

new Information Sheet Guidances as needed.

In the **Federal Register** of July 29, 2008 (73 FR 43940), FDA announced the availability of a draft version of the guidance entitled, "Draft Information Sheet Guidance for Sponsors, Clinical Investigators, and IRBs; Frequently Asked Questions—Statement of Investigator (Form FDA 1572)." The July 2008 guidance gave interested persons an opportunity to submit comments through September 29, 2008. All comments received during the comment period have been carefully reviewed and, where appropriate, incorporated in the guidance. As a result of the public comments and editorial changes, the guidance is clearer than the draft version.

This information sheet guidance is being issued consistent with FDA's GGP's regulation (21 CFR 10.115). The information sheet guidance represents the agency's current thinking on completing the Form FDA 1572. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statutes and regulations.

II. The Paperwork Reduction Act of 1995

This guidance refers to previously approved collections of information found in FDA regulations. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collections of information for Form FDA 1572 have been approved under OMB Control No. 0910–0014.
