#### Notice of Application for Amendment of License and Soliciting Comments, Motions To Intervene, and Protests

January 24, 2002.

Take notice that the following application has been filed with the Commission and is available for public inspection:

a. *Application Type:* Amendment of license to add Shoreline Management Plan

b. *Project No:* 2206-021

c. *Date Filed:* December 28, 2001

d. *Applicant:* Carolina Power & Light Company

e. *Name of Project:* Tillery Hydroelectric Project

f. *Location:* On the Pee Dee River in Montgomery and Stanley Counties, North Carolina. The project does not utilize federal or tribal lands.

g. *Filed Pursuant to:* Federal Power Act, 16 USC 791(a)-825(r).

h. *Applicant Contact:* Mr. Larry Mann, Carolina Power & Light Company, Tillery Hydro Plant, 179 Tillery Dam Road, Mt. Gilead, NC 27306. Phone: (910) 439-5211, ext. 1202.

i. *FERC Contact:* Any questions on this notice should be addressed to Shana High at (202) 208-2266, or e-mail address: [shana.high@ferc.fed.us](mailto:shana.high@ferc.fed.us).

j. *Deadline for filing comments and/or motions:* March 6, 2002.

All documents (original and eight copies) should be filed with: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington DC 20426. Please include the project number (2206-021) on any comments or motions filed.

Comments, protests and interventions may be filed electronically via the

Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-Filing" link.

k. *Description of Proposal:* CP&L developed a Shoreline Management Plan (SMP) to provide greater protection of the Lake Tillery shoreline, while ensuring safe and reliable production of hydroelectric power at the project. In the proposed plan, the licensee designates certain land classifications for its 118 miles of shorelines. These designations, including Environmental/Natural, Potential Development Areas, and Impact Minimization Zones will allow the licensee to manage lands for future uses. The SMP can be viewed at [www.cpl.com](http://www.cpl.com) by clicking "Our Environment", "Lake Tillery Shoreline Management", "View Documents Online".

## ENVIRONMENTAL PROTECTION AGENCY

[FRL-7135-8]

### Agency Information Collection Activities: Request for Comments on Seven Proposed Information Collection Requests (ICRs)

**AGENCY:** United States Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this document announces that EPA is planning to submit the seven continuing Information Collection Requests (ICRs) listed in Section A of this notice to the Office of Management and Budget (OMB). Before submitting the ICRs to OMB for review and approval, EPA is soliciting comments on specific aspects of the information collections as described at the beginning of the **SUPPLEMENTARY INFORMATION** provided in this notice.

**DATES:** Comments must be submitted on or before April 1, 2002.

**ADDRESSES:** Compliance Assessment and Media Programs Division, Office of Compliance, Office of Enforcement and Compliance Assurance, Mail Code 2223A, United States Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460. A hard copy of a specific ICR may be obtained without charge by calling the identified information contact person listed in Section B under **SUPPLEMENTARY INFORMATION**.

**FOR FURTHER INFORMATION CONTACT:** For specific information on an individual ICR, contact the person listed in Section B under **SUPPLEMENTARY INFORMATION**.

#### **SUPPLEMENTARY INFORMATION:**

##### **For All ICRs**

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are displayed in 40 CFR Part 9.

The EPA would like to solicit comments to:

(i) evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information;

(iii) enhance the quality, utility, and clarity of the information to be collected; and

(iv) minimize the burden of the collection of information on those who respond through the use of automated, electronic, mechanical, or other forms of information technology.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

In the absence of such information collection requirements, enforcement personnel would be unable to determine whether the standards are being met on a continuous basis, as required by the Clean Air Act. Consequently, these information collection requirements are mandatory, and the records required by New Source Performance Standards (NSPS) must be retained by the owner or operator for at least two years; records required by the National Emission Standards for Hazardous Air Pollutants (NESHAP) must be retained by the owner or operator for at least five years; and records required by the NESHAP Maximum Achievable Control Technology standards (NESHAP-MACT) must be retained by the owner or operator for at least five years. In general, the required information consists of emissions data and other information deemed not to be private. However, any information submitted to the Agency for which a claim of confidentiality is made will be safeguarded according to the Agency policies set forth in Title 40, Chapter 1, Part 2, Subpart B—Confidentiality of Business Information (See 40 CFR Part 2; 41 FR 36902, September 1, 1976; amended by 43 FR 39999, September 8, 1978; 43 FR 42251, September 28, 1978; 44 FR 17674, March 2, 1979).

The Agency computed the burden for each of the recordkeeping and reporting requirements applicable to the industry for the currently approved ICRs. Where applicable, the Agency identified specific tasks and made assumptions, while being consistent with the concept of the Paper Work Reduction Act.
