Locomotive Safety Standards; Correction

AGENCY: Federal Railroad Administration (FRA), DOT.

ACTION: Proposed rule; correction.

SUMMARY: FRA is notifying the public that the correct docket number for the Locomotive Safety Standards notice of proposed rulemaking (NPRM) is FRA–2009–0094. The NPRM issued on January 12, 2011, incorrectly identified docket number FRA–2009–0095 as the public docket for this rulemaking proceeding. FRA is requesting that all comments related to this proceeding be submitted to FRA–2009–0094.

DATES: The comment date for the proposed rule published January 12, 2011, at 76 FR 2200, remains March 14, 2011.

FOR FURTHER INFORMATION CONTACT: Michael Masci, Trial Attorney, Office of Chief Counsel, FRA, 1200 New Jersey Avenue, SE., Washington, DC (telephone 202–493–6037).

ADDRESSES: Comments: Comments related to Docket No. FRA–2009–0094, may be submitted by any of the following methods: Web Site: Federal eRulemaking Portal, <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- *Fax:* 202–493–2251.
- *Mail:* Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue, SE., W12–140, Washington, DC 20590.
- *Hand Delivery:* Room W12–140 on the Ground level of the West Building, 1200 New Jersey Avenue, SE., W12–140, Washington, DC between 9 a.m. and 5 p.m. Monday through Friday, except Federal holidays.

• *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number or Regulatory Identification Number (RIN) for this rulemaking. Note that all comments received will be posted without change to <http://www.regulation.gov> including any personal information. FRA wishes to inform all potential commenters that anyone is able to search the electronic form of all comments received into any agency docket by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (Volume 65, Number 70; Pages 19477–78) or you may visit <http://dms.dot.gov>.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> at any time or to Room W12–140 on the Ground level of the West Building, 1200 New Jersey Avenue, SE., Washington, DC between 9 a.m. and 5 p.m. Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: On January 12, 2011, FRA published an NPRM related to locomotive safety standards. See 76 FR 2200. The NPRM established a public docket to receive comments in response to FRA's proposal related to locomotive safety standards. That NPRM mistakenly lists FRA–2009–0095 (“incorrect docket”) as the docket number for the NPRM. The correct docket number for this proceeding is FRA–2009–94 (“correct docket”). FRA requests that comments to the NPRM be submitted to the correct docket.

Comments submitted to the incorrect docket will be fully considered as part of the locomotive safety standards rulemaking. Because the incorrect docket is listed in the January 12, 2011, **Federal Register** document issuing the NPRM, comments submitted to the incorrect docket will remain valid. FRA will transfer all comments and information that are received in the incorrect docket to the correct docket. As such, interested parties that wish to read comments to the NPRM should access docket FRA–2009–0094 to locate the comments.

Issued in Washington, DC, on February 9, 2011.

Robert Lauby,

Deputy Associate Administrator for Regulatory and Legislative Operations.

Surface Transportation Board

49 CFR Part 1201

[Docket No. EP 706]

Reporting Requirements for Positive Train Control Expenses and Investments

AGENCY: Surface Transportation Board, DOT.

ACTION: Notice of intent to institute a rulemaking proceeding.

SUMMARY: In a decision served on February 10, 2011, the Board granted a petition by the Union Pacific Railroad Company (UP) to institute a rulemaking proceeding to explore whether the Board should require Class I railroads to report separately how much each railroad is spending on the development, installation, and maintenance of Positive Train Control, a federally mandated safety system that will automatically stop or slow a train before an accident can occur. Several parties filed comments in reply to UP's petition. The Board will address the arguments and issues raised in those filings in a subsequent decision. The Board's decision makes no determination on the merits of UP's specific proposal.

DATES: The Board's decision became effective on February 10, 2011. The Board will establish further procedures for public comment in a subsequent decision.

FOR FURTHER INFORMATION CONTACT: Valerie Quinn, (202) 245–0382. Federal Information Relay Service (FIRS) for the hearing impaired, (800) 877–8339.

RIN 0648-BA11

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Crab Rationalization Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS proposes regulations to implement Amendment 37 to the Fishery Management Plan for Bering Sea/Aleutian Islands King and Tanner Crabs (FMP). If approved, these regulations would amend the Bering Sea/Aleutian Islands Crab Rationalization Program by establishing a process for eligible contract signatories to request that NMFS exempt holders of West-designated individual fishing quota (IFQ) and individual processor quota (IPQ) in the Western Aleutian Islands golden king crab fishery from the West regional delivery requirements. Federal regulations require West-designated golden king crab IFQ to be delivered to a processor in the West region of the Aleutian Islands with an exact amount of unused West-designated IPQ. However, processing capacity may not be available each season. Amendment 37 is necessary to prevent disruption to the Western Aleutian Islands golden king crab fishery, while providing for the sustained participation of municipalities in the region. This proposed action is intended to promote the goals and objectives of the Magnuson-Stevens Fishery Conservation and Management Act, the FMP, and other applicable law.

