#### Submission for OMB Review; Understanding Children's Transitions From Head Start to Kindergarten (New Collection)

**AGENCY:** Office of Planning, Research, and Evaluation; Administration for Children and Families; HHS.

**ACTION:** Request for public comment.

**SUMMARY:** The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) seeks approval to conduct semi-structured, qualitative interviews with Head Start staff (grantee administrators, managers/coordinators, center directors, teachers, staff), parents, affiliated community providers, and partner local education agency staff (administrators, elementary school principals, staff, and kindergarten

teachers) at six sites. A comparative case study design will explore varying strategies and approaches to supporting children's transitions from Head Start to kindergarten.

**DATES:** *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). #### SUPPLEMENTARY INFORMATION:

**Description:** The proposed case studies intend to study the transition strategies and approaches employed, across various levels, both within and across the Head Start (HS) and elementary school systems. The case studies focus on how relationships across systems support coordinated transition practices, which are hypothesized to lead to the most positive outcomes for children, families, and teachers. Qualitative data collection protocols will explore how the supports for and implementation of transition approaches vary amongst HS grantees/delegates, HS centers, elementary schools, and Local Education Agencies (LEAs) within the same communities, including contextual factors that support or hinder meaningful collaboration.

**Respondents:** Head Start administrators, Local Education Agency administrators, Head Start center directors, elementary school principals, Head Start teachers, kindergarten teachers, elementary school staff, Head Start managers & coordinators, Head Start parents/families (pre- and post-kindergarten transition), Community Service Providers.

**SUMMARY:** The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services is proposing to collect data on the challenges and unique opportunities of administering human services programs in rural contexts. Case studies

of 12 communities, in combination with analysis of administrative data and qualitative comparative analysis of the qualitative data, will provide ACF with a rich description of human services programs in rural contexts and provide ACF opportunities for strengthening human services programs' capacity to promote the economic and social wellbeing of individuals, families, and communities in rural contexts.

**DATES:** *Comments due within 60 days of publication.* In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

**ADDRESSES:** Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing [OPREinfocollection@acf.hhs.gov](mailto:OPREinfocollection@acf.hhs.gov). Alternatively, copies can also be obtained by writing to the Administration for Children and Families, Office of Planning, Research, and Evaluation, 330 C Street SW, Washington, DC 20201, Attn: OPRE Reports Clearance Officer. All requests, emailed or written, should be identified by the title of the information collection.

#### SUPPLEMENTARY INFORMATION:

**Description:** ACF proposes to conduct key informant interviews during site visits to 12 rural communities. While ACF intends to conduct on-site visits, if the current COVID-19 pandemic makes it too difficult to travel safely, we will conduct these interviews virtually. This study will involve four data collection instruments:

- *Site Visit Planning Template.* Each Project Director (or their designee) will complete a Site Visit Planning Template to assist the study team in scheduling site visit interviews.

- *Three Site Visit Discussion Guides.* To systematically capture data on challenges and unique opportunities, the study team will conduct interviews with (1) project directors and leaders from human services organizations, (2) staff from the human services and partner organizations, and (3) staff from nonprofit and partner organizations that support individuals who utilize human services.

**Respondents:** Human services project directors and leadership staff, human services program staff, and staff from nonprofit organizations and partners that provide support to individuals who utilize human services.
