

and two Agrium stores in Maryland and Virginia within 180 days of its acquisition of UAP, and that Agrium further comply with all provisions of a divestiture agreement to be approved by the Commission. The agreement also provides that the two Agrium stores located in Snow Hill, Maryland and Keller, Virginia, be sold to a single buyer. Because Agrium's Keller location provides the Snow Hill location with dry bulk blended fertilizer, the Keller store must be sold to maintain the existing market dynamic. If the Snow Hill store were sold alone, it would be unable to sell bulk dry blended fertilizer to local farmers.

The Decision and Order defines the scope of the assets to include the attributes of an ongoing business, such as necessary real property, tangible personal property, inventories, contracts, records of the business, accounts receivable permits, and intellectual property (other than the UAP and Agrium trade names). Pursuant to Paragraph II.E. of the proposed Decision and Order, Agrium also is required, for a period of up to a year, provide necessary transition services to the buyer at cost. The purpose of this provision is to allow for a relatively smooth transition of the store operation to the acquirer. Paragraph II.F. of the Decision and Order provides mechanisms for retention of each UAP store's employees by the acquiring party.

Paragraph III of the proposed Decision and Order requires that the Parties keep private, except where necessary under the agreement, confidential business information related to the divested UAP stores. Paragraph IV of the proposed Decision and Order requires that the Parties provide the Commission with "advance written notification" of intent to acquire any assets engaged in the sale of agricultural products in any area affected by the proposed divestitures. Paragraph V of the proposed Decision and Order provides for appointment of a divestiture trustee. Paragraphs VI-VIII define reporting obligations.

B. Key Provisions of the Order to Hold Separate

The Order to Hold Separate and Maintain Assets requires the Parties to maintain the assets to be divested as independent businesses pending divestiture, and to maintain the viability of these businesses. The proposed Order also provides for the appointment of an interim monitor to oversee the UAP assets in the relevant markets. The proposed Order incorporates the traditional provisions that allow the Interim Monitor broad oversight of the

assets, and requiring the Monitor to report to the Commission on a regular basis. Furthermore, the proposed Order has provisions requiring the Parties to appoint a Manager who would run the assets on an independent basis, and requiring the Parties to give that Manager financial incentives in the success of the assets. The Parties will also be required to provide the held separate businesses with necessary support, but provides that employees of the Parties will not have access to confidential information, except to the extent necessary to accomplish the divestitures, comply with laws or regulations, or comply with the Orders. The Order requires that the Parties establish a system to prevent unauthorized disclosure of such confidential information, and, more generally, written procedures covering the management, maintenance and independence of the held separate assets. The Order also requires that the Parties provide the held separate assets with the financial resources and support that the Monitor believes are necessary to run the assets on an independent basis, including maintenance and replacement of existing assets, and business expansion.

V. Opportunity for Public Comment

The proposed consent order has been placed on the public record for 30 days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After 30 days, the Commission will again review the proposed consent order and the comments received and will decide whether it should withdraw from the agreement or make the proposed consent order final.

By accepting the proposed consent order subject to final approval, the Commission anticipates that the competitive problems alleged in the complaint will be resolved. The purpose of this analysis is to invite public comment on the proposed consent order, in order to aid the Commission in its determination of whether to make the proposed consent order final. This analysis is not intended to constitute an official interpretation of the proposed consent order nor is it intended to modify the terms of the proposed consent order in any way.

By direction of the Commission.

Donald S. Clark,
Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Toxic Substances and Disease Registry

[ATSDR-242]

Development of Set 22 Toxicological Profiles

AGENCY: Agency for Toxic Substances and Disease Registry (ATSDR), Department of Health and Human Services (HHS).

ACTION: Notice of Development of Set 22 Toxicological Profiles.

SUMMARY: This notice announces the development of Set 22 Toxicological Profiles. Set 22 Toxicological Profiles consists of one new draft and five updated drafts. These profiles will be available to the public for comment on or about October 17, 2008.

FOR FURTHER INFORMATION CONTACT: Commander Jessilynn B. Taylor, Division of Toxicology and Environmental Medicine, Agency for Toxic Substances and Disease Registry, Mailstop F-32, 1600 Clifton Road, NE., Atlanta, Georgia 30333, telephone (770) 488-3313. Electronic access to these documents will also be available at the ATSDR Web site: <http://www.atsdr.cdc.gov/toxpro2.html>.

