

burden estimated for a first time permit application. As specified in EPA's Interpretive Policy Memorandum (61 FR 41698), Phase I MS4s may use the fourth year annual report, which emphasizes changes to the stormwater management program, with the additional required basic information, as the MS4 permit reapplication. EPA has adjusted the burden assumptions, which significantly reduces the burden for permittees and states resulting from permit reapplication for Phase I MS4s.

Dated: December 11, 2008.

Joseph A. Sierra,

Acting Director, Collection Strategies Division.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2003-0034; FRL-8753-2]

Agency Information Collection Activities; Proposed Collection; Comment Request; Reporting Requirements Under EPA's Voluntary Aluminum Industrial Partnership (VAIP); EPA ICR No. 1867.04, OMB Control No. 2060-0411

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit a request to renew an existing approved Information Collection Request (ICR) to the Office of Management and Budget (OMB). This ICR is scheduled to expire on February 28, 2009. Before submitting the ICR to OMB for review and approval, EPA is soliciting comments on specific aspects of the proposed information collection as described below.

DATES: Comments must be submitted on or before February 17, 2009.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2003-0034, by one of the following methods:

- *www.regulations.gov*: Follow the on-line instructions for submitting comments.
- *E-mail*: a-and-r-Docket@epa.gov.
- *Fax*: 202-566-9744.
- *Mail*: Air and Radiation Docket and Information Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460.

- *Hand Delivery*: EPA Docket Center, Public Reading Room, EPA Headquarters West Building, Room 3334, 1301 Constitution Avenue, NW., Washington, DC 20460. Such deliveries are only accepted during the Docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information.

Instructions: Direct your comments to Docket ID No. EPA-HQ-OAR-2003-0034. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at *www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through *www.regulations.gov* or e-mail. The *www.regulations.gov* website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through *www.regulations.gov* your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional information about EPA's public docket visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

FOR FURTHER INFORMATION CONTACT: Sally Rand, Climate Change Division, Office of Atmospheric Programs, 6207J, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; *telephone number*: 202-343-9739; *fax number*: 202-343-2202; *e-mail address*: rand.sally@epa.gov.

SUPPLEMENTARY INFORMATION:

How Can I Access the Docket and/or Submit Comments?

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OAR-2003-0034, which is available for online viewing at

www.regulations.gov, or in person viewing at the Air and Radiation Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the Air and Radiation Docket is 202-566-1742.

Use *www.regulations.gov* to obtain a copy of the draft collection of information, submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the docket ID number identified in this document.

What Information Is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of the PRA, EPA specifically solicits comments and information to enable it to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

What Should I Consider When I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.

3. Provide copies of any technical information and/or data you used that support your views.

4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Offer alternative ways to improve the collection activity.

6. Make sure to submit your comments by the deadline identified under DATES.

7. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

What Information Collection Activity or ICR Does This Apply to?

Docket ID No. EPA-HQ-OAR-2003-0034

Affected entities: Entities potentially affected by this action are those engaged in primary aluminum production.

Title: Reporting Requirements under the Voluntary Aluminum Industrial Partnership (VAIP).

ICR numbers: EPA ICR No. 1867.04, OMB Control No. 2060-0411.

ICR status: This ICR is currently scheduled to expire on February 28, 2008. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: EPA's Voluntary Aluminum Industrial Partnership (VAIP) was initiated in 1995 and is an important voluntary program contributing to the overall reduction in emissions of greenhouse gases. This program focuses on reducing direct greenhouse gas emissions including perfluorocarbon (PFC) and carbon dioxide (CO₂) emissions from the production of primary aluminum. Seven of the eight U.S. producers of primary aluminum participate in this program. PFCs are very potent greenhouse gases with global warming potentials several thousand times that of carbon dioxide and they persist in the atmosphere for thousands of years. CO₂ is emitted from consumption of the carbon anode. EPA has developed this ICR to renew

authorization to collect information from companies in the VAIP. Participants voluntarily agree to the following: Designating a VAIP liaison; undertaking technically feasible and cost-effective actions to reduce PFC and direct CO₂ emissions; and reporting to EPA, on an annual basis, the PFC and CO₂ emissions or production parameters used to estimate emissions. The information contained in the annual reports of VAIP members is used by EPA to assess the success of the program in achieving its goals. The information contained in the annual reports may be considered confidential business information and is maintained as such.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 90.4 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of the Agency's estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 7.

Frequency of response: Annual.

Estimated total average number of responses for each respondent: one per respondent per year.

Estimated total annual burden hours: 90.4 hours.

Estimated total annual costs: \$47,054. This includes an estimated burden cost of \$47,054 and an estimated cost of \$0 for capital investment or maintenance and operational costs.

Are There Changes in the Estimates From the Last Approval?

There is a decrease of 8 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease reflects EPA's revised estimates, the number of hours associated with additional activities such as partnership meetings which has

decreased from 16.5 hours to 8.5 hours with a corresponding decrease in the associated burden. This change is an adjustment due the reduced frequency of partnership meetings and the use of teleconferencing.

What Is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. At that time, EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: December 4, 2008.

Dina Kruger,

Director, Climate Protection Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2007-0990; FRL-8393-2]

Flumetralin Reregistration Eligibility Decision; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's Reregistration Eligibility Decision (RED) for the pesticide flumetralin, and opens a public comment period on this document. The Agency's risk assessments and other related documents also are available in the flumetralin Docket. Flumetralin is a plant growth regulator registered for use only on tobacco. It is used to control axillary bud (sucker) growth on tobacco plants. There are no food uses and there are no residential uses. EPA has reviewed flumetralin through the public participation process that the Agency uses to involve the public in developing pesticide reregistration and tolerance reassessment decisions. Through these programs, EPA is ensuring that all pesticides meet current health and safety standards.

DATES: Comments must be received on or before January 16, 2009.

ADDRESSES: Submit your comments, identified by docket identification (ID)
