Daniel Kim, Office of Budget, Planning and Evaluation, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–7816; email: dkim@cpsc.gov.

SUPPLEMENTARY INFORMATION: The CPSC is an independent federal regulatory agency with a public health and safety mission to protect the public from the unreasonable risks of injury and death from consumer products. The CPSC is providing notice that the agency is seeking public comments on its Draft Strategic Plan for 2023–2026 (draft plan).¹ Under the draft plan, CPSC’s mission is “Protecting the public from unsafe consumer products.” The agency’s overarching vision is: “A nation free from unreasonable risks of injury and death from consumer products.” The CPSC will work to achieve four strategic goals that will contribute to realizing the vision and achieving the mission.

The strategic goals are:

- Prevent hazardous products from reaching consumers.
- Address hazardous consumer products in the marketplace and with consumers in a fast and effective manner.
- Communicate actionable information about consumer product safety quickly and effectively.
- Efficiently and effectively support the CPSC’s mission.

The CPSC’s programs will align with the strategic goals, and the agency will implement strategies through initiatives and priority activities to achieve the strategic goals. The draft plan sets out how the CPSC will pursue the four strategic goals. The draft plan is available on the Commission’s website at: <https://cpsc-d8-media-prod.s3.amazonaws.com/s3fs-public/CPSCDraftStrategicPlan2023-2026>. The draft plan is also available for viewing at <https://www.regulations.gov> under docket number, CPSC–2022–0031, “Supporting and Related Material.”

The draft plan serves as a draft of the Commission’s intended Strategic Plan for 2023–2026. The CPSC accordingly seeks comments on all aspects of the draft plan. CPSC has a wide range of external stakeholders from industry, trade associations, consumers and consumer groups, nonprofits, and standards development organizations, as well as from the international,

congressional, federal, state, and local sectors. The agency looks forward to receiving comments from all individuals and entities involved in, and affected by, the CPSC’s activities. Please provide comments as directed in the **ADDRESSES** section of this notice.

Abioye Mosheim,

Acting Secretary, Consumer Product Safety Commission.

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2012–0058]

Agency Information Collection Activities; Submission for OMB Review; Comment Request—Safety Standard for Walk-Behind Power Lawn Mowers

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission), announces that the Commission has submitted to the Office of Management and Budget (OMB) a request for extension of approval for information collection related to testing and recordkeeping requirements in the Safety Standard for Walk-Behind Power Lawn Mowers, previously approved under OMB Control No. 3041–0091. On June 8, 2022, CPSC published a notice in the **Federal Register** announcing the agency’s intent to seek this extension. CPSC received one comment in response to that notice, which we address below.

DATES: Submit written or electronic comments on the collection of information by September 26, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to: www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. In addition, written comments that are sent to OMB also should be submitted electronically at: <http://www.regulations.gov>, under Docket No. CPSC–2012–0058.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301)

504–7991, or by email to: cgillham@cpsc.gov.

SUPPLEMENTARY INFORMATION: On June 8, 2022, CPSC published a notice in the **Federal Register** announcing the agency’s intent to seek an extension for this information collection. 87 FR 34862. CPSC received one comment in response to that notice from the Outdoor Power Equipment Institute (OPEI). OPEI is a trade association with more than 100 manufacturers and their suppliers of gas and electric-powered outdoor power equipment, including lawn mowers. OPEI requested a meeting with CPSC to discuss two requirements in the standard: walk-behind, rotary power mower protective shields, and warning label for reel type and rotary power mowers. Accordingly, OPEI’s letter has been referred to CPSC’s Office of Hazard Identification and Reduction for review. Although the commenter did not provide any specific comments on the burden hour estimates made by CPSC, OPEI asserts that there are almost 6 million mowers tested and labelled to meet the CPSC standard each year. In addition, OPEI claims that member manufacturers employ multiple personnel test to the standard, label and apply warnings, and maintain records. All of these requirements, according to OPEI, “requires the use of dedicated technicians, which requires considerable employee time per day per establishment.” Based on OPEI’s assertions, CPSC has updated the burden estimates for the collection of information, as follows:

CPSC has increased the estimated time burden for conducting a reasonable testing program from 3 hours daily, to 8 and increased the estimate of the total hour burden for testing by industry from 11,310 hours to 30,160 hours. Accordingly, the estimated annual cost burden for testing by industry is increased from \$796,224 to \$2,308,936.50. The CPSC hourly wage estimate matches the description of the technical expertise needed, as described by OPEI. With these changes, CPSC seeks to renew the following currently approved collection of information:

Title: Safety Standard for Walk-Behind Power Lawn Mowers.

