

Program was established by the Energy Independence and Security Act of 2007 (Pub. L. 110–140; (EISA)). The EECBG Program provides Federal grants to States, units of local government, Indian Tribes, and consortia of these entities to reduce energy use and fossil fuel emissions, and for energy efficiency programs and projects. (42 U.S.C. 17152) Generally, the EECBG Program provides for formula grants to States, cities and counties of specified populations, and specified Indian Tribes (collectively referred to as “eligible entities”). (42 U.S.C. 17153(a)) Entities eligible for a formula grant and their funding allocations are published on DOE’s Web site at <http://www.eecbg.energy.gov/>. The EECBG Program is administered by the Office of Energy Efficiency and Renewable Energy (EERE) of the U.S. Department of Energy (DOE).

The American Recovery and Reinvestment Act of 2009 (Pub. L. 111–5; ARRA) appropriated \$3.2 billion to DOE to implement the program. DOE initially provided \$2.741 billion for formula grants from the ARRA appropriations. The distribution was determined using the most recent and accurate population data available, as follows:

- 68 percent to eligible units of local government;
- 28 percent to States through formula grants;
- Two percent to Indian Tribes through formula grants; and
- Two percent for competitive grants to ineligible cities, counties, and Indian Tribes.

(42 U.S.C. 17153(a); *see also* 74 FR 17146 (April 15, 2009) available at (http://www1.eere.energy.gov/wip/pdfs/eecbg_federal_register_notice_04_15_09.pdf).

In June 2009, DOE established an appeals process regarding eligibility determinations. (74 FR 30061; June 24, 2009). The deadline for filing appeals regarding eligibility determinations for direct formula grants for units of local government under the EECBG Program was July 24, 2009. Appeals were reviewed and adjudicated by DOE’s Office of Hearings and Appeals (OHA), and decisions were issued from July 23, 2009, through September 15, 2009. Thirty one appeals were granted, six appeals were denied, and one was dismissed. All case decisions are available at <http://www.oha.doe.gov/EECBG/report.asp>. For detailed information regarding issues that could be appealed, the process for filing an appeal, and the procedure applicable to adjudicate such appeals, see the notice

available at <http://www.oha.doe.gov/EECBG/EECBG.asp>.

The total number of eligible entities under the EECBG Program, including entities that successfully appealed, is 2,359; 56 States (including the District of Columbia, Puerto Rico, Guam, the Mariana Islands, the U.S. Virgin Islands, and American Samoa), 1,258 cities and city-equivalents, 471 counties and county-equivalents, and 574 Indian Tribes. Under ARRA, all EECBG Program funds from ARRA must be obligated by DOE by September 30, 2010.

II. Extension of the FOA Application Deadlines

DOE issued DE–FOA–0000013 on March 26, 2009, establishing an application deadline for States of May 26, 2009, and for units of local government and Indian Tribes of June 25, 2009. The FOA specifically stated that applications received after the deadline would not be reviewed or considered for award. However, DOE issued amendment 003 on May 11, 2009, establishing an application deadline for all applicants of June 25, 2009. DOE issued amendment 005 on June 25, 2009, establishing a deadline of August 10, 2009. This notice is to inform eligible entities that an amended deadline for applications for formula funding under the EECBG Program of June 25, 2010 has been established. Applications not received by this date will not be reviewed or considered for award.

If there are any funds remaining upon closure of DE–FOA–0000013 for formula grants to eligible entities, DOE will reallocate the remaining funds consistent with the EECBG statutory formula.

III. Application Information for Eligible Entities

Eligible entities that have not submitted an application for a formula allocation under the program to date may submit an application to DOE by 11:59 p.m., ET, June 25, 2010. Applicants must follow all registration and submission requirements and instructions in DE–FOA–0000013.

DOE encourages eligible entities that do not intend to apply for an allocation to submit a Letter of Intent. Letters of Intent are not required. However, if you are an eligible entity in accordance with section 541, Subtitle E of EISA of 2007 and do not intend to apply for these funds, please submit an e-mail to EECBG@netl.doe.gov with the subject line: “DE–FOA–0000013—No intention of applying for funding.” In the body of the e-mail message, state that “the

following entity: [State/City, State/County, State/Indian Tribe/State] will not be applying for their formula-based funding available under the Energy Efficiency and Conservation Block Grant Program.” Please include a PDF of a letter on the entity’s letterhead also stating the intention not to apply for funding with the signature, name and contact information of the authorized individual responsible for this decision.

IV. Approval of the Office of the Secretary

The Secretary of Energy has approved publication of this notice.

Issued in Washington, DC, on May 18, 2010.

Cathy Zoi,

Assistant Secretary, Energy Efficiency and Renewable Energy.

BILLING CODE 6450–01–P

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OECA–2009–0397; FRL–9154–4; EPA ICR Number 1869.06; OMB Control Number 2060–0434]

Agency Information Collection Activities; Submission to OMB for Review and Approval; Comment Request; NESHAP for the Manufacture of Amino/Phenolic Resins

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved collection. The ICR which is abstracted below describes the nature of the collection and the estimated burden and cost.

DATES: Additional comments may be submitted on or before June 23, 2010.

ADDRESSES: Submit your comments, referencing docket ID number EPA–HQ–OECA–2009–0397, to (1) EPA online using <http://www.regulations.gov> (our preferred method), or by e-mail to docket.oeca@epa.gov, or by mail to: EPA Docket Center (EPA/DC), Environmental Protection Agency, Enforcement and Compliance Docket and Information Center, mail code 28221T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory

Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT:

Robert C. Marshall, Jr., Office of Compliance, Mail Code: 2223A, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone number: (202) 564-7021; fax mail: (202) 564-0050; e-mail address: marshall.robert@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On July 8, 2009 (74 FR 32581), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under docket ID number EPA-HQ-OECA-2009-0397, which is available for public viewing online at <http://www.regulations.gov>, in person viewing at the Enforcement and Compliance Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue, NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket is (202) 566-1752.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov>, as EPA receives them and without change, unless the comment contains copyrighted material, Confidential Business Information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: NESHAP for the Manufacture of Amino/Phenolic Resins (Renewal).

ICR Numbers: EPA ICR Number 1869.06, OMB Control Number 2060-0434.

ICR Status: This ICR is scheduled to expire on July 31, 2010. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, and displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for the Manufacture of Amino/Phenolic Resins were proposed on December 14, 1998, and promulgated on January 20, 2000.

The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 63, subpart KKKK. Owners or operators of the affected facilities must submit a one-time-only report of any physical or operational changes, initial performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports, at a minimum, are required semiannually.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 293 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information;

and transmit or otherwise disclose the information.

Respondents/Affected Entities: Amino/phenolic resins manufacturing facilities.

Estimated Number of Respondents: 40.

Frequency of Response: Initially, occasionally, quarterly, semiannually, and annually.

Estimated Total Annual Hour Burden: 24,044.

Estimated Total Annual Cost: \$2,290,320, which includes \$2,274,320 in labor costs, no capital/startup costs, and \$16,000 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is no change in the respondent labor hours in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years, are not anticipated to change over the next three years; and (2) the growth rate for the respondents is very low, negative or non-existent. Therefore, the labor hours in the previous ICR reflect the current burden to the respondents and are reiterated in this ICR.

There is an increase in both respondent and Agency costs resulting from labor rate increases from 2003 to 2009.

Dated: May 18, 2010.

John Moses,

Director, Collection Strategies Division.
