

Mail Classification Schedule language for GEPS 2. The Postal Service identifies customer specific information and general contract terms that distinguish the instant contract from the baseline GEPS 2 agreement. *Id.* at 4–8. It contends that the instant contract is functionally equivalent to the GEPS 2 contracts filed previously notwithstanding these differences. *Id.* at 6–7.

The Postal Service asserts that several factors demonstrate the contract's functional equivalence with previous GEPS 2 contracts, including the general terms of the contract, the market to which it is being offered, and its cost characteristics. *Id.* at 3. The Postal Service concludes that because the "GEPS agreements incorporate the same cost attributes and methodology, the relevant cost and market characteristics are similar, if not the same . . ." despite any incidental differences. *Id.* at 6.

The Postal Service contends that its filings demonstrate that this new GEPS 2 contract is established in compliance with the requirements of 39 U.S.C. 3633, is functionally equivalent to previous GEPS 2 contracts, and requests that this contract be included within the GEPS 2 product. *Id.* at 7.

II. Notice of Filing

The Commission establishes Docket No. CP2010–26 for consideration of matters related to the contract identified in the Postal Service's Notice.

Interested persons may submit comments on whether the Postal Service's contract is consistent with the policies of 39 U.S.C. 3632, 3622 or 3642. Comments are due no later than March 19, 2010. The public portions of these filings can be accessed via the Commission's Web site (<http://www.prc.gov>).

The Commission appoints Paul L. Harrington to serve as Public Representative in the captioned filings.

III. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket No. CP2010–26 for consideration of matters raised by the Postal Service's Notice.

2. Comments by interested persons in these proceedings are due no later than March 19, 2010.
