SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–187, OMB Control No. 3235–0211]

Proposed Collection; Comment Request; Extension: Rule 18f–1 and Form N–18f–1

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 18f–1 (17 CFR 270.18f–1) enables a registered open-end management investment company (“fund”) that may redeem its securities in-kind, by making a one-time election, to commit to make cash redemptions pursuant to certain requirements without violating section 18(f) of the Investment Company Act of 1940 (15 U.S.C. 80a–18(f)). A fund relying on the rule must file Form N–18F–1 (17 CFR 274.51) to notify the Commission of this election. The Commission staff estimates that 12 funds file Form N–18F–1 annually, and that each response takes one hour. Based on these estimates, the total annual burden hours associated with the rule is estimated to be 12 hours. The estimated burden hours associated with rule 18f–1 and Form 18F–1 have decreased by 10 hours from the current allocation of 22 hours. This decrease is due to a decrease in the estimated number of investment companies filing Form N–18F–1 annually. There is no external cost associated with this collection of information.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act, and is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules. An agency may not conduct or sponsor, and a person is not required to respond to, a

collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by December 23, 2022.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Acting Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

Dated: October 18, 2022.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–606, OMB Control No. 3235–0670]

Proposed Collection; Comment Request; Extension: Rule 201 and Rule 200(g) of Regulation SHO

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“PRA”), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 201 (17 CFR 242.201) and Rule 200(g) (17 CFR 242.200(g)) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 201 is a short sale-related circuit breaker rule that, if triggered, imposes a restriction on the prices at which securities may be sold short. Rule 200(g) provides that a broker-dealer may mark certain qualifying sell orders “short exempt.” The information collected under Rule 201’s written policies and procedures requirement applicable to trading centers, the written policies and procedures requirement of the broker-dealer provision of Rule 201(c), the written policies and procedures requirement of the riskless principal provision of Rule 201(d)(6), and the “short exempt” marking requirement of Rule 200(g) enable the Commission and self-regulatory organizations (“SROs”) to examine and monitor for compliance with the requirements of Rule 201 and Rule 200(g).

In addition, the information collected under Rule 201’s written policies and procedures requirement applicable to trading centers help ensure that trading centers do not execute or display any impermissibly priced short sale orders, unless an order is marked “short exempt,” in accordance with the Rule’s requirements. Similarly, the information collected under the written policies and procedures requirement of the broker-dealer provision of Rule 201(c) and the riskless principal provision of Rule 201(d)(6) help to ensure that broker-dealers comply with the requirements of these provisions. The information collected pursuant to the “short exempt” marking requirement of Rule 200(g) also provides an indication to a trading center when it must execute or display a short sale order without regard to whether the short sale order is at a price that is less than or equal to the current national best bid.

It is estimated that SRO and non-SRO respondents registered with the Commission and subject to the collection of information requirements of Rule 201 and Rule 200(g) incur an aggregate annual burden of 1,556,049 hours to comply with the Rules and an aggregate annual external cost of \$370,933.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or

other forms of information technology. Consideration will be given to comments and suggestions submitted in writing by December 23, 2022.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–404, OMB Control No. 3235–0461]

Proposed Collection; Comment Request; Extension: Rule 602

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (“PRA”) (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the existing collection of information provided for in Rule 602 of Regulation NMS (17 CFR 240.602), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 602 of Regulation NMS, Dissemination of Quotations in NMS securities, contains two related collections. The first collection of information is found in Rule 602(a).¹ This third-party disclosure requirement obligates each national securities exchange and national securities association to make available to quotation vendors for dissemination to the public the best bid, best offer, and aggregate quotation size for each “subject security,” as defined under the Rule. The second collection of information is found in Rule 602(b).²

This disclosure requirement obligates any exchange member and over-the-counter (“OTC”) market maker that is a “responsible broker or dealer,” as defined under the Rule, to communicate to an exchange or association its best bids, best offers, and quotation sizes for subject securities.³

It is anticipated that 25 respondents, consisting of 24 national securities exchanges and one national securities association, will collectively respond approximately 19,093,763,801,315 times per year pursuant to Rule 602(a) at 18.22 microseconds per response, resulting in a total annual time burden of approximately 96,625 hours. It is anticipated that no respondents will have a reporting burden pursuant to Rule 602(b).⁴

Thus, the aggregate third-party disclosure burden under Rule 602 is approximately 96,625 hours annually which is comprised of 96,625 hours relating to Rule 602(a) and 0 hours relating to Rule 602(b).

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by December 23, 2022.

³ Under Rule 602(b)(5), electronic communications networks (“ECNs”) have the option of reporting to an exchange or association for public dissemination, on behalf of customers that are OTC market makers or exchange market makers, the best-priced orders and the full size for such orders entered by market makers on the ECN, to satisfy such market makers’ reporting obligation under Rule 602(b). Since this reporting requirement is an alternative method of meeting the market makers’ reporting obligation, and because it is directed to nine or fewer persons (ECNs), this collection of information is not subject to OMB review under the Paperwork Reduction Act (“PRA”).

⁴ For the reporting obligation under Rule 602(b), the respondents are exchange members and OTC market makers. The Commission believes that communication of quotations through an exchange’s electronic trading system effectively means that exchange members currently have no reporting burden under Rule 602(b) for these quotations. The Commission also believes that there are presently no OTC market makers that quote other than on an exchange.
