

Administration's (SBA) regulations at 13 CFR 121.201; (2) a small governmental jurisdiction that is a government of a city, county, town, school district or special district with a population of less than 50,000; and (3) a small organization that is any not-for-profit enterprise which is independently owned and operated and is not dominant in its field.

After considering the economic impacts of today's Direct Final rule on small entities, I certify that this proposed rule will not have a significant economic impact on a substantial number of small entities. This action proposes only a minor change to the manifest printing specifications, and the effect of this proposed change would make it easier for printers to comply with the manifest printing specification by providing additional options. Therefore, this proposed rule would not impose any new burden or costs on printers or users of the manifest, including printers and users who are small entities as defined by the RFA. Since the rule would not have any significant adverse economic impact on small entities, the RFA does not require EPA to perform a regulatory flexibility analysis.

RIN 1250-AA00

Affirmative Action and Nondiscrimination Obligations of Contractors and Subcontractors Regarding Protected Veterans

AGENCY: Office of Federal Contract Compliance Programs, Labor.

ACTION: Notice of proposed rulemaking and extension of comment period.

SUMMARY: On April 26, 2011, the Office of Federal Contract Compliance Programs (OFCCP) published a **Federal**

Register notice of proposed rulemaking (NPRM). This NPRM proposes revising regulations implementing the affirmative action provisions of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended. This document extends the comment period for the proposed rule for fourteen (14) days. If you have already commented on the proposed rule you do not need to resubmit your comment. OFCCP will consider all comments received from the date of publication of the proposed rule through the close of the extended comment period.

DATES: The comment period for the NPRM published on April 26, 2011 (76 FR 23358), scheduled to close on June 27, 2011, is extended until July 11, 2011.

ADDRESSES: You may submit comments, identified by RIN 1250-AA00, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Fax:* (202) 693-1304 (for comments of six pages or fewer).
- *Mail:* Debra A. Carr, Director, Division of Policy, Planning, and Program Development, Office of Federal Contract Compliance Programs, Room C-3325, 200 Constitution Avenue, NW., Washington, DC 20210.

FOR FURTHER INFORMATION CONTACT: Debra A. Carr, Director, Division of Policy, Planning, and Program Development, Office of Federal Contract Compliance Programs, Room C-3325, 200 Constitution Avenue, NW., Washington, DC 20210.

SUPPLEMENTARY INFORMATION: On April 26, 2011, OFCCP published a proposed rule entitled "Affirmative Action and Nondiscrimination Obligations of Contractors and Subcontractors Regarding Protected Veterans" (76 FR 23358). OFCCP was to receive comments on this NPRM on or before June 27, 2011.

Various organizations submitted requests to extend the comment period by an additional sixty (60) days or more. We considered these requests and determined that it is appropriate to provide an additional 14-day period for comment on the proposed regulation. We are, therefore, extending the comment period until Monday, July 11, 2011.

Extension of Comment Period

OFCCP determined that the public could use additional time to review the potential impact of the proposed requirements. Therefore, to allow the public sufficient time to review and comment on the NPRM, OFCCP is

extending the comment period until July 11, 2011.

Signed at Washington, DC, this 17th day of June 2011.

Patricia Shiu,

Director, Office of Federal Contract Compliance Programs.

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-B-1198]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule.

SUMMARY: Comments are requested on the proposed Base (1% annual-chance) Flood Elevations (BFEs) and proposed BFE modifications for the communities listed in the table below. The purpose of this proposed rule is to seek general information and comment regarding the proposed regulatory flood elevations for the reach described by the downstream and upstream locations in the table below. The BFEs and modified BFEs are a part of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, these elevations, once finalized, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents in those buildings.

DATES: Comments are to be submitted on or before September 20, 2011.

ADDRESSES: The corresponding preliminary Flood Insurance Rate Map (FIRM) for the proposed BFEs for each community is available for inspection at the community's map repository. The respective addresses are listed in the table below.

You may submit comments, identified by Docket No. FEMA-B-1198, to Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472,

(202) 646-4064, or (e-mail)
luis.rodriguez1@dhs.gov.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064, or (e-mail) luis.rodriguez1@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) proposes to make determinations of BFEs and modified BFEs for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed BFEs and modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other

Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings.

Comments on any aspect of the Flood Insurance Study and FIRM, other than the proposed BFEs, will be considered. A letter acknowledging receipt of any comments will not be sent.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601-612, a regulatory flexibility analysis is not required.

Executive Order 12866, Regulatory Planning and Review. This proposed rule is not a significant regulatory action

under the criteria of section 3(f) of Executive Order 12866, as amended.

Executive Order 13132, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This proposed rule meets the applicable standards of Executive Order 12988.

National Highway Traffic Safety Administration

49 CFR Part 541

[Docket No. NHTSA-2011-0075]

Preliminary Theft Data; Motor Vehicle Theft Prevention Standard

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Publication of preliminary theft data; request for comments.

SUMMARY: This document requests comments on data about passenger motor vehicle thefts that occurred in calendar year (CY) 2009 including theft rates for existing passenger motor vehicle lines manufactured in model year (MY) 2009. The preliminary theft data indicate that the vehicle theft rate for CY/MY 2009 vehicles (1.33 thefts per thousand vehicles) decreased by 21.3 percent from the theft rate for CY/MY 2008 vehicles (1.69 thefts per thousand vehicles).

Publication of these data fulfills NHTSA's statutory obligation to periodically obtain accurate and timely theft data, and publish the information for review and comment.

DATES: Comments must be submitted on or before August 22, 2011.

ADDRESSES: You may submit comments [identified by Docket No. NHTSA-2011-0075 by any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

FOR FURTHER INFORMATION CONTACT: Ms. Deborah Mazyck, Office of International Policy, Fuel Economy and Consumer Programs, NHTSA, 1200 New Jersey Avenue, SE., Washington, DC 20590. Ms. Mazyck's telephone number is (202) 366-4139. Her fax number is (202) 493-2990.

SUPPLEMENTARY INFORMATION: NHTSA administers a program for reducing motor vehicle theft. The central feature of this program is the Federal Motor Vehicle Theft Prevention Standard, 49 CFR part 541. The standard specifies performance requirements for inscribing or affixing vehicle identification numbers (VINs) onto certain major original equipment and replacement parts of high-theft lines of passenger motor vehicles.

The agency is required by 49 U.S.C. 33104(b)(4) to periodically obtain, from the most reliable source, accurate and timely theft data, and publish the data for review and comment. To fulfill the § 33104(b)(4) mandate, this document reports the preliminary theft data for CY 2009 the most recent calendar year for which data are available.

In calculating the 2009 theft rates, NHTSA followed the same procedures it has used since publication of the 1983/1984 theft rate data (50 FR 46669, November 12, 1985). The 2009 theft rate for each vehicle line was calculated by dividing the number of reported thefts of MY 2009 vehicles of that line stolen during calendar year 2009 by the total number of vehicles in that line manufactured for MY 2009, as reported to the Environmental Protection Agency (EPA). As in all previous reports, NHTSA's data were based on information provided to NHTSA by the
