

independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: EPA participates with other Federal agencies, states and tribes in the Mississippi River/Gulf of Mexico Watershed Nutrient Task Force. In 2001, the Task Force released the Action Plan for Reducing, Mitigating and Controlling Hypoxia in the Northern Gulf of Mexico (or Action Plan available at <http://www.epa.gov/msbasin/taskforce/actionplan.htm>). The Action Plan was informed by the science described in An Integrated Assessment of Hypoxia in the Northern Gulf of Mexico (or Integrated Assessment available at http://oceanservice.noaa.gov/products/hypox_final.pdf) developed by the National Science and Technology Council, Committee on Environment and Natural Resources. Six technical reports provided the scientific foundation for the Integrated Assessment and are available at http://oceanservice.noaa.gov/products/pubs_hypox.html#fja. The aforementioned documents provide a comprehensive summary of the state-of-the-science for the Gulf of Mexico hypoxic zone through about the year 2000.

EPA's Office of Water has requested that the SAB develop a report that evaluates the state-of-the-science regarding the causes and extent of hypoxia in the Gulf of Mexico, as well as the scientific basis of possible management options in the Mississippi River Basin. The SAB is asked to focus on scientific advances since 2000 that may have increased scientific understanding and control options.

In response to EPA's request, the SAB Staff Office formed the SAB Hypoxia Advisory Panel. Background on the Panel formation process was provided in a **Federal Register** notice published on February 17, 2006 (71 FR 8578–8580). The SAB Hypoxia Advisory Panel met on September 6–7, 2006 to plan its work and organized itself into three subgroups listed above. The SAB Hypoxia Advisory Panel also met on December 6–8, 2006. Background for the first meeting of the Hypoxia Advisory Panel was provided in a **Federal Register** published in 71 FR 45543–45544; and background for the second meeting was provided in 71 FR 66329–66330. The three subgroups of the Panel have held multiple public

teleconferences to begin developing the Panel's report. Background information for the subgroup teleconferences was provided in **Federal Register** notices published on September 25, 2006 (71 FR 55786–55787) and October 6, 2006 (71 FR 59107). Information about the SAB Hypoxia Advisory Panel is available on the SAB Web Site at: <http://www.epa.gov/sab>.

Availability of Meeting Materials: Materials in support of this meeting will be placed on the SAB Web Site <http://www.epa.gov/sab> in advance of the meeting.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral information for the SAB to consider during the advisory process.

Interested parties should contact the appropriate Designated Federal Officer at the contact information noted above no later two weeks prior to each teleconference to be placed on the public speaker list.

Written Statements: Written statements should be received in the SAB Staff Office no later than two weeks prior to the teleconference or meeting so that the information may be available to the SAB for their consideration prior to this meeting. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail to stallworth.holly@epa.gov (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Meeting Access: For information on access or services for individuals with disabilities, please contact Dr. Stallworth at (202) 343–9867 or stallworth.holly@epa.gov. To request accommodation of a disability, please contact Dr. Stallworth, preferably at least 10 days prior to the meeting to give EPA as much time as possible to process your request.