OMB Number: 3041–0091.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Manufacturers and importers of walk-behind power lawn mowers.

Estimated Number of Respondents: Approximately 29 manufacturers and importers of walk-behind power lawn mowers.

¹ The Commission voted 5–0 to approve this notice.

Estimated Time per Response: Walk-behind power lawn mowers are manufactured seasonally to meet demand. They are manufactured during an estimated 130 days out of the year. When they are manufactured, firms are required to test and maintain records of those tests. Staff estimates 8 hours daily for testing and recordkeeping per firm, totaling 1040 hours per firm (8 hours \times 130 days). In addition, to produce labels and apply labels on the newly manufactured lawn mowers, staff estimates 1 hour daily for each firm during the production cycle for a total of 130 hours per firm (1 hour \times 130 days).

Total Estimated Annual Burden: Staff estimates 30,160 hours on testing and recordkeeping (29 firms \times 1,040 hours) and 3,770 hours for labeling (29 firms \times 130 hours). Aggregate annual burden hours related to testing, recordkeeping, and labeling are estimated to be 1,170 hours (1040 + 130) per firm and 33,930 hours (30,160 + 3,770) for the industry. The annual testing, reporting and recordkeeping costs burden is estimated to be \$2,176,044, based on 30,160 hours \times \$72.15 (total compensation for management, professional, and related workers in goods-producing industries); and the annual cost burden related to labeling is estimated to be \$132,892.50, based on 3,770 hours \times \$35.25 (total compensation for all sales and office workers in goods-producing industries).¹ Aggregate annual burden costs related to testing, recordkeeping, and labeling are estimated to be \$2,308,936.50 (\$2,176,044 + \$132,892.50) for the industry.

General Description of Collection: In 1979, the Commission issued the Safety Standard for Walk-Behind Power Lawn Mowers (16 CFR part 1205) to address blade contact injuries. Subpart B of the standard sets forth regulations prescribing requirements for a reasonable testing program to support certificates of compliance with the standard for walk-behind power lawn mowers. 16 CFR part 1205, subpart B.

In addition, section 14(a) of the CPSA (15 U.S.C. 2063(a)) requires manufacturers, importers, and private labelers of a consumer product subject to a consumer product safety standard to issue a certificate stating that the product complies with all applicable consumer product safety standards. Section 14(a) of the CPSA also requires that the certificate of compliance must be based on a test of each product or upon a reasonable testing program. The

information collection is necessary because these regulations require manufacturers and importers to establish and maintain records to demonstrate compliance with the requirements for testing and labeling to support the certification of compliance.

Abioye Mosheim,

Acting Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

U.S. INTERNATIONAL DEVELOPMENT FINANCE CORPORATION

[DFC–007]

Submission for OMB Review; Comments Request

AGENCY: U.S. International Development Finance Corporation (DFC).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the provisions of the Paperwork Reduction Act, agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency modifying an existing information collection for OMB review and approval and requests public review and comment on the submission. Comments are being solicited on the need for the information; the accuracy of the burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

DATES: Comments must be received by October 25, 2022.

ADDRESSES: Comments and requests for copies of the subject information collection may be sent by any of the following methods:

- **Mail:** Deborah Papadopoulos, Agency Submitting Officer, U.S. International Development Finance Corporation, 1100 New York Avenue NW, Washington, DC 20527.

- **Email:** fedreg@dfc.gov.

Instructions: All submissions received must include the agency name and agency form number or OMB form number for this information collection. Electronic submissions must include the agency form number in the subject line to ensure proper routing. Please note that all written comments received in response to this notice will be considered public records.

FOR FURTHER INFORMATION CONTACT:

Agency Submitting Officer: Deborah Papadopoulos, (202) 357–3979.

SUPPLEMENTARY INFORMATION: This notice informs the public that DFC will submit to OMB a request for approval of the following information collection.

Summary Form Under Review

Title of Collection: Impact Assessment Questionnaire.

Type of Review: Revision of a currently approved information collection.

Agency Form Number: DFC–007.

OMB Form Number: 3015–0009.

Frequency: Once per investor per project.

Affected Public: Business or other for-profit; not-for-profit institutions; individuals.

Total Estimated Number of Annual Number of Respondents: 250.

Estimated Time per Respondent: 1.5 hours.

Total Estimated Number of Annual Burden Hours: 375 hours.

Abstract: The DFC Impact Assessment Questionnaire is the principal document used by the agency to initiate the assessment of a potential project's predicted development impact, as well as the project's ability to comply with environmental and social policies, including labor and human rights, as consistent with the agency's authorizing legislation.

Dated: August 22, 2022.

Nichole Skoyles,

Administrative Counsel, Office of the General Counsel.
