

reporting of rejected orders. The Commission believes that this condition would allow the Commission to monitor the progress made towards meeting this CAT NMS Plan requirement prior to the expiration of the exemptive relief.

III. Conclusion

For the reasons discussed above, the Commission believes that granting temporary exemptive relief, pursuant to Section 36 of the Exchange Act, is appropriate in the public interest and consistent with the protection of investors, and that pursuant to Rule 608(e), granting temporary exemptive relief is consistent with the public interest, the protection of investors, the maintenance of fair and orderly markets and the removal of impediments to, and the perfection of a national market system.

Accordingly, *it is hereby ordered*, pursuant to Section 36(a)(1) of the Exchange Act,²⁰ and Rule 608(e) of the Exchange Act²¹ that the Participants are granted an exemption, from: (1) The requirement in Section 6.1 of Appendix D of the CAT NMS Plan that requires Participants to make lifecycle linkages of transaction data available by noon EST T+1, until July 31, 2023; (2) the requirement in Sections 3 and 6.2 of Appendix D of the CAT NMS Plan that the Participants process and assemble the complete lifecycle for corrected Reportable Events received by the Plan Processor made after T+5, until July 31, 2021; (3) the requirement in Section 6(b)(i) of the CAT NMS Plan that requires the Participants to ensure that information collected pursuant to paragraphs (c)(7) and (e)(7) of SEC Rule 613 shall be linked when made available to the Participant regulatory staff and the SEC, until July 31, 2023; (4) the requirement in Sections 6.3(d)(i)(F), (ii)(G), (iii)(F), (iv)(E) and 6.4(d)(i) of the CAT NMS Plan that the Participants report, and amend their Compliance Rules to require Industry Members report the Material Terms of an Order that are communicated in port-level settings or instructions, until July 31, 2023; (5) the requirement in Section 3, Appendix D of the CAT NMS Plan that the Participants create the lifecycle between customer orders to representative orders created in firm accounts for the purpose of facilitating a customer order, until July 31, 2023, and (6) the requirement in Section 6.3(d) of the CAT NMS Plan that requires Participants to report rejected

orders, until December 13, 2021, subject to the conditions described above.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90684; File No. SR-CboeBZX-2020-091]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To List and Trade Shares of the Invesco Focused Discovery Growth ETF and the Invesco Select Growth ETF, Each a Series of the Invesco Actively Managed Exchange-Traded Fund Trust, Under Rule 14.11(m) (Tracking Fund Shares)

December 16, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 14, 2020, Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade shares of the Invesco Focused Discovery Growth ETF and the Invesco Select Growth ETF pursuant to Rule 14.11(m), Tracking Fund Shares,³ which

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ As defined in Rule 14.11(m)(3)(A), the term “Tracking Fund Share” means a security that: (i) Represents an interest in an investment company (“Investment Company”) registered under the Investment Company Act of 1940 (the “1940 Act”) organized as an open-end management investment company, that invests in a portfolio of securities selected by the Investment Company’s investment adviser consistent with the Investment Company’s investment objectives and policies; (ii) is issued in a specified aggregate minimum number in return for a deposit of a specified Tracking Basket and/or a cash amount with a value equal to the next determined Net Asset Value (“NAV”); (iii) when aggregated in the same specified minimum number, may be redeemed at a holder’s request, which holder will be paid a specified Tracking Basket and/or a cash amount with a value equal to the next determined NAV; and (iv) the portfolio holdings for which are disclosed within at least 60 days following the end of every fiscal quarter.

are securities issued by an actively managed open-end management investment company.⁴ The Exchange is submitting this proposal as required by Rule 14.11(m)(2)(A), which provides that the Exchange must file separate proposals under Section 19(b) of the Act before listing and trading of a series of Tracking Fund Shares.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade shares of the Invesco Focused Discovery Growth ETF and the Invesco Select Growth ETF pursuant to Rule 14.11(m), Tracking Fund Shares,⁵ which are securities issued by an actively managed open-end management

⁴ Rule 14.11(m) was approved along with the listing and trading of three series of Tracking Fund Shares by the Commission on May 15, 2020. See Securities Exchange Act Release No. 88887 (May 15, 2020), 85 FR 30990 (May 21, 2020) (the “Tracking Fund Shares Approval Order”).

