SUPPLEMENTARY INFORMATION: Section 1365 of the National Flood Insurance Act of 1968 (NFIA) (42 U.S.C. 4104b), as added by Section 528 of the National Flood Insurance Reform Act of 1994 (Pub. L. 103-325, title V), requires that FEMA develop a standard hazard determination form for recording the determination of whether a structure is located within an identified Special Flood Hazard Area and whether flood insurance is available. Regulated lending institutions, federal agency lenders, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, and the Government National Mortgage Association must complete this form for any loan made, increased, extended, renewed or purchased by these entities. The requirement for federally regulated lending institutions to determine whether a building or mobile home securing a loan is located in an area having special flood hazards and whether flood insurance is available has been in effect since the enactment of the Flood Disaster Protection Act of 1973, although the use of a standard form was not required until the enactment of the Section 1365 of the NFIA. The establishment of the Standard Flood Hazard Determination form has enabled lenders to provide consistent information.

SUPPLEMENTARY INFORMATION:

I. Background

The DHS Administrative Grievance Records System is a system of records relating to grievances filed by DHS employees under the Administrative Grievance System or under a negotiated grievance procedure. The system contains all documents related to each grievance in the central personnel or administrative office in DHS Headquarters or of the component, or its field offices, where the grievance originated. This system of records will create greater consistency across the Department in the category of individuals, category of records, and routine uses of administrative grievance records. Changes to the system of records include name and scope of system of records, categories of covered individuals, categories of covered records, routine uses, and the schedule for retention and disposal. With respect to the last category, a change has been made to establish that all of the Department's grievance records are to be disposed of no less than four (4) years but less than seven (7) after the closing of a case.

DHS is modifying and reissuing a current DHS system of records titled, "DHS/ALL-018 Grievances, Appeals, and Disciplinary Action Records System of Records." The system of records is now renamed "DHS/ALL-018 Administrative Grievance Records." This system of records allows DHS to collect, maintain, and store administrative grievance information related to grievances filed by current and former DHS personnel. The records are used by the Department to resolve employee concerns about working conditions, the administration of collective bargaining agreements, employee/supervisor relations, work processes, or other similar issues.

The name and scope of this modified system of records has been changed. Further, this system of records has been modified in an effort to not duplicate other DHS and government-wide system of records. This SORN no longer covers records of disciplinary actions or appeals, which could be covered by other SORNs depending on the type of inquiry, action, or appeal (e.g., DHS/ALL-020 Department of Homeland Security Internal Affairs, OPM/GOVT-1 General Personnel Records; OPM/GOVT-3 Records of Adverse Actions, Performance Based Reduction in Grade and Removal Actions, and Termination
