## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Health Care Financing Administration

#### 42 CFR Parts 413 and 419

[HCFA–1005–IFC]

RIN 0938–AI56

#### Medicare Program; Prospective Payment System for Hospital Outpatient Services: Revisions to Criteria to Define New or Innovative Medical Devices, Drugs, and Biologicals Eligible for Pass-Through Payments and Corrections to the Criteria for the Grandfather Provision for Certain Federally Qualified Health Centers

**AGENCY:** Health Care Financing Administration (HCFA), HHS.

**ACTION:** Interim final rule with comment period.

**SUMMARY:** This interim final rule with comment period changes one criterion and postpones the effective date for two other criteria that a new device, drug, or biological must meet in order for its cost to be considered “not insignificant” for purposes of determining its eligibility for transitional pass-through payments. It also changes the transitional pass-through payment policy to include new single use medical devices that come in contact with human tissue and that are surgically implanted or inserted in a patient whether or not the devices remain with the patient after the patient is released from the hospital outpatient department. These policies represent a departure from those presented in the April 7, 2000 **Federal Register** final rule with comment period entitled, “Prospective Payment System for Hospital Outpatient Services”.

This interim final rule with comment period also corrects a trigger date for grandfathering of provider-based Federally Qualified Health Centers (FQHCs) to conform with the intent not to disrupt existing FQHCs with longstanding provider-based treatment that we discussed in the April 2000