⁵ As defined in Rule 14.11(m)(3)(A), the term “Tracking Fund Share” means a security that: (i) Represents an interest in an investment company (“Investment Company”) registered under the Investment Company Act of 1940 (the “1940 Act”) organized as an open-end management investment company, that invests in a portfolio of securities selected by the Investment Company’s investment adviser consistent with the Investment Company’s investment objectives and policies; (ii) is issued in a specified aggregate minimum number in return for a deposit of a specified Tracking Basket and/or a cash amount with a value equal to the next determined Net Asset Value (“NAV”); (iii) when aggregated in the same specified minimum number, may be redeemed at a holder’s request, which holder will be paid a specified Tracking Basket and/or a cash amount with a value equal to the next determined NAV; and (iv) the portfolio holdings for which are disclosed within at least 60 days following the end of every fiscal quarter.

investment company.⁶ The Exchange is submitting this proposal as required by Rule 14.11(m)(2)(A), which provides that the Exchange must file separate proposals under Section 19(b) of the Act before listing and trading of a series of Tracking Fund Shares.

The Shares will be offered by the Trust, which was organized as a Delaware statutory trust on November 6, 2007. The Trust is registered with the Commission as an open-end investment company and has filed a registration statement on behalf of the Funds on Form N-1A with the Commission.⁷ Invesco Capital Management LLC (the “Adviser”) will be the investment adviser to the Funds. The Adviser is not registered as a broker-dealer, but is affiliated with broker-dealers. The Adviser represents that a fire wall exists and will be maintained between the respective personnel at the Adviser and affiliated broker-dealers with respect to access to information concerning the composition and/or changes to each Fund’s portfolio and Tracking Basket.⁸ Personnel who make decisions on a Fund’s portfolio composition and/or Tracking Basket or who have access to nonpublic information regarding the Fund Portfolio⁹ and/or the Tracking Basket or changes thereto are subject to procedures designed to prevent the use and dissemination of material non-

public information regarding such portfolio and/or Tracking Basket. The Funds’ sub-adviser, Invesco Advisers, Inc. (the “Sub-Adviser”), is not registered as a broker-dealer but is affiliated with broker-dealers. Sub-Adviser personnel who make decisions regarding a Fund’s Fund Portfolio and/or Tracking Basket or who have access to information regarding the Fund Portfolio and/or the Tracking Basket or changes thereto are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund’s portfolio and/or Tracking Basket. In the event that (a) the Adviser or a Sub-Adviser becomes registered as a broker-dealer or newly affiliated with a broker-dealer; or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes newly affiliated with a broker-dealer; it will implement and maintain a fire wall with respect to its relevant personnel or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the Fund Portfolio and/or Tracking Basket, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio and/or Tracking Basket. Any person or entity, including any service provider for the Funds, who has access to nonpublic information regarding a Fund Portfolio or Tracking Basket or changes thereto for a Fund or Funds will be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the applicable Fund Portfolio or Tracking Basket or changes thereto. Further, any such person or entity that is registered as a broker-dealer or affiliated with a broker-dealer, has erected and will maintain a “fire wall” between the person or entity and the broker-dealer with respect to access to information concerning the composition and/or changes to such Fund Portfolio or Tracking Basket. Each Fund intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

The Shares will conform to the initial and continued listing criteria under Rule 14.11(m) as well as all terms in the Exemptive Relief. The Exchange represents that, for initial and/or continued listing, each Fund will be in compliance with Rule 10A-3 under the Act.¹⁰ A minimum of 100,000 Shares of each Fund will be outstanding at the commencement of trading on the

Exchange. The Exchange will obtain a representation from the issuer of the Shares of each Fund that the NAV per share of each Fund will be calculated daily¹¹ and will be made available to all market participants at the same time. Each Fund’s investments will be consistent with its investment objective and will not be used to enhance leverage.

Invesco Focused Discovery Growth ETF

The Fund’s holdings will conform to the permissible investments as set forth in the Exemptive Relief and the holdings will be consistent with all requirements in the Exemptive Relief.¹² Any foreign common stocks held by the Fund will be traded on an exchange that is a member of the Intermarket Surveillance Group (“ISG”)¹³ or with which the Exchange has in place a comprehensive surveillance sharing agreement.

