

K. Paperwork Reduction Act (44 U.S.C. 3501)

The information collection requirements of this program will be largely met through the Federal Aid Grants Application Booklet. Federal Aid has applied for OMB approval under Control Number 1018-1019. This approval applies to grants managed by the Division of Federal Aid, even if for other Divisions of the Service. We are collecting this information relevant to the eligibility, substantiality, relative value, and budget information from applicants in order to make awards of grants under these programs. We are collecting financial and performance information to track costs and accomplishments of these grant programs. Completion of these application and reporting requirements will involve a paperwork burden of approximately 80 hours per grant proposal. This does not include any burden hours previously approved by OMB for standard or Fish and Wildlife Service forms. Your response to this information collection is required to receive benefits in the form of a grant, and does not carry any premise of confidentiality. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. With respect to this 80 hour per application increase in burden hours, interested parties should contact the Information Collection Clearance Officer listed in the **ADDRESSES** section of this document.
