

Throughout the project period, CDC's commitment to continuation of awards will be conditioned on the availability of funds, evidence of satisfactory progress by the recipient (as documented in required reports), and the determination that continued funding is in the best interest of the Federal government.

Application Selection Process

CDC will apply the same selection methodology published in the CDC-RFA-PS10-10138.

Funding Authority

CDC will add the PPACA Authority to that which is currently reflected in the published Funding Opportunity CDC-RFA-PS10-10138. The revised funding authority language will read:

—This program is authorized under Sections 301 and 318 of the Public Health Service Act (42 U.S.C. Section 241 and 247c), as amended, and Section 4002 of the Patient Protection and Affordable Care Act (Pub. L. 111-148).

DATES: The effective date for this action is August 19, 2010 and remains in effect until the expiration of the project period of the PPACA funded applications.

FOR FURTHER INFORMATION CONTACT:

Elmira Benson, Acting Deputy Director, Centers for Disease Control and Prevention, 2920 Brandywine Road, Atlanta, GA 30341, telephone (770) 488-2802, e-mail: Elmira.Benson@cdc.gov.

SUPPLEMENTARY INFORMATION: On March 23, 2010, the President signed into law the Patient Protection and Affordable Care Act (PPACA), Public Law 111-148. PPACA is designed to improve and expand the scope of health care coverage for Americans. Cost savings through disease prevention is an important element of this legislation and PPACA has established a Prevention and Public Health Fund (PPHF) for this purpose. Specifically, the legislation states in Section 4002 that the PPHF is to "provide for expanded and sustained national investment in prevention and public health programs to improve health and help restrain the rate of growth in private and public sector health care costs." PPACA and the Prevention and Public Health Fund make improving public health a priority with investments to improve public health.

The PPHF states that the Secretary shall transfer amounts in the Fund to accounts within the Department of Health and Human Services to increase funding, over the fiscal year 2008 level, for programs authorized by the Public

Health Service Act, for prevention, wellness and public health activities including prevention research and health screenings, such as the Community Transformation Grant Program, the Education and Outreach Campaign for Preventative Benefits, and Immunization Programs.

PPACA legislation affords an important opportunity to advance public health across the lifespan and to reduce health disparities by supporting an intensive community approach to chronic disease prevention and control.

Therefore, increasing funding available to applicants under this FOA using the PPHF to further HIV prevention programs is consistent with the purpose of the PPHF, as stated above, to provide for an expanded and sustained national investment in prevention and public health programs. Further, the Secretary allocated funds to CDC, pursuant to the PPHF, for the types of activities this FOA is designed to carry out.

Dated: August 13, 2010.

Tanja Popovic, MD, PhD, F(AMM), AM(AAFS),

Deputy Associate Director for Science, Centers for Disease Control and Prevention.