The Fund seeks capital appreciation as its investment objective. The Fund seeks to achieve its investment objective by investing primarily in exchange-traded common stocks of U.S. companies that the Sub-Adviser expects to have above average growth rates. The Fund seeks to invest in newer companies or in more established companies that are in the early growth phase of their business cycle, which is typically marked by above average growth rates. The Fund may invest in securities of issuers of all capitalization sizes; however, it will primarily hold securities of mid-capitalization issuers. In selecting investments for the Fund,

¹¹ The Exemptive Relief and Registration Statement provide that the Funds may calculate the NAV per Share more than once daily (e.g., at 12:00 p.m. ET and 4:00 p.m. ET), however, this proposal is not intended to allow the calculation of more than one NAV. The Exchange will submit and receive approval for a separate proposal prior to the Funds calculating the NAV per Share more than once daily.

¹² Pursuant to the Exemptive Relief, the Fund’s permissible investments include only the following instruments: ETFs, exchange-traded notes, exchange-traded common stocks, common stocks listed on a foreign exchange that trade on such exchange contemporaneously with the Shares (“foreign common stocks”), exchange-traded preferred stocks, exchange-traded American Depositary Receipts (“ADRs”), exchange-traded real estate investment trusts, exchange-traded commodity pools, exchange-traded metals trusts, exchange-traded currency trusts, and exchange-traded futures that trade contemporaneously with the Shares, as well as cash and cash equivalents. With the exception of foreign common stocks and cash and cash equivalents, all holdings of the Fund will be listed on a U.S. national securities exchange.

¹³ For a list of the current members of ISG, see www.isgportal.com. The Exchange notes that all components, except the cash and cash equivalent components, of the Funds may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

⁶ Rule 14.11(m) was approved along with the listing and trading of three series of Tracking Fund Shares by the Commission on May 15, 2020. See Securities Exchange Act Release No. 88887 (May 15, 2020), 85 FR 30990 (May 21, 2020) (the “Tracking Fund Shares Approval Order”).

⁷ The Trust is registered under the 1940 Act. On September 25, 2020, the Trust filed post-effective amendments to its registration statement on Form N-1A relating to each Fund (File No. 811-22148) (the “Registration Statement”). The descriptions of the Funds and the Shares contained herein are based, in part, on information included in the Registration Statement. The Commission has issued an order granting certain exemptive relief to the Trust (the “Exemptive Relief”) under the 1940 Act. See Investment Company Act of 1940 Release No. 34127 (December 2, 2020).

⁸ As defined in Rule 14.11(m)(3)(E), the term “Tracking Basket” means the identities and quantities of the securities and other assets included in a basket that is designed to closely track the daily performance of the Fund Portfolio, as provided in the exemptive relief under the 1940 Act applicable to a series of Tracking Fund Shares. Although the Exemptive Relief and Registration Statement utilize the term “Substitute Basket,” the function and purpose of the Substitute Basket is the same as contemplated by Rule 14.11(m)(3)(E) (i.e., the Substitute Basket is composed of securities and other assets included in a basket that is designed to closely track the daily performance of the Fund Portfolio). For ease of reference, the Substitute Basket is referred to as a Tracking Basket herein.

⁹ As defined in Rule 14.11(m)(3)(B), the term “Fund Portfolio” means the identities and quantities of the securities and other assets held by the Investment Company that will form the basis for the Investment Company’s calculation of net asset value at the end of the business day.

¹⁰ See 17 CFR 240.10A-3.

the Sub-Adviser looks for companies with high growth potential using a “bottom-up” stock selection process. The “bottom-up” approach focuses on fundamental analysis of individual issuers before considering the impact of overall economic, market or industry trends. This approach includes analysis of a company’s financial statements and management structure and consideration of the company’s operations, product development, and its industry position.

