

certification requirements for airports serving scheduled air carrier operations in aircraft with 10–30 seats. The changes to 14 CFR Part 139 resulted in additional information collections from respondents.

DATES: Written comments should be submitted by July 11, 2011.

FOR FURTHER INFORMATION CONTACT: Carla Scott on (202) 385–4293, or by e-mail at: Carla.Scott@faa.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 2120–0675.

Title: Certification of Airports, 14 CFR part 139.

Form Numbers: FAA Form 5280–1.

Type of Review: Renewal of an information collection.

Background: Information collection requirements contained in the final rule is used by the FAA to determine an airport operator's compliance with part 139 safety and operational requirements, and to assist airport personnel to perform duties required under the proposed regulation.

Respondents: Approximately 600 airport operators.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 22 hours.

Estimated Total Annual Burden: 52,993 hours.

ADDRESSES: Send comments to the FAA at the following address: Ms. Carla Scott, Room 336, Federal Aviation Administration, AES–300, 950 L'Enfant Plaza, SW., Washington, DC 20024.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Issued in Washington, DC, on May 5, 2011.

Carla Scott,

FAA Information Collection Clearance Officer, IT Enterprises Business Services Division, AES–300.

Federal Aviation Administration

Notice of Availability of a Draft Environmental Assessment for a Proposed Airport Traffic Control Tower and Base Building, University of Illinois Willard Airport, Savoy, IL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Availability of a Draft Environmental Assessment for a Proposed Airport Traffic Control Tower and Base Building, University of Illinois Willard Airport, Savoy, Illinois.

SUMMARY: The Federal Aviation Administration (FAA) proposes to fund, construct, and operate a new Airport Traffic Control Tower (ATCT) and Base Building at the University of Illinois Willard Airport (CMI), Savoy, Illinois. The FAA's preferred alternative is to construct the ATCT at a location on the east central portion of CMI. The purpose and need of the proposed project is to enhance visibility and improve safety of airport movement areas, have the capability to meet existing and future operational and administrative expansion requirements, and improve operational efficiency of the facility because the current ATCT facility is a non-standard design of insufficient height and size.

The FAA has prepared a Draft Environmental Assessment (DEA) in conformance with the requirements of the National Environmental Policy Act of 1969 (NEPA) and FAA Order 1050.1E, *Environmental Impacts: Policies and Procedures*. The DEA analyzes the potential environmental impacts that may result from construction and operation of the proposed new ATCT and Base Building at the proposed site, as well as the no action alternative (i.e., not constructing and operating the new ATCT). As part of the proposed project, the DEA also analyzes the potential environmental impacts that may result from replacement and operation of an instrument landing system antenna; and the upgrade and operation of a Very High Frequency Omnidirectional Range with Tactical Air Navigation (VORTAC) facility. The DEA is available for public review during a 30-day public comment period at the following libraries: Champaign Public Library, 200 W Green St., Champaign, IL 61820; Tolono Public Library, 111 E. Main, Tolono, IL 61880.

ADDRESSES: The FAA will accept written comments on the DEA until close of business on June 22, 2011. Comments on the DEA may be sent to:

Ms. Virginia Marcks, FAA, AJW–C14D, 2300 East Devon Ave., Des Plaines, IL 60018, fax 847–294–7698, e-mail virginia.marcks@faa.gov. Copies of the Draft EA on compact disk may be obtained by contacting Ms. Virginia Marcks. Comments received on the DEA during the public comment period will be addressed in the Final Environmental Assessment.

FOR FURTHER INFORMATION CONTACT: Ms. Virginia Marcks, Manager, Infrastructure Engineering Center, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois 60018. Telephone number: 847–294–7494. E-mail: virginia.marcks@faa.gov.

Issued in Des Plaines, Illinois, May 6, 2011.

Virginia Marcks,

Manager, Infrastructure Engineering Center, Chicago, AJW–C14D, Central Service Area.

RTCA Program Management Committee

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of RTCA Program Management Committee meeting.

SUMMARY: The FAA is issuing this notice to advise the public of a meeting of the RTCA Program Management Committee.

DATES: The meeting will be held May 26, 2011 from 12 p.m. to 1 p.m.

ADDRESSES: The meeting will be held at RTCA, Inc., 1828 L Street, NW., Suite 805, Colson Board Room, Washington, DC 20036.

FOR FURTHER INFORMATION CONTACT: RTCA Secretariat, 1828 L Street, NW., Suite 850, Washington, DC 20036; telephone (202) 833–9339; fax (202) 833–9434; Web site <http://www.rtca.org>.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., Appendix 2), notice is hereby given for a RTCA Program Management Committee meeting. The agenda will include:

- Opening Plenary (Welcome And Introductions).
- Review/Approve Summary of March 17, 2011 PMC meeting, RTCA Paper No. 085–11/PMC–889.
- Publication Consideration/Approval.
- Final Draft, Report—Assessment of the LightSquared Ancillary Terrestrial Component Radio Frequency Interference Impact on GNSS L1 Band
