Title: Reverse Mortgage Products: Guidance for Managing Compliance and Risks.

OMB Control No.: 1557-0246.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: On August 17, 2010, the OCC, FDIC, FRB, and NCUA issued Guidance¹ focusing on providing adequate information to consumers about reverse mortgage products, providing qualified independent counseling to consumers considering these products, and avoiding potential conflicts of interest. The Guidance also addresses related policies, procedures, internal controls, and third-party risk management.

- The information collection requirements contained in the Guidance address the implementation of policies and procedures, training, and program maintenance. The Guidance states that institutions offering reverse mortgages should have written policies and procedures that prohibit the practice of directing a consumer to a particular counseling agency or contacting a counselor on the consumer's behalf.

- Policies should be clear so that originators do not have an inappropriate incentive to sell other products that appear linked to the granting of a mortgage.

- Legal and compliance reviews should include oversight of compensation programs so that lending personnel are not improperly encouraged to direct consumers to particular products.

- Training should be designed so that relevant lending personnel are able to convey information to consumers about product terms and risks in a timely, accurate, and balanced manner.

Estimated Frequency of Response: On occasion.

Estimated Number of Respondents: 12.

Estimated Total Annual Burden: 136 hours.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

performance of the functions of the OCC, including whether the information has practical utility;

- (b) The accuracy of the OCC's estimate of the burden of the collection of information;

- (c) Ways to enhance the quality, utility, and clarity of the information to be collected;

- (d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and
