Background: As indicated in the USTR's letter, as part of the Uruguay Round negotiations, the United States and 21 other countries agreed to eliminate duties on certain pharmaceutical products and chemical intermediates used primarily for the production of pharmaceuticals (pharmaceuticals zero-for-zero initiative) and to conduct periodic reviews to identify further products that could be covered by this duty elimination initiative. As a result of multilateral negotiations in the WTO in 1996, 1998, and 2006, the United States and other participants eliminated duties on additional pharmaceutical items. The USTR indicated that participants in the zero-for-zero initiative are conducting a fourth review to determine if products

can be added to the initiative. As part of the consultation and layover requirements in section 115 of the URAA relating to an action by the President to eliminate U.S. duties on additional pharmaceutical products and chemical intermediates, the President must obtain advice regarding the proposed action from the U.S. International Trade Commission.

The USTR asked the Commission to provide advice in the form of information on the pharmaceutical products and chemical intermediates proposed for addition to the pharmaceuticals zero-for-zero initiative as follows: (1) A summary description of the products currently covered under the initiative as set out in the Pharmaceutical Appendix to the U.S. Harmonized Tariff Schedule (Appendix) and those proposed to be added to that Appendix; (2) an explanation of the relationship between the various elements in the Appendix and the Harmonized Tariff Schedule of the United States; and (3) an estimate of current U.S. imports and, where possible, current U.S. exports of the products included in the current Pharmaceutical Appendix and the proposed additions to the Appendix, based on product groupings as necessary.

The Commission has posted a list of the proposed additions to the Pharmaceutical Appendix on its Web site at http://www.usitc.gov/research_and_analysis/ongoing/332_520_request_letter.pdf. The Commission expects to provide its report to the USTR by September 1, 2010.

Written Submissions: Interested parties are invited to file written submissions concerning this investigation. All written submissions should be addressed to the Secretary, and should be received not later than 5:15 p.m., July 14, 2010. All written submissions must conform with the provisions of section 201.8 of the *Commission's Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 requires that a signed original (or a copy so designated) and fourteen (14) copies of each document be filed. In the event that confidential treatment of a document is requested, at least four (4) additional copies must be filed, in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). The Commission's rules authorize filing submissions with the Secretary by facsimile or electronic means only to the extent permitted by section 201.8 of the rules (see Handbook

for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/documents/handbook_on_electronic_filing.pdf). Persons with questions regarding electronic filing should contact the Secretary (202-205-2000).

Any submissions that contain confidential business information must also conform with the requirements of section 201.6 of the Commission's *Rules of Practice and Procedure* (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information be clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties.

In his request letter, the USTR stated that he intends to make the Commission's report available to the public in its entirety, and asked that the Commission not include any confidential business information or national security classified information in the report that the Commission sends to the USTR. Any confidential business information received by the Commission in this investigation and used in preparing this report will not be published in a manner that would reveal the operations of the firm supplying the information.

By order of the Commission.

Issued: June 9, 2010.

Marilyn R. Abbott,

Secretary to the Commission.
