Clear Creek states that the proposed tariff sheets, when approved, will enable it to implement unbundled sales service as provided by 18 CFR part 284, subpart J.

Clear Creek explains that on March 2, 1998, it filed an application in Docket No. CP98-256-000, pursuant to section 7 of the Natural Gas Act (NGA), for a certificate of public convenience and necessity to convert a natural gas production reservoir to a natural gas storage facility, to construct appurtenant facilities and to operate the storage field and related facilities for the sole use of Clear Creek's two owners, Questar Energy Trading Company and Montana Power Ventures, Inc.

Clear Creek explains further that on September 1, 1998, the Commission accepted Clear Creek's application and authorized the company to (1) convert a natural gas production reservoir to a gas storage facility, (2) operate the facility on an open-access basis and (3) perform certain storage-related transportation services under Part 284, Subpart G. Clear Creek states that as the holder of a Part 284, Subpart G certificate, the company automatically has blanket authority to provide unbundled sales in accordance with the provisions of Part 284, Subpart J of the Commission's regulations.

Clear Creek explains that although it has blanket authority to provide unbundled firm and interruptible sales of natural gas, Clear Creek's effective FERC Gas Tariff does not contain tariff provisions applicable to an unbundled sales service. Consequently, as required by 18 CFR 284.286 and 284.287, Clear Creek submits proposed tariff sheets that incorporate the provisions of Subpart J and explain how Clear Creek will comply with the Commission's standards applicable to unbundled sales service.

Clear Creek states that a copy of this filing has been served upon its customers and the Public Service Commission of Wyoming.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC

20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

#### K N Wattenberg Transmission Limited Liability Company; Notice of Tariff Filing

July 6, 2000.

Take notice that on June 30, 2000, K N Wattenberg Transmission Limited Liability Company (KNW) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the tariff sheets listed on Appendix A to the filing, to become effective August 1, 2000.

In Docket No. RM96-1, the Commission has required that interstate pipelines communicate with their customers via the Internet. The purpose of this compliance filing is to make tariff changes entailed by that requirement and to incorporate the use of a new computer system as previously described in the Request for Extension of Time for KNW in Docket No. RM96-1-009, filed with the commission on May 24, 2000.

KNW requests that the Commission grant any other waivers of its regulations that the Commission may deem necessary to accept KNW's tariff sheet(s) to be effective August 1, 2000.

KNW states that copies of the filing were served upon KNW's jurisdictional customers, interested public bodies and all parties to the proceeding.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission,

888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

### Federal Energy Regulatory Commission

[Docket No. CP98-150-002]

#### Millennium Pipeline Company, L.P.; Notice of Amendment

July 6, 2000.

Take notice that on June 28, 2000, Millennium Pipeline Company, L.P. (Millennium), 12801 Fair Lakes Parkway, Fairfax, Virginia 22030, filed in Docket No. CP09-150-002 an amendment to its pending application filed in Docket No. CP98-150-000, to reflect a route variation in Westchester County, New York, all as more fully set forth in the application to amend which is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/htm> (call 202-208-2222 for assistance).

Millennium states that Millennium and the Public Service Commission of the State of New York (PSCNY) have identified an alternative pipeline route in Westchester County, New York which they believe could satisfy the safety concerns that have been expressed by the PSCNY. Millennium indicates that the alternative route for the most part departs from the powerline right-of-way of Consolidated Edison Company of New York, Inc. and instead follows public highways and bike trails for most of its length.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 27,
