

in areas without wire. The scope includes an all-plastic twist tie containing a plastic core as well as a plastic covering (the wing) over the core, just like paper and/or plastic in a metal tie. An all-plastic twist tie (without metal wire) would be of the same measurements as a twist tie containing one or more metal wires. Twist ties are commonly available individually in pre-cut lengths ("singles"), wound in large spools to be cut later by machine or hand, or in perforated sheets of spooled or single twist ties that are later slit by machine or by hand ("gangs").

The covering material of a twist tie may be paper (metallic or plain), or plastic, and can be dyed in a variety of colors with or without printing. A twist tie may have the same covering material on both sides or one side of paper and one side of plastic. When comprised of two sides of paper, the paper material is bound together with an adhesive or plastic. A twist tie may also have a tag or label attached to it or a pre-applied adhesive attached to it.

Excluded from the scope of the investigation are twist ties packaged with bags for sale together where the quantity of twist ties does not exceed twice the number of bags in each package. Also excluded are twist ties that constitute part of the packaging of the imported product, for example, merchandise anchored/secured to a backing with twist ties in the retail package or a bag of bread that is closed with a twist tie.

Twist ties are imported into the United States under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8309.90.0000 and 5609.00.3000. Subject merchandise may also enter under HTSUS subheadings 3920.51.5000, 3923.90.0080, 3926.90.9990, 4811.59.6000, 4821.10.2000, 4821.10.4000, 4821.90.2000, 4821.90.4000, and 4823.90.8600. These HTSUS subheadings are provided for reference only. The written description of the scope of the investigation is dispositive.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Minority Business Development Agency (MBDA) is the only federal agency created exclusively to foster the growth and global competitiveness of minority-owned businesses in the United States. For this purpose, a minority owned business must be owned or controlled by one of the

following persons or group of persons: African American, American Indian, Alaska Native, Asian, Hispanic, Native Hawaiian, Pacific Islander, Asian Indian, and Hasidic Jew. MBDA provides management and technical assistance to large, medium, and small minority business enterprises through a network of business centers throughout the United States.

Since 1983, every president has issued a Presidential Proclamation designating one week as National Minority Enterprise Development (MED) Week. MBDA recognizes the role that minority entrepreneurs play in building the Nation's economy by honoring businesses that are making a significant contribution through the creation of jobs, products and services, in addition to supporting their local communities. The National Minority Business Awards Program is a key element of MED Week and celebrates the outstanding achievements of minority entrepreneurs. MBDA may make awards in the following categories: Minority Construction Firm of the Year, Minority Export Firm of the Year, Minority Manufacturing Firm of the Year, Minority E-Commerce Firm of the Year, Minority Emerging Technologies and Industries Firm of the Year, Minority Health Products and Services Firm of the Year, Minority Marketing and Communications Firm of the Year, Firm of the Year, Minority Veteran-Owned Firm of the Year, and Robert J. Brown Minority Business Enterprise of the Year. In addition, MBDA may recognize trailblazers and champions through the Access to Capital Award, Advocate of the Year Award, Distinguished Supplier Diversity Award, Abe Venable Legacy Award for Lifetime Achievement, and Ronald H. Brown Leadership Awards. All awards will be presented at a ceremony during National MED Week. Nominations for these awards are open to the public. MBDA must collect two types of information: (a) Information identifying the nominee and nominator, and (b) information explaining why the nominee should be given the award. The information will be used to determine those applicants best meeting the preannounced evaluation criterion. Use of a nomination form standardizes and limits the information collected as part of the nomination process. This makes the competition fair and eases the burden on applicants and reviewers. Participation in the National Minority Business Awards competition is voluntary and the awards are strictly honorary.

II. Method of Collection

The MBDA uses several forms of data collection: by mail, hand delivery, fax, or electronic delivery when the MBDA staff presents questions to the MBDA Business Center clients.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Portsmouth Naval Shipyard Dry Dock 1 Modification and Expansion

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments on proposed incidental harassment authorization renewal.

SUMMARY: NMFS received a request from the U.S. Navy (Navy) for the renewal of their currently active incidental harassment authorization (IHA) to take marine mammals incidental to Portsmouth Naval Shipyard Dry Dock 1 modification and expansion in Kittery, Maine. These activities are nearly identical to those covered in the current authorization. The project has been delayed and a small portion of the activities covered in the initial IHA have not been completed. The Navy also proposes to drive an additional number of piles for which the installation methods are identical and pile types are nearly identical to those covered in the initial IHA. Pursuant to the Marine Mammal Protection Act, NMFS requested comments on both the proposed IHA and the potential for renewing the initial authorization if certain requirements were satisfied. The renewal requirements have been satisfied, and NMFS is now providing an additional 15-day comment period to allow for any additional comments on the proposed renewal not previously provided during the initial 30-day comment period.

DATES: Comments and information must be received no later than March 6, 2021.

ADDRESSES: Comments should be addressed to Jolie Harrison, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service. Written comments should be submitted via email to ITP.Esch@noaa.gov.

Instructions: NMFS is not responsible for comments sent by any other method, to any other address or individual, or received after the end of the comment period. Comments, including all attachments, must not exceed a 25-megabyte file size. Attachments to comments will be accepted in Microsoft Word or Excel or Adobe PDF file

SUPPLEMENTARY INFORMATION:

Background

The Marine Mammal Protection Act (MMPA) prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed incidental take authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least practicable adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stocks for taking for certain subsistence uses (referred to here as “mitigation measures”).
