V. Proposed Action

EPA is proposing to approve and incorporate into South Carolina’s SIP the aforementioned changes to South Carolina Regulation 61–62.1, Section I—*Definitions*, state effective on April 24, 2020. EPA has determined that these revisions meet the applicable requirements of Section 110 of the CAA and the applicable regulatory requirements at 40 CFR part 51.

VI. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. See 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. This proposed action merely proposes to approve state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed rule for South Carolina does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because it does not have substantial direct effects on an Indian Tribe. The Catawba Indian Nation Reservation is located within the state of South Carolina. Pursuant to the Catawba Indian Claims Settlement Act, S.C. Code Ann. 27–16–120, “all state and local environmental laws and regulations apply to the [Catawba Indian Nation] and Reservation and are fully enforceable by all relevant state and local agencies and authorities.” EPA notes this action will not impose substantial direct costs on Tribal governments or preempt Tribal law.

47 CFR Part 73

[MB Docket No. 21–21–921; RM–11891; DA 21–921; FR ID 41251]

Television Broadcasting Services Henderson, Nevada

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission has before it a petition for rulemaking filed by KVVU Broadcasting Corporation (Petitioner), the licensee of KVVU (FOX), channel 9, Henderson, Nevada. The Petitioner requests the substitution of channel 24 for channel 9 in the DTV Table of Allotments.

DATES: Comments must be filed on or before September 3, 2021 and reply

comments on or before September 20, 2021.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 45 L Street NE, Washington, DC 20554. In addition to filing comments with the FCC, interested parties should serve counsel for the Petitioner as follows: Christina Burrow, Esq., Cooley LLP, 1299 Pennsylvania Avenue NW, Suite 700, Washington, DC 20004.

FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647; or Joyce Bernstein, Media Bureau, at Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: In support of its channel substitution request, the Petitioner states that the Commission has recognized that VHF channels have certain characteristics that pose challenges for their use in providing digital television service, including propagation characteristics that allow undesired signals and noise to be receivable at relatively far distances and nearby electrical devices to cause interference. According to the Petitioner, it has received numerous complaints of poor or no reception from viewers, and explains the importance of a strong over-the-air signal in the Las Vegas area during emergencies, when, it states, cable and satellite service may go out of operation. It also explained that improving KVVU’s signal would serve the public interest because more than 25 percent of viewers in the Las Vegas area receive television broadcast signals over-the-air. Finally, the Petitioner recognized that the channel 24 noise limited contour would not fully encompass the existing channel 9 contour, but stated that only 152 persons in the lost coverage area would lose service from KVVU–TV, a number the Commission considers *de minimis*, and no viewers would lose access to their first or second over-the-air television service. The Petitioner also performed an analysis using the Commission’s *TVStudy* software, which indicated that Petitioner’s proposal would result in no more than 0.5 percent new interference to any surrounding co-channel or adjacent-channel facility.

This is a synopsis of the Commission’s *Notice of Proposed Rulemaking*, MB Docket No. 21–921; RM–11891; DA 21–921, adopted July 27, 2021, and released July 28, 2021. Bureau at (202) 418-0530 (VOICE), (202) 418-0432 (TTY).

This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden “for small business concerns with fewer than 25 employees,” pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, do not apply to this proceeding.

Members of the public should note that all *ex parte* contacts are prohibited from the time a Notice of Proposed Rulemaking is issued to the time the matter is no longer subject to Commission consideration or court review, *see* 47 CFR 1.1208. There are, however, exceptions to this prohibition, which can be found in Section 1.1204(a) of the Commission’s rules, 47 CFR 1.1204(a).

See Sections 1.415 and 1.420 of the Commission’s rules for information regarding the proper filing procedures for comments, 47 CFR 1.415 and 1.420.

Endangered and Threatened Wildlife and Plants; Threatened Species Status With Section 4(d) Rule for Emperor Penguin

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Proposed rule.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), propose to list the emperor penguin (*Aptenodytes forsteri*), a flightless bird species from Antarctica, as a threatened species under the Endangered Species Act of 1973, as amended (Act). This proposal also serves as our 12-month finding on a petition to list the emperor penguin. After a review of the best available scientific and commercial information, we find that listing the species is warranted. Accordingly, we propose to list the emperor penguin as a threatened species with a rule issued under section 4(d) of the Act (“4(d) rule”). If we finalize this rule as proposed, it would add this species to the List of Endangered and Threatened Wildlife and extend the Act’s protections to the species.

DATES: We will accept comments received or postmarked on or before October 4, 2021. Comments submitted electronically using the Federal eRulemaking Portal (see **ADDRESSES**, below) must be received by 11:59 p.m. Eastern Time on the closing date. We must receive requests for a public hearing, in writing, at the address shown in **FOR FURTHER INFORMATION CONTACT** by September 20, 2021.

ADDRESSES: You may submit comments by one of the following methods:

(1) *Electronically:* Go to the Federal eRulemaking Portal: <http://www.regulations.gov>. In the Search box, enter FWS-HQ-ES-2021-0043, which is the docket number for this rulemaking. Then, click on the Search button. On the resulting page, in the Search panel on the left side of the screen, under the Document Type heading, check the Proposed Rule box to locate this document. You may submit a comment by clicking on “Comment.”

(2) *By hard copy:* Submit by U.S. mail to: Public Comments Processing, Attn: FWS-HQ-ES-2021-0043, U.S. Fish and Wildlife Service, MS: PRB/3W, 5275 Leesburg Pike, Falls Church, VA 22041-3803.

We request that you send comments only by the methods described above. We will post all comments on <http://www.regulations.gov>. This generally means that we will post any personal information you provide us (see Information Requested, below, for more information).

Availability of supporting materials: Supporting documentation used to prepare this proposed rule, including the species status assessment (SSA) report, is available on the internet at <http://www.regulations.gov> under Docket No. FWS-HQ-ES-2021-0043.

FOR FURTHER INFORMATION CONTACT: Elizabeth Maclin, Chief, Branch of Delisting and Foreign Species, Ecological Services Program, U.S. Fish and Wildlife Service, MS: ES, 5275 Leesburg Pike, Falls Church, VA 22041-3803 (telephone 703-358-2171). SUPPLEMENTARY INFORMATION:

Executive Summary

Why we need to publish a rule. Under the Act, if we determine that a species is an endangered or threatened species throughout all or a significant portion of its range, we are required to promptly publish a proposal in the **Federal Register**. We will make a determination on our proposal within 1 year, unless we determine that there is substantial disagreement regarding the sufficiency and accuracy of the available data relevant to the proposed listing, in which case we may extend the final determination for not more than 6 months. Listing a species as an endangered or threatened species can only be completed by issuing a rule.

What this document does. We propose to list the emperor penguin as a threatened species with a 4(d) rule under the Act.

The basis for our action. Under the Act, we may determine that a species is