Invesco Select Growth ETF

The Fund’s holdings will conform to the permissible investments as set forth in the Exemptive Relief and the holdings will be consistent with all requirements in the Exemptive Relief.¹⁴ Any foreign common stocks held by the Fund will be traded on an exchange that is a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.¹⁵

The Fund seeks capital appreciation as its investment objective. The Fund seeks to achieve its investment objective by investing primarily in exchange-traded common stocks of U.S. companies that the Sub-Adviser believes have potential for earnings or revenue growth driven by long-term secular trends and themes. The Fund may invest in securities of issuers of all capitalization sizes; however, it will primarily hold securities of large and mid-capitalization issuers. The Fund usually will hold a relatively small number of stocks (approximately 20–30) and may invest more than 25% of its assets in a given sector.

Trading Halts

Rule 14.11(m)(4)(B)(iv) provides that (a) the Exchange may consider all relevant factors in exercising its discretion to halt trading in a series of Tracking Fund Shares. Trading may be halted because of market conditions or for reasons that, in the view of the

Exchange, make trading in the Shares inadvisable. These may include: (i) The extent to which trading is not occurring in the securities and/or the financial instruments composing the Tracking Basket or Fund Portfolio; or (ii) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present; and (b) if the Exchange becomes aware that one of the following is not being made available to all market participants at the same time: the net asset value, the Tracking Basket, or the Fund Portfolio with respect to a series of Tracking Fund Shares, then the Exchange will halt trading in such series until such time as the net asset value, the Tracking Basket, or the Fund Portfolio is available to all market participants, as applicable.

Trading Rules

The Exchange deems Tracking Fund Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange’s existing rules governing the trading of equity securities.¹⁶ As provided in Rule 14.11(m)(2)(C), the minimum price variation for quoting and entry of orders in securities traded on the Exchange is \$0.01. The Exchange has appropriate rules to facilitate trading in Tracking Fund Shares during all trading sessions.

Tracking Basket for the Proposed Funds

For the Funds, the Tracking Basket will include a significant percentage of the securities held in the Fund Portfolio, but will exclude certain securities held in the Fund Portfolio (or modify their weightings), such as those the Fund’s portfolio managers are actively looking to purchase or sell, or securities which, if disclosed, could increase the risk of front-running or free-riding. By design, the behavior of the Tracking Basket will be highly correlated with the behavior of a Fund Portfolio. A process developed by the Adviser will be used to optimize the Tracking Basket, which the Adviser expects will cause the performance of the Tracking Basket to closely track the performance of the Fund Portfolio. The Exchange notes that although the Tracking Basket methodology used by the Fund is not identical to the Tracking Basket methodology in a proposal to list and trade shares of Tracking Fund Shares that was previously approved by the

Commission,¹⁷ the substantive function of the Tracking Basket is the same. The Tracking Basket will only include securities in which the applicable Fund may itself invest. Intraday pricing information for all constituents of the Tracking Basket that are exchange-traded, which includes all eligible instruments except cash and cash equivalents, will be available on the exchanges on which they are traded and through subscription services. Intraday pricing information for cash equivalents will be available through subscription services and/or pricing services. The Exchange notes that each Fund’s NAV will form the basis for creations and redemptions for the Funds and creations and redemptions will work in a manner substantively identical to that of series of Managed Fund Shares. The Adviser expects that the Shares of the Funds will generally be created and redeemed in-kind, with limited exceptions. The names and quantities of the instruments that constitute the basket of securities for creations and redemptions will be the same as a Fund’s Tracking Basket, except to the extent purchases and redemptions are made entirely or in part on a cash basis. In the event that the value of the Tracking Basket is not the same as a Fund’s NAV, the creation and redemption baskets will consist of the securities included in the Tracking Basket plus or minus an amount of cash equal to the difference between the NAV and the value of the Tracking Basket, as further described below.

