

§ 134.406 Review of the administrative record.

(a) Any proceeding conducted under § 134.401(a) through (d) shall be decided solely on a review of the written administrative record, except as provided in § 134.407 and in suspension appeals. For suspension appeals under § 134.401(e), see § 124.305(d).

(b) Except in suspension appeals, the Administrative Law Judge's review is limited to determining whether the Agency's determination is arbitrary, capricious, or contrary to law. * * *

(c) The administrative record must contain all documents that are relevant to the determination on appeal before the Administrative Law Judge and upon which the SBA decision-maker, and those SBA officials that either recommended for or against the decision, relied. * * * The petitioner may object to the absence of a document, previously submitted to, or sent by, SBA, which the petitioner believes was erroneously omitted from the administrative record. In the absence of any objection by the petitioner or a finding by the Judge pursuant to paragraph (e) of this section that the record is insufficiently complete to decide whether the determination was arbitrary, capricious, or contrary to law, the administrative record submitted by SBA shall be deemed complete.

(d) Where the Agency files its response to the appeal petition after the date specified in § 134.206, the Administrative Law Judge may decline to consider the response and base his or her decision solely on a review of the administrative record.

(e) The Administrative Law Judge may remand a case to the AA/8(a)BD (or, in the case of a denial of a request for waiver under § 124.515 of this title, to the Administrator) for further consideration if he or she determines that, due to the absence in the written administrative record of the reasons upon which the determination was based, the administrative record is insufficiently complete to decide whether the determination is arbitrary, capricious or contrary to law. In the event of such a remand, the Judge will not require the SBA to supplement the administrative record other than to supply the reason or reasons for the determination and any documents submitted to, or considered by, SBA in connection with any reconsideration permitted by regulation that occurs during the remand period. After such a remand, in the event the Judge finds that the reasons upon which the determination is based are absent from any supplemented record, the Judge will

find the SBA determination to be arbitrary, capricious, or contrary to law. The Administrative Law Judge may also remand a case to the AA/8(a)BD (or, in the case of a denial of a request for waiver under § 124.515 of this title, to the Administrator) for further consideration where it is clearly apparent from the record that SBA made an erroneous factual finding (e.g., SBA double counted an asset of an individual claiming disadvantaged status) or a mistake of law (e.g., SBA applied the wrong regulatory provision in evaluating the case). A remand under this section will be for a reasonable period.

§ 134.407 [Amended]

51. In § 134.407, paragraph (a), remove the word "The" at the beginning and replace it with the words "Except in suspension appeals, the."

§ 134.408 [Redesignated as § 134.409]

52. Redesignate existing § 134.408 as § 134.409.

53. Add a new § 134.408 as follows:

§ 134.408 Summary decision.

(a) *Generally.* In any appeal under this subpart D, either party may move or cross-move for summary decision, as provided in § 134.212 of this chapter.

(b) *Summary decision based on fewer than all grounds.* If SBA has provided multiple grounds for the 8(a) determination being appealed, SBA may move for summary decision on one or more grounds.

(1) *Non-suspension cases.* Except in suspension appeals, if the Judge finds that there is no genuine issue of material fact as to whether SBA acted arbitrarily, capriciously, or contrary to law as to any such ground or grounds, and that the SBA is entitled to a decision in its favor as a matter of law, the Judge will grant the motion for summary decision and dismiss the appeal.

(2) *Suspension cases.* In suspension appeals, if the Judge finds that there is no genuine issue of material fact as to whether adequate evidence exists that protection of the Federal Government's interest requires suspension, as to any such ground or grounds for the proposed suspension, the SBA is entitled to a decision in its favor as a matter of law, and the Judge will grant the motion for summary decision and dismiss the appeal.

§ 134.409 [Amended]

54. In redesignated § 134.409, paragraph (b), remove the second sentence.

Hector V. Barreto,
Administrator.

[Airspace Docket No. 02-ASO-4]

Proposed Establishment of Class D Airspace; Greenville Donaldson Center, SC, Proposed Amendment of Class E2 Airspace; Greer, Greenville-Spartanburg Airport, SC, and Proposed Amendment of Class E5 Airspace; Greenville, SC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to establish Class D airspace at Greenville Donaldson Center, SC, and amend Class E5 airspace at Greenville, SC. A Federal contract tower with a weather reporting system is being constructed at the Donaldson Center Airport. Therefore, the airport will meet the criteria for establishment of Class D Airspace. Class D surface area airspace is required when the control tower is open to contain existing Standard Instrument Approach Procedures (SIAPs) and other Instrument Flight Rules (IFR) operations at the airport. This action would establish Class D airspace extending upward from the surface to and including 2,500 feet MSL within a 4.2-mile radius of the Donaldson Center Airport. A regional evaluation has determined the existing Class E5 airspace area should be amended to contain the Nondirectional Radio Beacon (NDB) or Global Positioning System (GPS) Runway (RWY) 5 SIAP. As a result, additional controlled airspace extending upward from 700 feet Above Ground Level (AGL) southwest of Donaldson Center Airport is needed to contain the SIAP. This action would also make a technical amendment to the Class E2 airspace at Greer, Greenville-Spartanburg Airport, SC, and the Class E5 airspace description at Greenville, SC, by changing the name of the Greenville-Spartanburg Airport to the Greenville-Spartanburg International Airport.

DATES: Comments must be received on or before April 11, 2002.

ADDRESSES: Send comments on the proposal in triplicate to:

The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) to establish Class D airspace at Greenville Donaldson Center, SC, and amend Class E5 airspace at Greenville, SC. This proposal would also make a technical amendment to Class E2 airspace at Greer, Greenville-Spartanburg Airport, SC, and the Class E5 airspace description at Greenville, SC, by changing the name of the Greenville-Spartanburg Airport to the Greenville-Spartanburg International Airport. This name change was effective on October 31, 1995. Class D airspace designations for airspace areas extending upward from the surface of the earth and Class E airspace designations for airspace areas designated as surface areas and airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraphs 5000, 6002, and 6005 respectively, of FAA Order 7400.9J, dated August 31, 2001, and effective September 16, 2001, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9J, Airspace Designations and Reporting Points, dated August 31, 2001, and effective September 16, 2001, is amended as follows:
