

ASO FL E4 Leesburg, FL [Amended]

Leesburg International Airport, FL
(Lat. 28°49'23" N., long. 81°48'31" W.)
Leesburg NDB
(Lat. 28°49'06" N., long. 81°48'26" W.)

That airspace extending upward from the surface within 2.4 miles each side of the Leesburg NDB 111° bearing, extending from the 4.1-mile radius to 7 miles southeast of the NDB. This class E4 airspace area is effective during the specific days and times established in advance by a Notice to Airmen. The effective days and times will thereafter be continuously published in the Airport/Facility Directory.

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ASO FL E5 Leesburg, FL [Amended]

Leesburg International Airport, FL
(Lat. 28°49'23" N., long. 81°48'31" Prime;
W.)
Leesburg NDB
(Lat. 28°49'06" N., long. 81°48'26" W.)

That airspace extending upward from 700 feet above the surface within a 6.6-mile radius of Leesburg International Airport, and within 4 miles southwest and 8 miles northeast of the 111° bearing from the Leesburg NDB extending from the 6.6-mile radius to 16 miles southeast of the airport.

Issued in College Park, Georgia, on May 29, 2012.

Michael D. Wagner,

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2012-0240; Airspace
Docket No. 12-ASO-15]

**Amendment of Class E Airspace;
Tallahassee, FL**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E Airspace in the Tallahassee, FL area. Tallahassee Commercial Airport has been abandoned and controlled airspace is no longer needed. Airspace reconfiguration is necessary for the continued safety and management of instrument flight rules (IFR) operations within the Tallahassee, FL airspace area. **DATES:** Effective 0901 UTC, July 26, 2012. The Director of the Federal Register approves this incorporation by

reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:**History**

On April 10, 2012, the FAA published in the **Federal Register** a notice of proposed rulemaking to amend Class E airspace in the Tallahassee, FL area (77 FR 21508). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9V dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E airspace extending upward from 700 feet above the surface in the Tallahassee, FL area. Tallahassee Commercial Airport has been abandoned and controlled airspace serving the airport removed. Airspace reconfiguration is necessary for the continued safety and management of IFR operations within the Tallahassee, FL, airspace area.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial

number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace in the Tallahassee, FL area.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, effective September 15, 2011, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ASO FL E5 Tallahassee, FL [Amended]

Tallahassee Regional Airport
(Lat. 30°23'48" N., long. 84°21'02" W.)
Quincy Municipal Airport
(Lat. 30°35'53" N., long. 84°33'27" W.)

That airspace extending upward from 700 feet above the surface within a 10-mile radius of the Tallahassee Regional Airport and within a 6.3-mile radius of Quincy Municipal Airport.

Issued in College Park, Georgia, on May 30, 2012.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2011-0503; Airspace
Docket No. 11-ASO-19]

Amendment of Class E Airspace; Orlando, FL

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class E Airspace at Orlando, FL, as new Standard Instrument Approach Procedures have been developed at Orlando Executive Airport. This action enhances the safety and airspace management of Instrument Flight Rules (IFR) operations within the National Airspace System. This action also makes a minor adjustment to the geographic coordinates of Orlando Executive Airport, Orlando International Airport, and Kissimmee Municipal Airport.

DATES: Effective 0901 UTC, July 26, 2012. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:

History

On March 22, 2012, the FAA published in the **Federal Register** a notice of proposed rulemaking to amend Class E airspace at Orlando, FL (77 FR 16783). Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Subsequent to publication, the FAA found that the geographic coordinates for the 3 airports under this designation needed to be adjusted. This action makes that adjustment. Class E airspace

designations are published in paragraphs 6005 of FAA Order 7400.9V dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 amends Class E surface area airspace and Class E airspace extending upward from 700 feet above the surface at Orlando, FL, to provide the controlled airspace required to accommodate the new Area Navigation Global Positioning System, Standard Instrument Approach Procedures developed for Orlando Executive Airport. This action is necessary for the safety and management of IFR operations at the airport. This action also adjusts the geographic coordinates of Orlando Executive Airport, Orlando International Airport, and Kissimmee Municipal Airport to be in concert with the FAA's aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation

is within the scope of that authority as it amends controlled airspace at Orlando Executive Airport, Orlando, FL.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, effective September 15, 2011, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ASO FL E5 Orlando, FL [Amended]

Orlando Executive Airport, FL
(Lat. 28°32'44" N., long. 81°19'59" W.)
Orlando VORTAC
(Lat. 28°32'34" N., long. 81°20'06" W.)
Orlando International Airport
(Lat. 28°25'46" N., long. 81°18'32" W.)
Kissimmee Municipal Airport
(Lat. 28°17'23" N., long. 81°26'14" W.)

That airspace extending upward from 700 feet above the surface within a 7-mile radius of Orlando Executive Airport, and within 3.1-miles each side of Orlando VORTAC 067° radial extending from the 7-mile radius to 9.5-miles northeast of the VORTAC, and within a 7-mile radius of Orlando International Airport, and within 3 miles each side of Orlando VORTAC 176° radial extending from the 7-mile radius to 19 miles
