

public comment version of the supporting statement, at MSHA, Office of Standards, Regulations, and Variances, 1100 Wilson Boulevard, Room 2350, Arlington, VA 22209-3939. OMB clearance requests are available on MSHA's Web site at <http://www.msha.gov> under "Rules & Regs" on the right side of the screen by selecting *Information Collections Requests, Paperwork Reduction Act Supporting Statements*. The document will be available on MSHA's Web site for 60 days after the publication date of this notice. Comments submitted in writing or in electronic form will be made available for public inspection. Because comments will not be edited to remove any identifying or contact information, MSHA cautions the commenter against including any information in the submission that should not be publicly disclosed. Questions about the information collection requirements may be directed to the person listed in the **FOR FURTHER INFORMATION** section of this notice.

III. Current Actions

The information obtained from mine operators is used by MSHA during inspections to determine compliance with safety standards related to the integrity of roof bolts. MSHA has updated the data for the number of respondents and responses, and the total burden hours and burden costs supporting this information collection extension request.

Summary

Type of Review: Extension.

Agency: Mine Safety and Health Administration.

Title: Safety Standards for Roof Bolts in Metal and Nonmetal Mines and Underground Coal Mines.

OMB Number: 1219-0121.

Affected Public: Business or other for-profit. Cite/Reference/Form/etc. 30 CFR 56.3203, 57.3203, and 75.204.

Total Number of Respondents: 1,215.

Frequency: Various.

Total Number of Responses: 129,060.

Total Burden Hours: 785 hours.

Total Annual Cost Burden: \$0.

Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Authority: 44 U.S.C. 3506(c)(2)(A).

Dated: May 25, 2012.

George F. Triebsch,
Certifying Officer.

BILLING CODE 4510-43-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 12-039]

NASA Advisory Council; Aeronautics Committee; UAS Subcommittee Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, the National Aeronautics and Space Administration (NASA) announces a meeting of the Unmanned Aircraft Systems (UAS) Subcommittee of the Aeronautics Committee of the NASA Advisory Council. The meeting will be held for the purpose of soliciting, from the aeronautics community and other persons, research and technical information relevant to program planning.

DATES: Wednesday, June 27, 2012, 8 a.m. to 4:30 p.m., and Thursday, June 28, 2012, 8 a.m. to 3 p.m., Local Time.

ADDRESSES: This meeting will take place at NASA Headquarters, 300 E Street SW., Room 6B42, Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Ms. Brenda L. Mulac, Executive Secretary for the UAS Subcommittee of the Aeronautics Committee, National Aeronautics and Space Administration Headquarters, Washington, DC 20546, (202) 358-1578, or brenda.l.mulac@nasa.gov.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the capacity of the room. Any person interested in participating in the meeting by Webex and telephone should contact Ms. Brenda L. Mulac at (202) 358-1578 for the web link, toll-free number and passcode. The agenda for the meeting includes the following topics:

- Overview of the Integration of UAS into the National Airspace System Project Technical Challenges
- Overview of the Communications Subproject
- Overview of the Certification Subproject
- Overview of the Subproject on Human Systems Interface
- Overview of the Subproject on Separation Assurance/Sense and Avoid Interoperability
- Overview of the Integration Test and Evaluation Subproject

It is imperative that these meetings be held on this date to accommodate the

scheduling priorities of the key participants. Attendees will be requested to sign a register and comply with NASA security requirements, including the presentation of a valid picture ID to Security before access to NASA Headquarters (West Lobby—Visitor Control Center). Foreign nationals attending this meeting will be required to provide a copy of their passport and visa in addition to providing the following information no less than 10 working days prior to the meeting: full name; gender; date/place of birth; citizenship; visa information (type, number, expiration date); passport information (number, country, expiration date); employer/affiliation information (name of institution, address, country, telephone); title/position of attendee; and home address to Ms. Brenda L. Mulac, by fax at (202) 358-3602. U.S. citizens and green card holder are requested to submit their name and affiliation 3 working days prior to the meeting to Brenda Mulac.

Patricia D. Rausch,

*Advisory Committee Management Officer,
National Aeronautics and Space Administration.*

BILLING CODE 7510-13-P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities; Proposed Collection; Comment Request

AGENCY: National Science Foundation.

ACTION: Notice and request for comments.

SUMMARY: Under the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501 *et seq.*), and as part of its continuing effort to reduce paperwork and respondent burden, the National Science Foundation (NSF) is inviting the general public or other Federal agencies to comment on this proposed continuing information collection. The NSF will publish periodic summaries of the proposed projects.

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the NSF, including whether the information will have practical utility; (b) the accuracy of the NSF's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected, including through the use of automated collection techniques or other forms of information

technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology.

DATES: Written comments on this notice must be received by July 31, 2012 to be assured of consideration. Comments received after that date will be considered to the extent practicable. Send comments to the address below.

FOR FURTHER INFORMATION CONTACT: Ms. Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230; telephone (703) 292-7556; or send email to splimpto@nsf.gov.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: 2013 Survey of Doctorate Recipients.

OMB Approval Number: 3145-0020.

Expiration Date of Approval: July 31, 2013.

Type of Request: Intent to seek approval to reinstate an information collection for three years.

1. *Abstract.* The Survey of Doctorate Recipients (SDR) has been conducted biennially since 1973 and is a longitudinal survey. The 2013 SDR will consist of a sample of individuals less than 76 years of age who have earned a research doctoral degree in a science, engineering or health field from a U.S. institution. The purpose of this longitudinal panel survey is to collect data that will be used to provide national estimates on the doctoral science and engineering workforce and changes in their employment, education and demographic characteristics. The SDR is one of the component surveys of the Scientists and Engineers Statistical Data System (SESTAT), which produces national estimates of the size and characteristics of the nation's science and engineering workforce. The 2013 SDR will provide necessary input into the SESTAT.

The National Science Foundation Act of 1950, as subsequently amended, includes a statutory charge to “* * * provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering resources, and to provide a source of information for policy formulation by other agencies of the Federal

Government.” The SDR is designed to comply with these mandates by providing information on the supply and utilization of the nation's doctoral level scientists and engineers. The NSF uses the information from the SDR to prepare congressionally mandated reports such as *Women, Minorities and Persons With Disabilities in Science and Engineering and Science and Engineering Indicators*. The NSF publishes statistics from the SDR in many reports, but primarily in the biennial series, *Characteristics of Doctoral Scientists and Engineers in the United States*. A public release file of collected data, designed to protect respondent confidentiality, also will be made available to researchers on the Internet.

Data will be obtained by web survey, mail questionnaire, and computer-assisted telephone interviews beginning in February 2013. The survey will be collected in conformance with the Confidential Information Protection and Statistical Efficiency Act of 2002 and the individual's response to the survey is voluntary. NSF will ensure that all information collected will be kept strictly confidential and will be used only for statistical purposes.

2. *Expected Respondents.* A statistical sample of approximately 47,000 individuals with U.S. earned doctorates in science, engineering or health will be contacted in 2013. This sample will include approximately 40,000 individuals residing in the U.S. (national component) and 7,000 residing abroad (international component). NSF expects the response rate to be 70 to 80 percent for both the national and international components.

3. *Estimate of Burden.* The amount of time to complete the questionnaire may vary depending on an individual's circumstances; however, on average it will take approximately 25 minutes. NSF estimates that the annual burden will be 13,333 hours for the national component and 2,333 hours for the international component. Thus, NSF estimates that the total annual burden for both components will be 15,666 hours.

Dated: May 25, 2012.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.
