

includes dredging and placement of an anticipated 3.5–4.5 million cubic yards of dredged material for the required widening and deepening of the existing access channel and turning basin. The project dredging includes widening and deepening an existing access channel/turning basin, and connection into the Brewerton Federal Navigation channel. The proposed project plan also includes the construction of an offshore Dredged Material Containment Facility (DMCF) in the Patapsco River on the west side of Coke Point to provide placement capacity for dredged material. An offshore DMCF to provide capacity for the total anticipated dredged material volume would permanently fill approximately 100 acres of tidal waters of the United States. As part of the EIS process, the Corps will consider minimization measures for dredging and a combination of alternatives for dredged material placement.

The project includes a proposed compensatory mitigation plan. The compensatory mitigation plan is under development and will be completed as part of the development of the EIS.

2. *Location.* The project site is located within the Tradepoint Atlantic development on the Coke Point peninsula in the Patapsco River, Sparrows Point, Baltimore County, Maryland. [Latitude: 39.211222° and Longitude: –76.490349°]

3. *Project Purpose.* To develop Sparrows Point Container Terminal (SPCT), a new container terminal and associated facilities that would be located on the Coke Point Peninsula within the Patapsco River in Baltimore, Maryland.

4. *Alternatives.* The EIS will evaluate an array of alternatives for dredging, dredged material disposal, and construction. Alternatives may include, but are not limited to, no action alternative, dredged material placement options including upland disposal onsite, upland disposal offsite, beneficial and innovative reuse of dredge material, and offshore ocean placement. In order to accommodate the anticipated volume of dredged material, these options may be evaluated alone or on combination.

Specifically, alternatives may be combined to reduce the footprint of the offshore DMCF. These options include (1) a DMCF in the existing on-site High Head Reservoir; (2) use of existing offsite upland DMCFs; (3) ocean disposal of dredged material; (4) a nearshore DMCF; and/or (5) beneficial reuse.

Mitigation measures could include, but are not limited to, avoidance and minimization, enhancement,

restoration, or establishment of wetlands.

5. *Scoping Process.* The scoping period will continue for 60 days from the date of this Notice of Intent. During the scoping period, the Corps invites federal, state, and local agencies, Native American Tribes, other interested parties, and the general public to participate in the scoping process. The purpose of the scoping process is to provide information to the public, serve as a mechanism to solicit agency and public input on alternatives, identify significant issues to be analyzed in the EIS, and ensure full and open participation in scoping for the draft EIS. Scoping comments may be submitted by conventional mail or email. All comments must include the Corps number NAB–2023–61200. To be accepted, email comments must originate from the author's email account. All comments received will become part of the administrative record and are subject to public release under the Freedom of Information Act including any personally identifiable information such as names, phone numbers, and addresses. Additional information on the project and scoping process are available on the Corps' website at this link: <https://www.nab.usace.army.mil/SPCT/>

6. *Scoping Meetings.* The Corps will conduct public scoping meetings during the scoping period in which agencies, organizations, and members of the general public are invited to present comments or suggestions with regard to the range of actions, alternatives, and potential impacts to be considered in the EIS. The Corps has scheduled two public scoping meetings, one in-person and one virtual as described below: (a) In-person: Tuesday, January 23, 2024, at 5:30 p.m. Display material and staff will be available beginning at 5:30 p.m. with a presentation following at 6 p.m. at the Sollers Point Multi-Purpose Center; 323 Sollers Point Rd, Dundalk, MD 21222; and (b) Virtual: Thursday, January 25, 2024, beginning at 11:30 a.m. to 1 p.m. Access the virtual scoping meeting at this link: <https://bit.ly/SparrowsPoint2024>

7. *Availability of the Draft EIS.* The draft EIS is estimated to be available for public review and comment in January 2025. At that time, a public review period will be provided for public review and comment on the draft EIS.