SUPPLEMENTARY INFORMATION: The Superfund Amendments and Reauthorization Act of 1986 (SARA) (42 U.S.C. 9601 *et seq.*) amended the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA or Superfund) (42 U.S.C. 9601 *et seq.*) by establishing certain requirements for ATSDR and the U.S. Environmental Protection Agency (EPA) with regard to hazardous substances that are most commonly found at facilities on the CERCLA National Priorities List (NPL). Among these statutory requirements is a mandate for the Administrator of ATSDR to prepare toxicological profiles for each substance included on the Priority List of Hazardous Substances, <http://www.atsdr.cdc.gov/cercla/07list.html>. The list identifies 275 hazardous substances that ATSDR and EPA have determined pose the most significant potential threat to human health. The availability of the revised list of the 275 priority substances was announced in the **Federal Register** on March 6, 2008 (73 FR 12178). For prior versions of the list of substances, see **Federal Register** notices dated April 17, 1987 (52 FR 12866); October 20, 1988 (53 FR 41280); October 26, 1989 (54 FR 43619); October 17, 1990 (55 FR 42067);

October 17, 1991 (56 FR 52166); October 28, 1992 (57 FR 48801); February 28, 1994 (59 FR 9486); April 29, 1996 (61 FR 18744); November 17, 1997 (62 FR 61332); October 21, 1999 (64 FR 56792); October 25, 2001 (66 FR 54014); and November 7, 2003 (68 FR 63098).

Notice of the availability of drafts of these five updated and one new toxicological profiles for public review and comment will be published in the **Federal Register** on or about October 17, 2008, with notice of a 90-day public comment period for each profile, starting from the actual release date. Following the close of the comment period, chemical-specific comments will be addressed, and, where appropriate, changes will be incorporated into each profile.

Development of Toxicological Profiles

This notice announces the development of one new and five updated toxicological profiles of priority hazardous substances comprising the twenty-second set prepared by ATSDR. The following toxicological profiles are now being developed.

Toxicological profile	CAS No.
1. Chromium	007440-47-3
2. Radon	010043-92-2
3. Cadmium	007440-43-9
4. Formaldehyde	000050-00-0
5. Manganese	007439-96-5
6. Perfluoroalkyls*	000375-22-4
	000335-67-1
	001763-23-1

* Denotes new profile.

Dated: May 6, 2008.

Ken Rose,

Director, Office of Policy, Planning, and Evaluation, National Center for Environmental Health/Agency for Toxic Substances and Disease Registry.

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

2009 and 2011 National Youth Risk Behavior Surveys (YRBS) (OMB No. 0920-0493)—Reinstatement—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The purpose of this request is to obtain OMB approval to continue data collection for the National Youth Risk Behavior Survey (YRBS), a school-based survey that has been conducted biennially since 1991. OMB approval for the 2005 YRBS and 2007 YRBS expired November 30, 2007 (OMB No. 0920-0493). CDC seeks a three-year approval to conduct the YRBS in Spring 2009 and Spring 2011. Minor changes incorporated into this reinstatement request include: An updated title for the

information collection, to accurately reflect the years in which the survey will be conducted; minor changes to the burden estimate; and minor changes to the data collection instrument.

The YRBS assesses priority health risk behaviors related to the major preventable causes of mortality, morbidity, and social problems among both youth and young adults in the United States. Data on health risk behaviors of adolescents are the focus of approximately 40 national health objectives in Healthy People 2010, an initiative of the U.S. Department of Health and Human Services (HHS). The YRBS provides data to measure at least 10 of the health objectives and 3 of the 10 Leading Health Indicators established by Healthy People 2010. In addition, the YRBS can identify racial and ethnic disparities in health risk behaviors. No other national source of data measures as many of the Healthy People 2010 objectives addressing adolescent behaviors as the YRBS. The data also will have significant implications for policy and program development for school health programs nationwide.

In Spring 2009 and Spring 2011, the YRBS will be conducted among nationally representative samples of students attending public and private schools in grades 9–12. Information supporting the YRBS also will be collected from school administrators and teachers. The table below reports the total number of respondents for the two cycles of data collection (2009 and 2011) annualized over the 3-year project period.

There are no costs to respondents except their time. The total estimated annualized burden hours are 6,215.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
State Administrators	State-level Recruitment Script for the Youth Risk Behavior Survey.	17	1	30/60
District Administrators	District-level Recruitment Script for the Youth Risk Behavior Survey.	80	1	30/60
School Administrators	School-level Recruitment Script for the Youth Risk Behavior Survey.	133	1	30/60
Teachers	Data Collection Checklist for the Youth Risk Behavior Survey.	400	1	15/60
Students	Youth Risk Behavior Survey	8,000	1	45/60
