

the proposed amendments, giving rise to the information collection. The information collection is necessary to ensure QFC contracts are amended in compliance with the rule. The FDIC's rule applies to FDIC-supervised institutions that are subsidiaries of GSIBs and sets forth requirements parallel to those contained in similar rules recently published by the FRB and the OCC with regard to entities they supervise to ensure consistent regulatory treatment of QFCs among the various entities within a GSIB group. All institutions that were covered FSI on January 1, 2018 were required to comply with the QFC stay rule by January 1, 2020. That means that, except for the three possible exceptions described below, all required paperwork revisions that are required to be completed by the covered entities to comply with the rule should have been completed by January 1, 2020. Consequently, for the purpose of 2021 and future PRA analysis, the FDIC does not expect any on-occasion paperwork burden associated with the rule. The three exceptions to the foregoing statement are: (i) Under the QFC stay rule, a covered FSI is not required to bring QFCs with a counterparty that were entered into prior to January 1, 2019 into compliance unless the covered FSI or any affiliate of the covered FSI becomes party to a QFC with the same counterparty or a consolidated affiliate of that party on or after January 1, 2019 (subject to special rules relating to institutions that become covered FSIs after January 1, 2018); (ii) entities that become covered entities after January 1 2018 have extended compliance periods (which can extend the date for compliance to the date that is the first day of the calendar quarter immediately following one year, 18 months or two years (depending on the type of counterparty) from the date the entity first became a covered entity); and (iii) a covered FSI might enter into a QFC with a counterparty that is not yet covered by documentation that complies with the rule. Moreover, because the market practices and conventions relating to derivatives, repo, SFT and other QFC products have evolved to include the stay provisions in the documentation used by market participants, FDIC estimates that any legal documentation review will be addressed as a part of the normal business on-boarding or maintenance of the business relations. However, FDIC recognizes that there is a possibility of a new entrant or a new product that can fall under the scope of the subject rule and, consequently, provides for a

possibility of one or more respondents that can be impacted by the rule.

As noted above, the industry undertook major initiatives to achieve streamlining and straight-through processing for both on-boarding and maintenance of the QFC records over the last years. Consequently, in case a new entrant/product will be scoped-in by the subject rule to impose the paperwork burden, FDIC estimates that such burden will be less than half of the burden estimated in 2018 thanks to the automation and standardization of business processes. Accordingly, the time per response has been revised to 20 hours from the 40 hours previously estimated.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Federal Deposit Insurance Corporation.

Dated at Washington, DC, on April 22, 2021.

James P. Sheesley,

Assistant Executive Secretary.

FEDERAL MARITIME COMMISSION

Notice of Agreements Filed

The Commission hereby gives notice of the filing of the following agreements under the Shipping Act of 1984. Interested parties may submit comments, relevant information, or documents regarding the agreements to the Secretary by email at Secretary@fmc.gov, or by mail, Federal Maritime Commission, Washington, DC 20573. Comments will be most helpful to the Commission if received within 12 days of the date this notice appears in the **Federal Register**. Copies of agreements are available through the Commission's website (www.fmc.gov) or by contacting the Office of Agreements at (202)-523-5793 or tradeanalysis@fmc.gov.

Agreement No.: 011982-004.

Agreement Name: Evergreen Line Joint Service Agreement.

Parties: Evergreen Marine Corp. (Taiwan) Ltd.; Evergreen Marine (UK) Ltd.; Evergreen Marine (Hong Kong) Ltd.; Italia Marittima S.P.A.; Evergreen Marine (Singapore) Pte. Ltd.; and Evergreen Marine (Asia) Pte. Ltd.

Synopsis: The amendment adds a new party to the Agreement and makes updates to addresses for existing parties.

Proposed Effective Date: 5/31/2021.

Location: <https://www2.fmc.gov/FMC/Agreements.Web/Public/AgreementHistory/466>.

Dated: April 23, 2021.

Rachel E. Dickon,
Secretary.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10326 and CMS-10340]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden. April 28, 2021.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by May 28, 2021.

ADDRESSES: Written comments and recommendations for the proposed

information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of the following:

1. Access CMS' website address at website address at: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html>.

FOR FURTHER INFORMATION CONTACT:

William Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Reinstatement without change of a currently approved collection; *Title of Information Collection:* Electronic Submission of Medicare Graduate Medical Education (GME) Affiliation Agreements; *Use:* Existing regulations at § 413.75(b) permit hospitals that share residents to elect to form a Medicare GME affiliated group if they are in the same or contiguous urban or rural areas, if they are under common ownership, or if they are jointly listed as program sponsors or major participating institutions in the same program by the accrediting agency. The purpose of a Medicare GME affiliated group is to provide flexibility to hospitals in structuring rotations under an aggregate full time equivalent (FTE) resident cap when they share residents. The existing

regulations at § 413.79(f)(1) specify that each hospital in a Medicare GME affiliated group must submit a Medicare GME affiliation agreement (as defined under § 413.75(b)) to the Medicare Administrative Contractor (MAC) servicing the hospital and send a copy to the Centers for Medicare and Medicaid Services' (CMS) Central Office, no later than July 1 of the residency program year during which the Medicare GME affiliation agreement will be in effect.

CMS will use the information contained in electronic affiliation agreements as documentation of the existence of Medicare GME affiliations, and to verify that the affiliations being formed by teaching hospitals for the purposes of sharing their Medicare GME FTE cap slots are valid according to CMS regulations. CMS will also use these affiliation agreements as reference materials when potential issues involving specific affiliations arise. While we have used hard copies of affiliation agreements for those same purposes in the past, we implemented this electronic submission process in order to expedite and ease the process of retrieving, analyzing and evaluating affiliation agreements. *Form Number:* CMS-10326 (OMB control number: 0938-1111); *Frequency:* Annually; *Affected Public:* Private Sector, Business or other for profits, Not for profit institutions; *Number of Respondents:* 125; *Total Annual Responses:* 125; *Total Annual Hours:* 166. (For policy questions regarding this collection contact Shevi Marciano at 410-786-2874.)

2. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Collection of Encounter Data from MA Organizations *Use:* Section 1853(a)(3)(B) of the Act directs CMS to require MA organizations and eligible organizations with risk-sharing contracts under 1876 to "submit data regarding inpatient hospital services . . . and data regarding other services and other information as the Secretary deems necessary" in order to implement a methodology for "risk adjusting" payments made to MA organizations and other entities. Risk adjustments to enrollee monthly payments are made in order to take into account "variations in per capita costs based on [the] health status" of the Medicare beneficiaries enrolled in an MA plan.

CMS collects encounter data for beneficiaries enrolled in MA organizations, section 1876 Cost Health Maintenance Organizations (HMOs)/Competitive Medical Plans (CMPs),
