RIN 1625-AB86

Navigation and Navigable Waters; Technical, Organizational, and Conforming Amendments; Corrections

AGENCY: Coast Guard, DHS.

ACTION: Correcting amendments.

SUMMARY: This document contains corrections to the final regulations, which were published in the **Federal Register** of Thursday, June 21, 2012 (77 FR 37305). The regulations related to technical, organizational and conforming amendments in Title 33 of the CFR. The Coast Guard discussed changes to Part 84 and Part 115 in the

Preamble of the final rule that were not reflected in the regulatory text.

DATES: These amendments are effective July 20, 2012.

SUPPLEMENTARY INFORMATION:

Background

On June 21, 2012 (77 FR 37305), the Coast Guard published a final rule entitled "Navigation and Navigable Waters; Technical, Organizational, and Conforming Amendments." Subsequent to the publication of that notice, the Coast Guard discovered that the changes discussed in the Preamble to 33 CFR 84.15 and 33 CFR 115.60 were not included in the regulatory text.

Need for Correction

As published, the final regulations do not capture two changes to Title 33 of the CFR and need to be corrected. In § 84.15, there is a formula for intensity of lights. This formula contains a legend describing the variables which includes an equals sign without a hard return for the definition. This formula instead should include a colon after each letter representation and a hard return following each colon. In § 115.60, the word "construction" is in the heading. The word "construction" should be removed because this section focuses on applications for permits to construct, modify, or replace bridges. Therefore, the word "construction" in the title does not accurately indicate the breadth of the regulation so the word needs to be removed.

List of Subjects

33 CFR Part 84

Navigation (water), Waterways.

33 CFR Part 115

Administrative practice and procedure, Bridges, Reporting and recordkeeping requirements.

Accordingly, 33 CFR part 84 and part 115 are corrected by making the following correcting amendments:

PART 84—ANNEX I: POSITIONING AND TECHNICAL DETAILS OF LIGHTS AND SHAPES

■ 1. The authority citation for part 84 continues to read as follows:

Authority: 33 U.S.C. 2071; Department of Homeland Security Delegation No. 0170.1.

■ 2. Revise § 84.15(a) to read as follows:

§ 84.15 Intensity of lights.

(a) The minimum luminous intensity of lights will be calculated by using the formula:

$$I=3.43\times10^6\times T\times D^2\times K^{-D}$$

Where

I: Luminous intensity in candelas under service conditions,

T: Threshold factor 2×10^{-7} lux,

D: Range of visibility (luminous range) of the light in nautical miles,

K: Atmospheric transmissivity. For prescribed lights the value of K will be 0.8, corresponding to a meteorological visibility of approximately 13 nautical miles.

PART 115—BRIDGE LOCATIONS AND CLEARANCES; ADMINISTRATIVE PROCEDURES

■ 3. The authority citation for part 115 is revised to read as follows:

Authority: c. 425, sec. 9, 30 Stat. 1151 (33 U.S.C. 401); c. 1130, sec. 1, 34 Stat. 84 (33 U.S.C. 491); sec. 5, 28 Stat. 362, as amended (33 U.S.C. 499); sec. 11, 54 Stat. 501, as amended (33 U.S.C. 521); c. 753, Title V, sec. 502, 60 Stat. 847, as amended (33 U.S.C. 525); 86 Stat. 732 (33 U.S.C. 535); 14 U.S.C. 633.

■ 4. Revise the section heading in § 115.60 to read as follows:

[Docket No. USCG-2012-0652]

Drawbridge Operation Regulation; Bayou Boeuf, Amelia, LA

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Burlington Northern Santa Fe (BNSF) Railway Company swing span bridge across

Bayou Boeuf, mile 10.2, at Amelia, St. Mary Parish, Louisiana. The deviation is necessary to complete scheduled repairs necessitated by a bridge allision. This deviation allows the bridge to remain in the closed-to-navigation position for sixteen consecutive hours.

DATES: This deviation is effective from 7 a.m. through 11 p.m. on Thursday, August 16, 2012.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG–2012–0652 and are available online by going to <http://www.regulations.gov>, inserting USCG–2012–0652 in the “Keyword” box and then clicking “Search”. They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Jim Wetherington, Bridge Branch Office, Coast Guard; telephone 504–671–2128, email james.r.wetherington@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION: The BNSF Railway Company has requested a temporary deviation from the operating schedule of the swing span railroad bridge across Bayou Boeuf, mile 10.2, at Amelia, St. Mary Parish, Louisiana. The bridge provides no vertical clearance in the closed-to-navigation position.

In accordance with 33 CFR 117.5, the bridge currently opens on signal for the passage of vessels. This deviation allows the vertical lift span of the bridge to remain in the closed-to-navigation position from 7 a.m. through 11 p.m. on Thursday, August 16, 2012.

The closure is necessary in order to change out a shaft and reducer gear damaged during a bridge allision earlier this year. Notices will be published in the Eighth Coast Guard District Local Notice to Mariners and will be broadcast via the Coast Guard Broadcast Notice to Mariners System.

Navigation at the site of the bridge consists mainly of tows with barges and some recreational pleasure craft. Due to prior experience, as well as coordination with waterway users, it has been determined that this closure will not have a significant effect on these vessels. An alternate route is available by using the GIWW, Morgan City to Port Allen Alternate Route.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 10, 2012.

David M. Frank,
Bridge Administrator, Eighth Coast Guard District.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) because such a publication would be impracticable. Immediate action is necessary to ensure the safety of vessels, spectators, participants, and others in the vicinity of the marine event on the dates and times this rule will be in effect.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Publishing an NPRM would be impracticable, since immediate action is needed to ensure the public’s safety.
