DATES Effective Date: This rule will become effective February 7, 2019.

SUPPLEMENTARY INFORMATION:**A. Background**

The Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (the 2015 Act) amended the Federal Civil Penalties Inflation Adjustment Act of 1990 (the Inflation Adjustment Act)¹ to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. The Inflation Adjustment Act provides for the regular evaluation of CMPs and requires FCSIC, and every other Federal agency with authority to impose CMPs, to ensure that CMPs continue to maintain their deterrent values.²

FCSIC must enact regulations that annually adjust its CMPs pursuant to the inflation adjustment formula of the amended Inflation Adjustment Act and rounded using a method prescribed by the Inflation Adjustment Act. The new

amounts will apply to penalties assessed on or after the effective date of this rule. Agencies do not have discretion in choosing whether to adjust a CMP, by how much to adjust a CMP, or the methods used to determine the adjustment.

B. CMPs Imposed Pursuant to Section 5.65 of the Farm Credit Act

First, section 5.65(c) of the Farm Credit Act, as amended (Act), provides that any insured Farm Credit System bank that willfully fails or refuses to file any certified statement or pay any required premium shall be subject to a penalty of not more than \$100 for each day that such violations continue, which penalty FCSIC may recover for its use.³ Second, section 5.65(d) of the Act provides that, except with the prior written consent of the Farm Credit Administration, it shall be unlawful for any person convicted of any criminal offense involving dishonesty or a breach of trust to serve as a director, officer, or employee of any System institution.⁴ For each willful violation of section 5.65(d), the institution involved shall be subject to a penalty of not more than \$100 for each day during which the violation continues, which FCSIC may recover for its use.

FCSIC's current § 1411.1 provides that FCSIC can impose a maximum penalty of \$205 per day for a violation under section 5.65(c) and (d) of the Act.

C. Required Adjustments

The 2015 Act requires agencies to make annual adjustments for inflation. Annual inflation adjustments are based on the percent change between the October Consumer Price Index for all Urban Consumers (CPI-U) preceding the date of the adjustment, and the prior year's October CPI-U. Based on the CPI-U for October 2018, not seasonally adjusted, the cost-of-living adjustment multiplier for 2019 is 1.02522.⁵ Multiplying 1.02522 times the current penalty amount of \$205, after rounding to the nearest dollar as required by the 2015 Act, results in a new penalty amount of \$210.

D. Notice and Comment Not Required by Administrative Procedure Act

In accordance with the 2015 Act, Federal agencies shall adjust civil monetary penalties "notwithstanding" Section 553 of the Administrative Procedures Act. This means that public procedure generally required for agency

rulemaking—notice, an opportunity for comment, and a delay in effective date—is not required for agencies to issue regulations implementing the annual adjustment.
