SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of particular interest to persons who work in agricultural settings or persons who are concerned about implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA); the Federal Food, Drug, and Cosmetic Act (FFDCA); and the amendments to both of these major pesticide laws by the Food Quality Protection Act (FQPA) of 1996; and the Pesticide Registration Improvement Act. Potentially affected entities may include, but are not limited to: Agricultural workers and farmers; pesticide industry and trade associations; environmental, consumer, and farmworker groups; animal welfare organizations; pesticide users and growers; pest consultants; State, local and Tribal governments; academia; public health organizations; food processors; and the public. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

1. *Docket.* EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2010-0966. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Building), 2777 S. Crystal Drive, Arlington, VA. The hours of operation of this Docket Facility are

from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the **Federal Register** listings at <http://www.epa.gov/fedrgstr>.

A draft agenda is being developed and will be posted by December 3, 2010, on EPA's Web site at: <http://www.epa.gov/pesticides/ppdc/>.

II. Background

EPA's Office of Pesticide Programs (OPP) is entrusted with the responsibility to help ensure the safety of the American food supply, the education and protection from unreasonable risk of those who apply or are exposed to pesticides occupationally or through use of products, and general protection of the environment and special ecosystems from potential risks posed by pesticides.

The Charter for the Environmental Protection Agency's Pesticide Program Dialogue Committee (PPDC) was established under the Federal Advisory Committee Act (FACA), Public Law 92-463, in September 1995, and has been renewed every 2 years since that time. PPDC's Charter was renewed October 30, 2009, for another 2-year period. The purpose of PPDC is to provide advice and recommendations to the EPA Administrator on issues associated with pesticide regulatory development and reform initiatives, evolving public policy and program implementation issues, and science issues associated with evaluating and reducing risks from use of pesticides. It is determined that PPDC is in the public interest in connection with the performance of duties imposed on the Agency by law. The following sectors are represented on the PPDC: Pesticide industry and trade associations; environmental/public interest, consumer, and animal rights groups; farm worker organizations; pesticide user, grower, and commodity groups; Federal and State/local/Tribal governments; the general public; academia; and public health organizations.

Copies of the PPDC Charter are filed with appropriate committees of Congress and the Library of Congress and are available upon request.

III. How can I request to participate in this meeting?

PPDC meetings are open to the public and seating is available on a first-come basis. Persons interested in attending do not need to register in advance of the meeting. Comments may be made

during the public comment session of each meeting or in writing to the address listed under **FOR FURTHER INFORMATION CONTACT**.

Science Advisory Board Staff Office; Notification of Two Public Quality Review Teleconferences of the Chartered Science Advisory Board

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces two public teleconferences of the chartered SAB: (a) A quality review of an SAB draft review of EPA's "Toxicological Review of Trichloroethylene" on December 15, 2010 and (b) a quality review of an SAB draft review of EPA's "Development of a Relative Potency Factor (RPF) Approach for Polycyclic Aromatic Hydrocarbon (PAH) Mixtures" on December 16, 2010.

DATES: The public teleconferences on December 15, 2010 and December 16, 2010 will both be held from 1 p.m. to 4 p.m. (Eastern Time).

ADDRESSES: The public teleconferences will be conducted by telephone only.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain general information concerning these public teleconferences should contact Dr. Thomas Armitage, Designated Federal Officer (DFO), EPA Science Advisory Board (1400F), 1200 Pennsylvania Avenue, NW., Washington, DC 20460; via telephone/voice mail (202) 564-2155; fax (202) 202-565-2098 or via e-mail at armitage.thomas@epa.gov. General information concerning the EPA Science Advisory Board can be found on the SAB Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act

(FACA), 5 U.S.C., App. 2, notice is hereby given that the EPA Science Advisory Board will hold two public teleconferences to quality review two draft SAB reports: (1) A draft report peer reviewing EPA's draft assessment entitled "Toxicological Review of Trichloroethylene" (October 2009), and (2) a draft report peer reviewing EPA's draft document entitled "Development of a Relative Potency Factor (RPF) Approach for Polycyclic Aromatic Hydrocarbon (PAH) Mixtures" (November 10, 2010). The SAB was established pursuant to 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee under FACA. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: (1) Peer review of EPA's draft assessment entitled "Toxicological Review of Trichloroethylene" (October 2009). EPA's Office of Research and Development has developed a draft Integrated Risk Information System (IRIS) toxicological review for trichloroethylene (TCE) and has requested that the SAB conduct a peer review of its assessment. An SAB panel reviewed EPA's draft document in public session and developed a draft review report, which the chartered SAB will quality review on December 15, 2010. Background information about this advisory activity can be found on the SAB Web site at: http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/IRIS-TCE?OpenDocument.

(2) Peer review of EPA's draft document entitled "Development of a Relative Potency Factor (RPF) Approach for Polycyclic Aromatic Hydrocarbon (PAH) Mixtures." EPA's Office of Research and Development has developed a draft Integrated Risk Information System (IRIS) technical document describing the development of a relative potency factor (RPF) approach for polycyclic aromatic hydrocarbon (PAH) mixtures to assess cancer risk from exposure to PAH mixtures. EPA's Office of Research and Development has requested that the Science Advisory Board (SAB) conduct a review of this draft document. An SAB panel reviewed EPA's draft document in public session and developed a draft review report, which the chartered SAB will quality review on December 16, 2010. Background information about this advisory activity can be found on the SAB Web site at <http://yosemite.epa.gov/sab/sabproduct.nsf/>

[fedrgstr_activites/Human%20Health%20PAH%20Mixtures?OpenDocument](http://www.epa.gov/sab/fedrgstr_activites/Human%20Health%20PAH%20Mixtures?OpenDocument).

Availability of Meeting Materials: The agenda and other materials in support of the teleconferences will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of the teleconferences.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** In general, individuals or groups requesting time to make an oral presentation at a public SAB teleconference will be limited to three minutes, with no more than one-half hour for all speakers. Those interested in being placed on the public speakers list for either the December 15, 2010 teleconference or the December 16, 2010 teleconference should contact Dr. Armitage at the contact information provided above by December 8, 2010. **Written Statements:** Written statements should be received in the SAB Staff Office by December 8, 2010. Written statements should be supplied to the DFO via e-mail to armitage.thomas@epa.gov (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format). Submitters are asked to provide versions of each document submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Armitage at the contact information provided above. To request accommodation of a disability, please contact him preferably at least 10 days prior to the teleconference, to give EPA as much time as possible to process your request.

Dated: November 16, 2010.

Anthony Maciorowski,
Deputy Director, EPA Science Advisory Board Staff Office.