The Tracking Basket will be constructed utilizing a risk model, which includes a covariance matrix, based on an optimization process to minimize deviations in the return of the Tracking Basket relative to the Fund. The proprietary optimization process mathematically seeks to minimize key parameters that the Adviser believes are important to the effectiveness of the Tracking Basket as a hedge, including tracking error (standard deviation of return differentials between the Tracking Basket and the Fund) and creation/redemption transaction costs.¹⁸ In general, the optimization process attempts to keep the characteristics of the Tracking Basket in line with those of the Fund. Typically, the Tracking Basket is expected to be rebalanced on schedule with the public disclosure of the Fund’s holdings; however, a new optimized Tracking Basket may be generated as frequently as daily, and therefore, rebalancing may occur more frequently at the Adviser’s discretion. In

¹⁴ Pursuant to the Exemptive Relief, the Fund’s permissible investments include only the following instruments: ETFs, exchange-traded notes, exchange-traded common stocks, foreign common stocks, exchange-traded preferred stocks, ADRs, exchange-traded real estate investment trusts, exchange-traded commodity pools, exchange-traded metals trusts, exchange-traded currency trusts, and exchange-traded futures that trade contemporaneously with the Shares, as well as cash and cash equivalents. With the exception of foreign common stocks and cash and cash equivalents, all holdings of the Fund will be listed on a U.S. national securities exchange.

¹⁵ For a list of the current members of ISG, see www.isgportal.com. The Exchange notes that all components, except the cash and cash equivalent components, of the Funds may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

¹⁶ With respect to trading in Tracking Fund Shares, all of the BZX Member obligations relating to product description and prospectus delivery requirements will continue to apply in accordance with Exchange rules and federal securities laws, and the Exchange will continue to monitor its Members for compliance with such requirements.

¹⁷ See Tracking Fund Shares Approval Order.

¹⁸ Tracking error measures the deviations between the Tracking Basket and Fund.

determining whether to rebalance a new optimized Tracking Basket, the Adviser will consider various factors, including liquidity of the securities in the Tracking Basket, tracking error, and the cost to create and trade the Tracking Basket.¹⁹ For example, if the Adviser determines that a new Tracking Basket would reduce the variability of return differentials between the Tracking Basket and the Fund when balanced against the cost to trade the new Tracking Basket, rebalancing may be appropriate. The Adviser will periodically review the Tracking Basket parameters and Tracking Basket performance and process.

As noted above, each Fund will also disclose the entirety of its portfolio holdings, including the name, identifier, market value and weight of each security and instrument in the portfolio, at a minimum within at least 60 days following the end of every fiscal quarter. The Exchange notes that the concept of the Tracking Basket employed under this structure is designed to provide investors with the traditional benefits of ETFs while protecting the Funds from the potential for front running or free riding of portfolio transactions, which could adversely impact the performance of a Fund.

The Exchange believes that the particular instruments that may be included in each of the Fund's respective Fund Portfolio and Tracking Basket do not raise any concerns related to the Tracking Baskets being able to closely track the NAV of the Funds because such instruments include only instruments that trade on an exchange contemporaneously with the Shares.²⁰ In addition, each Fund's Tracking Basket will be optimized so that it reliably and consistently correlates to the performance of the Fund.

The Adviser anticipates that the returns between a Fund and its respective Tracking Basket will have a consistent relationship and that the deviation in the returns between a Fund

and its Tracking Basket will be sufficiently small such that the Tracking Basket will provide Authorized Participants, arbitrageurs, and certain other market participants (collectively, "Market Makers") with a reliable hedging vehicle that they can use to effectuate low-risk arbitrage trades in Fund Shares. The Exchange believes that the disclosures provided by the Funds will allow Market Makers to understand the relationship between the performance of a Fund and its Tracking Basket. Market Makers will be able to estimate the value of and hedge positions in a Fund's Shares, which the Exchange believes will facilitate the arbitrage process and help ensure that the Fund's Shares normally will trade at market prices close to their NAV. The Exchange also believes that competitive market making, where traders are looking to take advantage of differences in bid-ask spread, will aid in keeping spreads tight.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act²¹ in general and Section 6(b)(5) of the Act²² in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange notes that a significant amount of information about each Fund and its Fund Portfolio will be publicly available at all times. Each Fund will disclose the Tracking Basket, which is designed to closely track the daily performance of the Fund Portfolio, on a daily basis. Each Fund will at a minimum publicly disclose the entirety of its portfolio holdings, including the name, identifier, market value and weight of each security and instrument in the portfolio within at least 60 days following the end of every fiscal quarter in a manner consistent with normal disclosure requirements otherwise applicable to open-end investment companies registered under the 1940 Act. The website will include additional quantitative information updated on a daily basis, including, on a per Share basis for each Fund, the prior business day's NAV and the closing price or bid/ask price at the time of calculation of

