SUPPLEMENTARY INFORMATION:

I. Abstract

The National Marine Fisheries Service (NMFS) Northeast Region manages the Atlantic sea scallop (scallop) fishery of the Exclusive Economic Zone (EEZ) off the East Coast under the Atlantic Sea Scallop Fishery Management Plan (FMP). The regulations implementing the FMP are at 50 CFR part 648. This collection, Amendment 10, was merged with Framework Adjustments 14, 15, 16, 17 and 18 of the FMP.

Amendment 10 included new access area broken trip notification

requirements and access area trip exchange procedures for limited access vessels participating in the Area Access Program.

Framework Adjustments 14 and 15 required occasional scallop vessels that participate in the Area Access Program to install a vessel monitoring system (VMS) unit.

Framework Adjustment 16 required the installation of VMS units on general category scallop vessels participating in the Area Access Program. These vessels are required to declare an access area trip prior to departure and to report daily catch information while on an access area trip.

Framework Adjustment 17 extended the VMS reporting requirements to include the general category vessels that possess or land more than 40 lbs. of scallop meats. The VMS is required to be fully automatic and operational at all times, unless exempted under the power-down exemption. These vessels are required to declare a trip prior to departure and to report daily catch information while on an access area trip.

Framework Adjustment 18 required vessels taking broken trip compensation trips to enter a unique trip identification code into their VMS units prior to departure.

II. Method of Collection

VMS transmissions, paper applications, telephone calls and/or E-mail are required from participants. Facsimile transmission of paper forms, mail, E-mail, and/or express mail are the methods of information submittal.

Proposed Information Collection; Comment Request

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation"), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its proposed renewal of its Senior Corps Project Progress Report (PPR)—reference OMB Control Number 3045-0033, with an expiration date of August 31, 2007. In conjunction with the PPR renewal, the Corporation proposes to make several modifications:

- Streamline the "Data Demographic" section of the collection instrument to reduce frequency and eliminate redundancy; and
- Modify the PPR datasheet frequency schedule from biennial to annual.

Copies of the information collection requests can be obtained by contacting

the office listed in the address section of this notice.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by March 19, 2007.

Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

Enhance the quality, utility, and clarity of the information to be collected; and

Minimize the burden of the collection of information on those who are expected to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submissions of responses).

Background

The Progress Report (PPR) was designed to assure that grantees of the Senior Corps' programs (RSVP, Foster Grandparent and Senior Companion Programs) address and fulfill legislated program purposes; meet agency program management and grant requirements; track and measure progress to benefit the local project and its contributions to senior volunteers and the community; and to report progress toward work plan objectives agreed upon in the granting of the award.

Current Action

- The Corporation seeks to renew and revise the current OMB approved Progress Report. When revised, the Progress Report will: (a) Eliminate all quarterly submissions of the PPR; (b) change the submission frequency of narrative and work plan sections to 100 percent semi-annual and; (c) change the submission frequency of the data demographics section from semi-annual to annual. The revised PPR will be used in the same manner as the existing PPR to report progress toward accomplishing work plan goals and objectives, reporting volunteer and service outputs; reporting actual outcomes related to self-nominated performance measures meeting challenges encountered, describing significant activities, and requesting technical assistance.
