Environmental Mailing List

The environmental mailing list includes Federal, State, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project. We will update the environmental mailing list as the analysis proceeds to ensure that we send the information related to this environmental review to all individuals, organizations, and government entities interested in and/or potentially affected by the planned project.

If the EA is published for distribution, copies will be sent to the environmental mailing list for public review and comment. **If you would prefer to receive a paper copy of the document instead of the CD version or would like to remove your name from the mailing list, please return the attached Information Request (appendix 2).**

Becoming an Intervenor

Once Transco files its application with the Commission, you may want to become an "intervenor" which is an official party to the Commission's proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are included in the User's Guide under the "e-filing" link on the Commission's Web site. Please note that the Commission will not accept requests for intervenor status at this time. You must wait until a formal application for the project is filed with the Commission.

Federal Energy Regulatory Commission

[Docket No. AC10-146-000]

Delaware Pipeline Company LLC; Notice of Filing

August 13, 2010.

Take notice that on July 13, 2010, Delaware Pipeline Company LLC (DPC) submitted a request for waiver of the requirement to file the FERC Form No. 6-Q for the second quarter of 2010.

On June 1, 2010, DPC acquired oil pipeline assets associated with an idled refinery in Delaware City, Delaware from The Premcor Refining Group, Inc., a subsidiary of Valero Energy Corporation. For the thirty days in June 2010 during which the pipeline was under DPC's ownership, the pipeline was not in operation and DPC had no revenue. The pipeline is currently in standby mode while the refinery, which is the origin for products shipped on the pipeline, is shutdown for a complete turnaround until early next year, and

the pipeline also undergoes checks of certain operational systems.

On July 1, 2010, Delaware Pipeline Company adopted the tariffs of The Premcor Pipeline Co. ("Premcor") including FERC Nos. 2.0, 3.0 and 4.0 in their entirety. FERC Nos. 2.0.0, 3.0.0, and 4.0.0 implement a change in ownership effective June 1, 2010 of the pipeline facilities used to perform the services stated in the Premcor tariffs that are being adopted and brought forward under DPC's name. DPC is adopting these tariffs to reflect its purchase of the Premcor pipeline system associated with the Delaware City Refinery, located in New Castle County, Delaware, which originates at the Delaware City Refinery and extends to Sunoco Pipeline L.P.'s Twin Oaks Pump Station, located in Delaware County, Pennsylvania.

Since DPC had no operations during the 30-day period in June, it requests waiver of the quarter 2 6-Q reporting requirement of 18 CFR 357.4.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: August 31, 2010.
