Petition for Exemption

Docket No.: FAA–2021–0351.

Petitioner: Sikorsky Aircraft Corporation.

Section(s) of 14 CFR Affected: §§ 91.225(b) and 91.227(d)(18).

Description of Relief Sought: Sikorsky Aircraft Corporation (Sikorsky) seeks relief from §§ 91.225(b) and 91.227(d)(18) to conduct research and development, market survey, and customer training flights for two S–70i type aircraft (N8034M and N8048X) that are not type certified. Sikorsky operates these aircraft with a special airworthiness certificate under experimental category. The requested exemption will allow Sikorsky to operate in airspace that requires Automatic Dependent Surveillance–Broadcast (ADS–B) out equipment utilizing a system which enhances the

aircraft capabilities and increases situational awareness in the interest of public safety.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2021–0052]

Hours of Service (HOS) of Drivers; Application for Renewal of American Pyrotechnics Association Exemptions From the 14-Hour Rule and the Electronic Logging Device Rule During Independence Day Celebrations

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition; grant of exemptions.

SUMMARY: FMCSA announces its decision to grant, in part, the application of the American Pyrotechnics Association (APA) for renewal of exemptions from certain hours of service (HOS) regulations that expired on July 8, 2020. The request is being made on behalf of 60 APA member companies. The exemptions will allow drivers for these companies to exclude off-duty and sleeper berth time of any length from the calculation of the 14-hour limit and to use paper records of duty status (RODS) in lieu of electronic logging devices (ELD) during the 2021 Independence Day period. FMCSA has analyzed the application for exemptions and the public comments and has determined that the exemptions, subject to the terms and conditions imposed, will likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemptions.

DATES: These exemptions are effective June 28 through July 8, 2021.

Docket: For access to the docket to read background documents or comments, go to www.regulations.gov at any time or visit Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from certain Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period (up to 5 years) and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).
