Treasury International Capital Form CQ-1, Financial Liabilities to, and Claims on, Foreigners; and Treasury International Capital Form CQ-2, Commercial Liabilities to, and Claims on, Unaffiliated Foreigners.

OMB Number: 1505-0024

Abstract: Forms CQ-1 and CQ-2 are part of the Treasury International Capital (TIC) reporting system, which is required by law (22 U.S.C. 286f; 22 USC 3103; EO 10033; 31 CFR 128), and is designed to collect timely information on international portfolio capital

movements. Forms CQ-1 and CQ-2 are quarterly reports filed by nonbanking and non-securities broker and dealer enterprises in the U.S. to report their international portfolio transactions with unaffiliated foreigners. This information is necessary for compiling the U.S. balance of payments accounts, for calculating the U.S. international investment position, and for use in formulating U.S. international financial and monetary policies. Current Actions: (a) The exemption level for reporting positions will be raised from \$10 million to \$50 million for Form CQ-1, and from \$10 million to \$25 million for Form CQ-2; (b) The period of time a reporter has to submit reports once the exemption level is exceeded has been changed to the remainder of the current calendar year; (c) For Bank Holding Companies and Financial Holding Companies (BHCs/FHCs), their insurance subsidiaries will continue to file TIC Form CQ-1 reports. (BHCs/FHCs and their other subsidiaries will continue to file TIC-B reports, according to the directions given in the instructions for the TIC B reports); (d) These proposed new C Forms and instructions will be effective as of March 31, 2003; (e) The instructions include a more detailed description of the reporting of liabilities and loans placed overseas; (f) The instructions contain a more detailed description of the reporting of short-term securities (including negotiable CDs); (g) On the revised form, respondents will report brokerage balances. A revised description of brokerage balances is included in the instructions; (h) The revised forms each have four memorandum rows for reporting the amounts contained in the grand totals of each column that are denominated in U.S. dollars, Euros, Pound Sterling, and Yen; (i) Both of the revised forms collect data on remaining maturities of the amounts contained in the grand totals of the two liabilities columns on each form. The maturities are broken down into ten categories; previously, there were two categories. Reporting of maturities will only be required from large reporters (more than \$1 billion in reportable liabilities on Form CQ-1); (j) In Form CQ-1, Part I, Financial Liabilities, the two columns are redefined for reporting of Short-term Negotiable Securities and Other Liabilities; (k) In Form CQ-1, Part II, Financial Claims, the currently reported two columns for dollar denominated and foreign currency denominated deposits have been combined, and the resulting three columns in the revised form capture the reporting of Non-
