SUPPLEMENTARY INFORMATION:

I. Background

Data on the WOTC and the WtWTC Tax Credits will be collected by the state

workforce agencies (SWAs) and provided to the Division of Employment Services, Office of Workforce Investment, Washington, DC, through the appropriate Department of Labor (DOL) regional offices via quarterly management reports. The data obtained from the administrative or processing forms will be used for WOTC and WtWTC national office program performance management and outcome reporting.

II. Desired Focus of Comments

Currently, ETA is soliciting comments concerning the proposed extension (without change) of the WOTC Program and the WtWTC electronic reporting forms ETA 9057–9059; administrative forms ETA 9061–9065; and the following program related documents: November 2002, Third Edition of ETA Handbook No. 408; Planning Guidance TEGL for the Work Opportunity Tax Credit Program and Welfare-to-Work Tax Credit Allotments for Fiscal Year (FY) 2004; and the Technical Assistance and Review Guide.

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond by including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed above in the addressee section of this notice.

III. Current Actions

This is a request for Office of Management and Budget (OMB)

approval under the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)) to extend the collection of information and use of program materials for the WOTC and WtWTC. On October 4, 2004, the President signed into law the "Working Families Tax Relief Act of 2004," P.L. 108–311. This law reauthorized the WOTC and WtWTC, without changes, through December 31, 2005. The reauthorization is retroactive to the tax credits' expiration date of December 31, 2003. OMB authorization for the WOTC and WtWTC administrative and electronic reporting forms will expire on March 31, 2005. Further, the Government Paperwork Elimination Act (GPEA) of 1998 (Pub. L. 105–277) requires that, when feasible, Federal agencies design and implement the use of automated systems that facilitate the electronic signature and filing of forms (by participants) to conduct official business with the public by 2003. The Division of Employment Services, Office of Workforce Investment, complied with this requirement by successfully implementing an electronic reporting system for the tax credits' program and the WOTC and WtWTC quarterly reports. The automated reporting system is known as ETA's Enterprise Information Management System (EIMS) Tax Credit Reporting System (TCRS). The EIMS/TCRS is a Web-based system that allows states to meet the reporting responsibilities in a more efficient manner while reducing the reporting burden on the state, regional, and national levels. Through this system, states can manually enter or electronically upload the required quarterly data reports (ETA forms 9057, 9058 and 9059). This electronic reporting system reduced burden hours by 78 percent from 3,215,368 annual burden hours estimated for these forms in the 2002 ICR to 703,125 actual burden hours in 2004. The present ICR reflects the substantial decrease in response time for these forms.

Type of Review: Extension (without change).

Agency: employment and Training Administration.

RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's

estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

1. Title and Purpose of Information Collection

Employee Non-Covered Service Pension Questionnaire; OMB 3220-0154. Section 215(a)(7) of the Social Security Act provides for a reduction in social security benefits based on employment not covered under the Social Security Act or the Railroad Retirement Act (RRA). This provision applies a different social security benefit formula to most workers who are first eligible after 1985 to both a pension based in whole or in part on non-covered employment and a social security retirement or disability benefit. There is a guarantee provision that limits the reduction in the social security benefit to one-half of the portion of the pension based on non-covered employment after 1956. Section 8011 of Public Law 100-647 changed the effective date of the onset from the first month of eligibility to the first month of concurrent entitlement to the non-covered service benefit and the RRA benefit.

Section 3(a)(1) of the RRA provides that the Tier I benefit of an employee

annuity will be equal to the amount (before any reduction for age or deduction for work) the employee would receive if he or she would have been entitled to a like benefit under the Social Security Act. The reduction for a non-covered service pension also applies to a Tier I portion of employees under the RRA where the annuity or non-covered service pension begins after 1985. Since the amount of a Tier I benefit of a spouse is one-half of the employee's Tier I, the spouse annuity is also affected by the employee's non-covered service pension reduction of his or her Tier I benefit.

The RRB utilizes Form G-209, *Employee Non-Covered Service Pension Questionnaire*, to obtain needed information from railroad retirement employee applicants or annuitants about the receipt of a pension based on employment not covered under the Railroad Retirement Act or the Social Security Act. It is used as both a supplement to the employee annuity application, and as an independent questionnaire to be completed when an individual who is already receiving an employee annuity, becomes entitled to a pension. One response is requested of each respondent. Completion is required to obtain or retain benefits. The RRB proposes no changes to Form G-209.

Estimate of Annual Respondent Burden

The estimated annual respondent burden is as follows:

Form #(s)	Annual responses	Time (min)	Burden (hrs)
G-209 (partial questionnaire)	100	1	2
G-209 (full questionnaire)	400	8	53
Total	500		55

2. Title and Purpose of Information Collection

Availability for Work; OMB 3220-0164. Under section 1(k) of the Railroad

Unemployment Insurance Act, unemployment benefits are not payable for any day for which the claimant is not available for work. Under Railroad Retirement Board (RRB) regulation 20

CFR 327.5, "available for work" is defined as being willing and ready for work. This section further provides that a person is "willing" to work if that person is willing to accept and perform
