The NAC assists FEMA in carrying out its missions by providing advice and recommendations in the development and revision of the national preparedness goal, the national preparedness guidelines, the National Incident Management System, the National Response Framework, and other related plans and strategies. The members of the NAC are appointed by the Administrator of FEMA and are composed of Federal, State, local, Tribal, and private-sector leaders and subject matter experts in law enforcement, fire, emergency medical services, hospital, public works, emergency management, State and local governments, public health, emergency response, standard setting and accrediting organizations, representatives of individuals with disabilities and other special needs, infrastructure protection, cyber security, communications, and homeland security communities.

Qualified individuals interested in serving on the NAC are invited to apply for appointment by submitting a resume or Curriculum Vitae (CV) to the NAC's alternate Designated Federal Officer. Letters of recommendation may also be provided, but are not required. Please ensure the submission includes the following information: The applicant's name, phone number, e-mail address, home and business mailing addresses, current position title and organization, and the discipline area of interest (*i.e.*, Emergency Management). Current NAC members whose terms are ending should notify the Alternate Designated Federal Officer of their interest in reappointment in lieu of submitting a new application, and should provide an updated resume and/or CV and letters of recommendation for consideration. The NAC meets in a plenary session approximately once per quarter. The NAC also holds at least one teleconference meeting with public call-

in lines. Members serve without compensation from the Federal Government; however, consistent with the charter, they do receive travel reimbursement and per diem under applicable Federal travel regulations. In support of the policy of the Department of Homeland Security on gender and ethnic diversity, qualified women and minorities are encouraged to apply for membership.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Energy Policy Act of 2005 (Pub. L. 109-58) authorizes the Secretary to approve individual TERAs. The intent of these agreements is to promote tribal oversight and management of energy and mineral resource development on tribal lands and further the goal of Indian self-determination. A TERA offers a tribe an entirely new alternative for developing energy-related business agreements and awarding leases and granting rights-of-way for energy facilities without having to obtain further approval from the Secretary.
