

mandatory responses to the new collection will take approximate 2 hours per response.

The Commission cannot determine with precision how many of the 7,000 responses it expects to receive will be stayed and subject to the notice and comment requirements of section 745 and the part 40 regulations. The Commission anticipates that only a small fraction of these responses would be stayed and subject to a request for comment via Web site notice, and that each of the stayed rules or rule amendments typically will receive not more than 20 comments, a conservative number based on Commission history with industry filings.

Issued by the Commission this 24th day of January, 2012.

David Stawick,

Secretary of the Commission.