such NAV, and a calculation of the premium or discount of the closing price or bid/ask price against such NAV. The website will also disclose the percentage weight overlap between the holdings of the Tracking Basket compared to the Fund holdings for the prior business day and any information regarding the bid/ask spread for each Fund as may be required for other ETFs under Rule 6c-11 under the 1940 Act, as amended. Price information for the exchange-listed instruments held by the Funds, including both U.S. and non-U.S. listed equity securities and U.S. exchange-listed futures will be available through major market data vendors or securities exchanges listing and trading such securities.

The Exchange represents that the Shares of the Funds will continue to comply with all other requirements applicable to Tracking Fund Shares, including the dissemination of key information such as the Tracking Basket, the Fund Portfolio, and NAV, suspension of trading or removal, trading halts, surveillance, minimum price variation for quoting and order entry, an information circular informing members of the special characteristics and risks associated with trading in the Shares, and firewalls as set forth in the Rules applicable to Tracking Fund Shares and the order approving such rules. Moreover, U.S.-listed equity securities held by the Funds will trade on markets that are a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. All statements and representations made in this filing regarding the description of the portfolio or reference assets, limitations on portfolio holdings or reference assets, dissemination and availability of reference asset (as applicable), or the applicability of Exchange listing rules specified in this filing shall constitute continued listing requirements for the Shares. The issuer has represented to the Exchange that it will advise the Exchange of any failure by a Fund or Shares to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will surveil for compliance with the continued listing requirements. FINRA conducts certain cross-market surveillances on behalf of the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement. If a Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures with

¹⁹ The Adviser uses a trading cost model to develop estimates of costs to trade a new Tracking Basket. There are essentially two elements to this cost: (1) The cost to purchase securities constituting the Tracking Basket, *i.e.*, the cost to put on the hedge for the Authorized Participant, and (2) the cost of any adjustments that need to be made to the composition of the Tracking Basket, *i.e.*, the cost to the Authorized Participant to change or maintain the hedge position. The inclusion of the trading cost model in the optimization process is intended to result in a Tracking Basket that is cost effective and liquid without compromising its tracking ability.

²⁰ The Exchange notes that to the extent that the Fund Portfolio or Tracking Basket include any foreign common stocks, such securities will be traded on an exchange that is a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

²¹ 15 U.S.C. 78f.

²² 15 U.S.C. 78f(b)(5).

respect to such Fund under Exchange Rule 14.12.

The Exchange believes that the proposal is designed to prevent fraudulent and manipulative acts and practices in that the Rules relating to listing and trading of Tracking Fund Shares provide specific initial and continued listing criteria required to be met by such securities.

Rules 14.11(m)(4)(B)(iii) and (iv) provide that the Exchange will consider the suspension of trading in and will commence delisting proceedings for a Fund pursuant to Rule 14.12 under any of the circumstances described above and that the Exchange may consider all relevant factors in exercising its discretion to halt trading in a series of Tracking Fund Shares. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable.

Additionally, the Exchange believes that the requirements related to information protection enumerated under Rule 14.11(m)(2)(F) will act as a strong safeguard against any misuse and improper dissemination of information related to a Fund Portfolio, the Tracking Basket, or changes thereto. The requirement that any person or entity, including a custodian, Reporting Authority, distributor, or administrator, who has access to nonpublic information regarding the Fund Portfolio or the Tracking Basket or changes thereto, must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the applicable Fund Portfolio or the Tracking Basket or changes thereto will act to prevent any individual or entity from sharing such information externally.