8. *Analyses and Consultation.* The EIS will be integrated with analyses and consultation required by the National Environmental Policy Act (NEPA), section 10 of the Rivers and Harbors Act, section 401 and section 404 of the Clean Water Act, section 7 of the

Endangered Species Act, section 103 of the of the Marine Protection, Research and Sanctuaries Act (MPRSA), the Clean Air Act, the U.S. Fish and Wildlife Coordination Act, section 106 of the National Historic Preservation Act, Prime and Unique Farmlands, and the Magnuson-Stevens Fishery Conservation and Management Act. All appropriate documentation (*i.e.*, section 7, section 106 coordination letters, and public and agency comments) will be obtained and included as part of the EIS. As part of the EIS process, recommendations will be based on an evaluation of the probable impact of the proposed activity on the public interest. The decision will reflect the national concern for the protection and utilization of important resources. The benefit, which may reasonably be expected to accrue from the proposal, will be balanced against its reasonably foreseeable detriments. All factors that may be relevant to the proposal will be considered, among these are wetlands; fish and wildlife resources; cultural resources; land use; water and air quality; hazardous, toxic, and radioactive substances; threatened and endangered species; regional geology; aesthetics; environmental justice; navigation; cumulative impacts; and the general needs and welfare of the public.

Reinhard W. Koenig,

*Programs Director, North Atlantic Division,
US Army Corps of Engineers.*

BILLING CODE 3720–58–P

DEPARTMENT OF DEFENSE

Department of the Navy

[Docket ID: USN–2023–HQ–0016]

Submission for OMB Review; Comment Request

AGENCY: Department of the Navy,
Department of Defense (DoD).

ACTION: 30-Day information collection
notice.

SUMMARY: The DoD has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by January 17, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular

information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Angela Duncan, (571) 344–1358, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Navy Health of the Force Survey Program; OMB Control Number 0703–HOFG.

Type of Request: New Generic Information Collection Request.

Number of Respondents: 150,000.

Responses per Respondent: 1.

Annual Responses: 150,000.

Average Burden per Response: 20 minutes.

Annual Burden Hours: 50,000.

Needs and Uses: The Navy Health of the Force Survey program is a strategic level engagement survey initiative designed to assess climate and culture across the entire Department of the Navy (DoN) enterprise. When deployed, the Health of the Force (HoF) Survey is tailored to the unique population (Active Duty Navy, Reserve Navy, Active Duty Marine Corps, and Navy civilians) being surveyed, but also includes a core set of questions and metrics that support comparisons across the Navy and provide a means for evaluating changes in culture and climate over time.

The DoN has already received OMB approval to conduct the mainline Navy HoF Survey under OMB Control Number 0703–0079. The Department has also submitted an information collection request for a Reserves-specific HoF survey. With this Generic Information Collection Request, the Department seeks to bring all current and future HoF surveys under one OMB Control Number. The streamlined Generic approval process will grant the Navy Survey Office additional flexibility to (1) quickly implement changes that may be made to the HoF surveys from year to year and (2) add new HoF surveys that ask similar questions and utilize similar methods but target unique personnel populations.

Every HoF survey will include validated metrics for inclusion, connectedness, trust, organizational commitment, and cohesion. Other metrics that will be collected annually or biennially include job/career satisfaction, burnout, workplace incivility, and work/life balance. The survey results provide answers to important questions for Navy leadership about a range of topics including:

- Retention plans and influences to stay or leave
- Readiness and ability to perform core missions
- Importance/utilization of mentoring and professional development opportunities
- Access to key resources like childcare, healthcare, financial and personal support services
- Views on unique navy programs (i.e., Get Real, Get Better; Quality of Service, etc.)
- Personal well-being (mental, physical, and emotional)
- Interpersonal relationships in the workplace
- Levels of stress and key stressors

Finally, the survey provides Navy personnel with an opportunity to tell Navy leaders, in their own words, what they are concerned about and what they need to make the Navy a stronger, more effective organization.

Affected Public: Individuals or households (DoN civilians, active and reserve service members).

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name, Docket ID number, and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

DoD Clearance Officer: Ms. Angela Duncan.

Requests for copies of the information collection proposal should be sent to Ms. Duncan at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

Dated: December 13, 2023.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001–FR–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2023–SCC–0213]

Agency Information Collection Activities; Comment Request; Evaluation of Full-Service Community Schools

AGENCY: Institute of Education Sciences (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before February 16, 2024.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2023–SCC–0214. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, the Department will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Manager of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W203, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Erica Johnson, 202–453–7381.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection
