SUPPLEMENTARY INFORMATION:**I. Abstract**

The Department of Commerce is responsible for the Baldrige National Quality Program and the Malcolm Baldrige National Quality Award.

Directly associated with this Award is the Malcolm Baldrige Board of Examiners, an integral part of the National Quality Program. NIST, an agency of the Department's Technology Administration, manages the Baldrige Program. Applicants for the Malcolm Baldrige National Quality Award are required to perform two steps: (1) the applicant organization certifies that it meets eligibility requirements; and (2) the applicant organization prepares and completes an application form and the application process. The Malcolm Baldrige National Quality Award Program Office will assist with or offer advice on any questions or issues that the applicant may have concerning the eligibility process or in completing the self-certification forms. NIST will use the application package to assess and provide feedback on the applicant's quality and performance practices.

The application to be a member of the Malcolm Baldrige Board of Examiners is a one-step process. Each year the Award Program recruits highly skilled experts in the fields of manufacturing, service, small business, health care, and education, the five Award eligibility categories, to evaluate the applications that the Program receives. Examiners serve for a one-year term; participation on the board is entirely voluntary.

II. Method of Collection
