republic of North Korea, the People’s Republic of China, the Russian Federation, and the Islamic Republic of Iran.

There were no public comments submitted in response to the interim rule. Minor changes are made throughout the rule to remove references to section 802 of the NDAA for FY 2022. Those references are unnecessary, because section 802 has
