### Oil and Gas Leasing; Geothermal Resources Leasing; Coal Management; Management of Solid Minerals Other Than Coal; Mineral Materials Disposal; and Mining Claims Under the General Mining Laws

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Proposed rule; notice of extension of public comment period.

**SUMMARY:** The Bureau of Land Management (BLM) is extending the public comment period on a Notice of Proposed Rule, published in the **Federal Register** on December 15, 2000 (65 FR 78440). The proposed rule would amend BLM mineral resources regulations to increase fees and to impose new fees to cover BLM's costs of processing certain documents relating to its minerals programs. The primary purpose of this rule is to charge those who benefit from these minerals programs, rather than the general public, the costs of BLM minerals documents processing. In response to public requests for additional time, BLM had extended the comment period 60 days from the original comment period

closing date of February 13, 2001, to the extended comment period's closing date of April 16, 2001. BLM is now extending the comment period by an additional 75 days to a closing date of July 2, 2001, so all segments of the affected public have enough time to respond to the proposed rule. BLM is especially interested in receiving comments related to the impact of recovering these processing costs, particularly those assessed on a case-by-case basis, on small, independent oil, gas, and minerals operations. We encourage comments and suggestions on possible mechanisms to control administrative costs and reduce the uncertainty of processing costs.

**DATES:** Send your comments to BLM on or before July 2, 2001, to assure BLM will consider them in preparing the final rule.

**ADDRESSES:** Send your comments to the Bureau of Land Management, Administrative Record, Room 401 LS, 1849 C Street, NW., Washington, DC 20240, or hand deliver comments to the Bureau of Land Management Administrative Record, Room 401, 1620 L Street, NW., Washington, DC. For information about filing comments electronically, see the **SUPPLEMENTARY INFORMATION** section under "Electronic access and filing address."

**FOR FURTHER INFORMATION CONTACT:** For questions about fluid minerals (oil, gas, geothermal resources) call Kermit Witherbee at (202) 452-0335. For questions about solid minerals, including coal, Durga Rimal at (202) 452-0372.
