Conocophillips Company, Trainer Refinery, Trainer, PA; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated March 26, 2012, the United Steel Workers Union requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of ConocoPhillips Company, Trainer Refinery, Trainer, Pennsylvania (subject firm). The determination was issued on February 7, 2012. The Notice of determination was published in the **Federal Register** on February 28, 2012 (77 FR 12084).

The initial investigation resulted in a negative determination based on the findings that there was no increase in imports by the workers' firm or its customer, nor was there a shift in production to a foreign country or acquisition of production from a foreign country by the workers' firm. In addition, U.S. aggregate imports of like or directly competitive articles did not increase during the relevant period.

The request for reconsideration alleges that worker separations at the subject firm are related to increased imports of refined petroleum products like or directly competitive with those produced by the subject firm, and that, while the initial investigation revealed that U.S. aggregate imports of refined petroleum products decreased during the relevant period, the Department did not compare domestic production to U.S. imports.

The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to

determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 30th day of April 2012.

Del Min Amy Chen,

Certifying Officer, Office of Trade Adjustment Assistance.

Sunoco, Inc., R&M Refining Division, Marcus Hook, PA; Sunoco, Inc., 10 Industrial Hwy, MS4 Building G, Lester, PA; Notice of Affirmative Determination Regarding Application for Reconsideration

By application dated March 26, 2012, the United Steel Workers Union requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Sunoco, Inc., Refining Division, Marcus Hook, Pennsylvania (TA-W-81,145), and Sunoco, Inc., Lester, Pennsylvania (TA-W-81,145A). The determination was issued on February 7, 2012, and the Department's Notice of Determination was published in the **Federal Register** on February 28, 2012 (77 FR 12084).

The initial investigation resulted in a negative determination based on the findings that there was no increase in imports by the workers' firm or its customer, nor was there a shift in production to a foreign country or acquisition of production from a foreign country by the workers' firm. In addition, U.S. aggregate imports of like or directly competitive articles did not increase during the relevant period.

The request for reconsideration alleges that the worker separations at the subject facilities are related to increased imports of refined petroleum products like or directly competitive with those produced by the subject firm, and that, while the initial investigation revealed that U.S. aggregate imports of refined petroleum products decreased

during the relevant period, the Department did not compare domestic production to U.S. imports. The Department has carefully reviewed the request for reconsideration and the existing record, and has determined that the Department will conduct further investigation to determine if the workers meet the eligibility requirements of the Trade Act of 1974, as amended.

Chicopee Inc., a Subsidiary of Polymer Group, Inc., Including On-Site Leased Workers From Manpower Staffing, North Little Rock, AR; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended ("Act"), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on January 6, 2012, applicable to workers and former workers of Chicopee, Inc., a subsidiary of Polymer Group, Inc., including on-site leased workers from Manpower Staffing, North Little Rock, Arkansas (subject firm). The Notice of determination was published in the **Federal Register** on February 16, 2010 (75 FR 7036). The workers are engaged

in employment related to the production of non-woven roll goods.

On March 19, 2012, the State of Arkansas filed a petition on behalf of maintenance workers at the subject firm (TA-W-81,428). During the investigation of TA-W-81,428, the Department determined that there was a causal nexus between subject firm's closure and the workers' separations and that, therefore, worker separations through March 1, 2012 are attributable to conditions specified in the Trade Act of 1974, as amended. The Department has also determined that, given the particular facts presented, it is appropriate to amend this certification to include workers who, due to the subject firm's compliance of federal regulations, were separated after January 6, 2012.

The Department's decision in this case is limited to the precise circumstances of this specific case and should not be considered as any indication of how the Department would proceed in other cases or in other subsequent rulemaking on this subject.

The amended notice applicable to TA-W-71,897 is hereby issued as follows:

All workers from Chicopee, Inc., a subsidiary of Polymer Group, Inc., including on-site leased workers from Manpower Staffing, North Little Rock, Arkansas, who became totally or partially separated from employment on or after July 31, 2008, through March 1, 2012, and all workers in the group threatened with total or partial separation from employment on January 6, 2010 through March 1, 2012, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed in Washington, DC, this 30th day of April 2012.
