Fourth Revised Sheet No. 541  
Fourth Revised Sheet No. 542

FGT states that on December 1, 1999, in Docket No. CP00-40-000, FGT filed for authorization to expand the capacity of its system in order to provide incremental firm transportation service pursuant to Rate Schedule FTS-2 (Phase V Certificate Application). Included as part of the Phase V Certificate Application were the Phase V shippers' FTS-2 service agreements. FGT further states that in its Preliminary Determination on Nonenvironmental Issues dated November 22, 2000 ("PD") the Commission noted that these service agreements contained certain variations from the FTS-2 Form of Service Agreement contained in FGT's Tariff. The PD directed FGT "to refile them so that they conform with the FTS-2 Form of Service Agreement in its tariff or to develop a generally applicable FTS-2 Form of Service Agreement to conform with the Phase V agreements." FGT states that the instant filing includes tariff modifications to its FTS-2 Form of Service Agreement to include expansion provisions which generally conform to the expansion-type service agreements filed with the Phase V Certificate Application, and to make the FTS-2 Form of Service Agreement adaptable for incremental service offered as a result of future capacity expansions by FGT.

FGT states that copies of the filing were mailed to all interested parties and state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with section 154.210 of the Commission's regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. RP02-167-000]

#### Florida Gas Transmission Company; Notice of Filing

March 5, 2002.

Take notice that on February 28, 2002, Florida Gas Transmission Company (FGT) tendered for filing service agreements for its Phase V Expansion. No tariff changes are proposed.

FGT states that pursuant to the Preliminary Determination on Nonenvironmental Issues issued by the Federal Energy Regulatory Commission (Commission) on November 22, 2000 in Docket Nos. CP00-40-000, *et al.*, which addressed all of the nonenvironmental issues in the Phase V Expansion, the Commission noted that the service agreements attached to the application did not track exactly the Rate Schedule FTS-2 Form of Service Agreement in the FGT FERC Gas Tariff. The Commission directed that FGT either change the form of service agreement in its tariff to conform to the service agreements in the Phase V Expansion or that FGT change the service agreements to conform to the tariff.

Accordingly, FGT states that it is filing the Phase V service agreements under Section 4 of the Natural Gas Act. In addition, FGT is filing concurrently, in a companion filing, to modify its standard Form of Service Agreement for Rate Schedule No. FTS-2 to incorporate various terms and conditions applicable to expansion projects.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed on or before March 12, 2002. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.