The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of the Shares on the Exchange during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws. Trading of the Shares through the Exchange will be subject to the Exchange's surveillance procedures for derivative products, including Tracking Fund Shares. If a Fund is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under Exchange Rule 14.12. In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees. Any foreign common stocks held by the Fund will be traded on an exchange that is a member of ISG or

with which the Exchange has in place a comprehensive surveillance sharing agreement. All futures contracts that the Funds may invest in will be traded on a U.S. futures exchange. The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares, underlying U.S. exchange-listed equity securities, and U.S. exchange-listed futures with other markets and other entities that are members of ISG, and the Exchange or FINRA, on behalf of the Exchange, or both, may obtain trading information regarding trading such instruments from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares, underlying equity securities, and U.S. exchange-listed futures from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

As provided in Rule 14.11(m)(2)(D), the Adviser will upon request make available to the Exchange and/or FINRA, on behalf of the Exchange, the daily Fund Portfolio of each Fund. The Exchange believes that the ability to access the information on an as needed basis will provide it with sufficient information to perform the necessary regulatory functions associated with listing and trading the Shares on the Exchange, including the ability to monitor compliance with the initial and continued listing requirements as well as the ability to surveil for manipulation of the Shares.

In addition, Form N-PORT requires reporting of a fund's complete portfolio holdings on a position-by-position basis on a quarterly basis within 60 days after fiscal quarter end. Investors can obtain a fund's Statement of Additional Information, its Shareholder Reports, its Form N-CSR, filed twice a year, and its Form N-CEN, filed annually. A fund's SAI and Shareholder Reports are available free upon request from the Investment Company, and those documents and the Form N-PORT, Form N-CSR, and Form N-CEN may be viewed on-screen or downloaded from the Commission's website at www.sec.gov. The Exchange also notes that the Exemptive Relief provides that the Funds will comply with Regulation Fair Disclosure, which prohibits selective disclosure of any material non-public information, which otherwise do not apply to issuers of Tracking Fund Shares.

Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers'

computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via the CTA high-speed line. The Exchange deems Tracking Fund Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. As provided in Rule 14.11(m)(2)(C), the minimum price variation for quoting and entry of orders in securities traded on the Exchange is \$0.01.

For the above reasons, the Exchange believes that the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. Rather, the Exchange notes that the proposed rule change will facilitate the listing of several new series of actively-managed exchange-traded product, thus enhancing competition among both market participants and listing venues, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²³ and Rule 19b-4(f)(6) thereunder.²⁴

²³ 15 U.S.C. 78s(b)(3)(A).

²⁴ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing

A proposed rule change filed under Rule 19b-4(f)(6)²⁵ normally does not become operative for 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²⁶ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. The proposed rule change is substantially similar to other Tracking Fund Shares the Commission previously approved²⁷ and does not raise any novel regulatory issues. Accordingly, the Commission waives the 30-day operative delay and designates the proposal operative upon filing.²⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 10905; Release No. 90693]

Order Approving Public Company Accounting Oversight Board Budget and Annual Accounting Support Fee for Calendar Year 2021

December 16, 2020.

The Sarbanes-Oxley Act of 2002, as amended (the "Sarbanes-Oxley Act"),¹ established the Public Company Accounting Oversight Board ("PCAOB") to oversee the audits of companies that are subject to the securities laws, and related matters, in order to protect the interests of investors and further the public interest in the preparation of informative, accurate, and independent audit reports. Section 982 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act")² amended the Sarbanes-Oxley Act to provide the PCAOB with explicit authority to oversee auditors of broker-dealers registered with the Securities and Exchange Commission (the "Commission"). The PCAOB is to accomplish these goals through the registration of public accounting firms, standard setting, inspections, and investigation and disciplinary programs. The PCAOB is subject to the comprehensive oversight of the Commission.

Section 109 of the Sarbanes-Oxley Act provides that the PCAOB shall establish a reasonable annual accounting support fee, as may be necessary or appropriate to establish and maintain the PCAOB. Under Section 109(f) of the Sarbanes-Oxley Act, the aggregate annual accounting support fee shall not exceed the PCAOB's aggregate "recoverable budget expenses," which may include operating, capital, and accrued items. The PCAOB's annual budget and accounting support fee are subject to approval by the Commission. In addition, the PCAOB must allocate the annual accounting support fee among issuers and among brokers and dealers.

Section 109(b) of the Sarbanes-Oxley Act directs the PCAOB to establish a budget for each fiscal year in accordance with the PCAOB's internal procedures, subject to approval by the Commission. Rule 190 of Regulation P (the "budget rule") governs the Commission's review and approval of PCAOB budgets and annual accounting support fees.³ The budget rule provides, among other things, a timetable for the preparation and submission of the PCAOB budget
