

Entities List in 15 CFR part 744. If an exporter can satisfy himself that the transaction does not involve a proliferation activity and does not violate any other provision of the EAR, the exporter may proceed with the transaction notwithstanding the inclusion of the person on the Unverified List. If an exporter continues to have reasons for concern after the inquiry, the exporter should refrain from such transaction or submit all

relevant information to BIS in the form of an application for a license or a request for an advisory opinion.

Periodically, BIS will add persons to the Unverified List based on the criteria set forth above, and remove the names of persons from the Unverified List when warranted. Moreover, BIS may add to the Unverified List names of persons that BIS discovers are affiliated with a person on the Unverified List by virtue of ownership, control, position of

responsibility, or other affiliation or connection in the conduct of trade or business. Any person on the Unverified List may request that BIS review its inclusion on the Unverified List by filing an appeal in accordance with 15 CFR part 756.

The "Unverified List" is set forth below.

Dated: June 11, 2002.

In addition, unless otherwise indicated, all citations to the Department of Commerce (Department's) regulations are to the regulations at 19 CFR part 351 (April 2001).

Background

On October 18, 2001, the Department initiated antidumping duty investigations of CRCS from a number of countries, including France. *See Notice of Initiation of Antidumping Duty Investigations: Certain Cold-Rolled Carbon Steel Flat Products From Argentina, Australia, Belgium, Brazil,*

France, Germany, India, Japan, Korea, the Netherlands, New Zealand, the People's Republic of China, the Russian Federation, South Africa, Spain, Sweden, Taiwan, Thailand, Turkey, and Venezuela, 66 FR 54198, (October 26, 2001). The period of investigation (POI) is July 1, 2000 through June 30, 2001. On May 9, 2002, the Department published the notice of preliminary determination. *See Notice of Preliminary Determination of Sales at Not Less Than Fair Value: Certain Cold-Rolled Carbon Steel Flat Products from France*, 67 FR 31204 (*Preliminary Determination*). On May 29, 2002, the Department published its amended preliminary determination in this investigation. *See Notice of Amended Preliminary Determination of Sales at Less Than Fair Value: Certain Cold-Rolled Carbon Steel Flat Products from France*, 67 FR 37387 (*Amended Preliminary Determination*).

Postponement of Final Determination

Section 735(a)(2) of the Act provides that a final determination may be postponed until no later than 135 days

after the publication of the preliminary determination if, in the event of an affirmative determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by petitioners. The Department's regulations, at 19 CFR 351.210(e)(2), require that requests by respondents for postponement of a final determination be accompanied by a request for extension of provisional measures from a four-month period to not more than six months.

On May 23, 2002, Usinor Group (respondent) requested that the Department, pursuant to Section 735(a)(2) of the Act, postpone its final determination until not later than 135 days after the date of the publication of the preliminary determination in the **Federal Register** and requested extension of provisional measures to a period not to exceed six months. In accordance with 19 CFR 351.210(b)(2)(ii), because the request was filed in proper form and because (1) our amended preliminary determination was affirmative, (2) the respondent requesting the postponement accounts for a significant proportion of exports of the subject merchandise, and (3) no compelling reasons for denial exist, we are granting the respondent's request and are postponing the final determination until no later than 135 days after the publication of the preliminary determination in the **Federal Register**. Therefore, in accordance with section 735(a)(2) of the Act, the Department is postponing the final determination of the aforementioned investigation until September 23, 2002. Suspension of liquidation will be extended accordingly.

This notice is published in accordance with section 735(a)(2) of the Act.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results and Partial Rescission of Antidumping Duty Administrative Review.

SUMMARY: We determine that sales of the subject merchandise have not been made below normal value ("NV").

EFFECTIVE DATE: June 14, 2002.

FOR FURTHER INFORMATION CONTACT:

James Terpstra or Lyman Armstrong, AD/CVD Enforcement, Office VI, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-3965 or (202) 482-3601, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce ("the Department") regulations are to 19 CFR Part 351 (April 2001).

Case History

On February 7, 2002, the Department published the preliminary results of its administrative review of the antidumping duty order on extruded rubber thread from Indonesia. See *Notice of Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review: Extruded Rubber Thread from Indonesia*, 67 FR 5786 ("Preliminary Results"). As discussed in the preliminary results, this review covers shipments by P.T. Swasthi Parama Mulya ("Swasthi"), during the period of review ("POR") May 1, 2000 through April 30, 2001. We invited parties to comment on our preliminary results of review. In response to the Department's invitation to comment on the preliminary results of this review, Swasthi, a respondent in the case, submitted a letter stating that

it would not file any comments regarding the preliminary results unless in response to other comments filed by other interested parties. See Letter from Swasthi to the Department of Commerce (February 28, 2002). Interested parties did not submit case briefs nor did they request a hearing. There have been no changes since the preliminary results.

Scope of the Review

For purposes of this review, the product covered is extruded rubber thread ("ERT") from Indonesia. ERT is defined as vulcanized rubber thread obtained by extrusion of stable or concentrated natural rubber latex of any cross sectional shape, measuring from 0.18 mm, which is 0.007 inches or 140 gauge, to 1.42 mm, which is 0.056 inch or 18 gauge, in diameter.

ERT is currently classified under subheading 4007.00.00 of the *Harmonized Tariff Schedule* (HTS). Although the HTS subheading is provided for convenience and customs purposes, the written description of the scope of this review is dispositive.

Partial Rescission

We originally initiated a review of two companies: Swasthi and Filati Lastex Sdn. Bhd. ("Filati"), (see *Notice of Initiation of Antidumping Duty Administrative Review*, 66 FR 32934 (June 19, 2001)). However, as noted in the preliminary results, Filati withdrew its request and there were no additional requests for a review of Filati from any other interested party. We received no comments concerning Filati for the final results. Therefore, in accordance with 19 CFR 351.213(d)(3) and consistent with Department practice, we are rescinding our review of Filati (see, e.g., *Certain Welded Carbon Steel Pipe and Tube from Turkey: Final Results and Partial Rescission of Antidumping Administrative Review*, 63 FR 35190, 35191, (June 29, 1998); see also, *Certain Fresh Cut Flowers From Colombia: Final Results and Partial Rescission of Antidumping Duty Administrative Review*, 62 FR 53287, 53288 (October 14, 1997)).

Price Comparisons

We calculated export price and NV based on the same methodology described in the *Preliminary Results*.

Analysis of Comments Received

We gave interested parties an opportunity to comment on the *Preliminary Results*. As noted above, we received no comments from any party.