DATES: Comments must be received no later than April 1, 2011.

ADDRESSES: You may submit comments, identified by "RIN 0648-BA11", by any one of the following methods:

- **Electronic Submissions:** Submit all electronic public comments via the Federal eRulemaking Portal <http://www.regulations.gov>.
- **Fax:** (907) 586-7557, Attn: Ellen Sebastian.
- **Mail:** P.O. Box 21668, Juneau, AK 99802.

Instructions: All comments received are a part of the public record and will generally be posted to <http://www.regulations.gov> without change. All Personal Identifying Information (for example, name, address, etc.) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

NMFS will accept anonymous comments (enter N/A in the required fields, if you wish to remain anonymous). You may submit attachments to electronic comments in Microsoft Word, Excel, WordPerfect, or Adobe PDF file formats only.

Electronic copies of Amendment 37 to the FMP, the Regulatory Impact Review (RIR), the Initial Regulatory Flexibility Analysis (IRFA), and the Categorical Exclusion prepared for this proposed action may be obtained from <http://www.regulations.gov> or from the Alaska Region Web site at <http://alaskafisheries.noaa.gov>. The Environmental Impact Statement, RIR, Final Regulatory Flexibility Analysis, and Social Impact Assessment prepared for the Crab Rationalization Program are available from the NMFS Alaska Region Web site at <http://alaskafisheries.noaa.gov>.

Written comments regarding the burden-hour estimates or other aspects of the collection-of-information requirements contained in this proposed rule may be submitted to NMFS at the above address, e-mailed to OIRA_Submission@omb.eop.gov, or faxed to 202-395-7285.

SUPPLEMENTARY INFORMATION: The king and Tanner crab fisheries in the exclusive economic zone of the Bering Sea and Aleutian Islands (BSAI) are managed under the FMP. The North Pacific Fishery Management Council (Council) prepared the FMP under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1801 *et seq.*, as amended by the Consolidated Appropriations Act of 2004 (Pub. L. 108-199, section 801). Amendments 18

and 19 to the FMP implemented the BSAI Crab Rationalization Program (Program) in a final rule published on March 2, 2005 (70 FR 10174). Regulations implementing the FMP and all amendments to the Program are at 50 CFR part 680, and general regulations related to fishery management are at 50 CFR part 600.

Background

In 2005, NMFS established the Program as a catch share program for nine crab fisheries in the BSAI. The Individual Fishing Quota (IFQ) portion of the Program assigned quota share (QS) to persons based on their historic participation in one or more of these nine BSAI crab fisheries during a specific time period. Under the Program, NMFS issued four types of QS: catcher vessel owner (CVO) QS was assigned to holders of License Limitation Program (LLP) licenses who delivered their catch onshore or to stationary floating crab processors; catcher/processor vessel owner (CPO) QS was assigned to LLP holders that harvested and processed their catch at sea; captains and crew onboard catcher/processor vessels were issued catcher/processor crew (CPC) QS; and captains and crew onboard catcher vessels were issued catcher vessel crew (CVC) QS. Each year, a person who holds QS may receive IFQ, which is an exclusive harvest privilege for a portion of the annual total allowable catch (TAC). Under the program, QS holders can form cooperatives to pool the harvest of the IFQ on fewer vessels to minimize operational costs.

NMFS also issued processor quota share (PQS) under the Program. Each year, PQS yields an exclusive privilege to receive (for processing) a portion of the IFQ in each of the nine BSAI crab fisheries. This annual exclusive processing privilege is called IPQ. A portion of the QS issued yields IFQ that is required to be delivered to a processor with a like amount of unused IPQ. IFQ derived from CVO QS is subject to annual designation as either Class A IFQ or Class B IFQ. Ninety percent of the IFQ derived from CVO QS for a fishery is designated as Class A IFQ, and the remaining 10 percent of the IFQ is designated as Class B IFQ. Class A IFQ must be matched and delivered to a processor with IPQ. Each year there is a one-to-one match of the total pounds of Class A IFQ with the total pounds of IPQ issued in each crab fishery and region. Class B IFQ is not required to be delivered to a processor with IPQ.

In most crab fisheries, the Program established regional designations for QS and PQS to ensure that municipalities
