Background

The FAA is posting this notice to inform the public of the intent to designate as abandoned Horizon Instruments, Inc., STC No. SA5842NW for the installation of an engine electronic digital tachometer, Horizon Model P–1000, P/N P100070-, in Piper Aircraft PA–28–140, –150, –151, –160, –161, –180, –181, –235, –236, –201T, R–180, R–200, R–201, R–201T, RT–201, RT201T, and S–160 series airplanes, and subsequently release the related engineering data.

The FAA has received a third-party request for the release of the aforementioned engineering data under the provisions of the Freedom of Information Act (FOIA), 5 U.S.C. 552. The FAA cannot release commercial or financial information under FOIA without the permission of the data owner. However, in accordance with title 49 of the United States Code 44704(a)(5), the FAA can provide STC “engineering data” it possesses for STC maintenance or improvement, upon request, if the following conditions are met:

1. The FAA determines the STC has been inactive for three years or more;
2. Using due diligence, the FAA is unable to locate the owner of record or the owner of record's heir; and
3. The availability of such data will enhance aviation safety.

There has been no activity on this STC for more than three years.

On June 9, 2023, the FAA sent a registered letter to Horizon Instruments, Inc., at its last known address, 600 S. Jefferson St., Unit C, Placentia, CA 92870. The letter was returned, unable to be forwarded. The letter informed Horizon Instruments, Inc., that the FAA had received a request for engineering data related to STC No. SA5842NW and was conducting a due diligence search to determine whether the STC was inactive and may be considered abandoned. The letter further requested Horizon Instruments, Inc., to respond in writing within 60 days and state whether it is the holder of the STC. The FAA also attempted to make contact with Horizon Instruments, Inc., by other means, including telephone

communication and emails, without success.

Information Requested

If you are the owner or heir or a transferee of STC No. SA5842NW or have any knowledge regarding who may now hold STC No. SA5842NW, please contact Chuck Ayala using a method described in this notice under **FOR FURTHER INFORMATION CONTACT**. If you are the heir of the owner, or the owner by transfer, of STC No. SA5842NW, you must provide a notarized copy of your government-issued identification with a letter and background establishing your ownership of the STC and, if applicable, your relationship as the heir to the deceased holder of the STC.

Conclusion

If the FAA does not receive any response by January 24, 2024, the FAA will consider STC No. SA5842NW abandoned, and the FAA will proceed with the release of the requested data. This action is for the purpose of maintaining the airworthiness of an aircraft and enhancing aviation safety.
