

V. Commission's Findings and Order Granting Partial Accelerated Approval of Proposed Rule Change

The Commission finds that the portion of the proposed rule change, as amended, relating to the reporting of options transactions within 90 seconds after execution is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁰ Specifically, the Commission believes that the portion of the proposal, as amended, relating to the reporting of options transactions within 90 seconds after execution is consistent with the Section 6(b)(5)¹¹ requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and, in general, to protect investors and the public.

The Commission believes that the portion of the amended proposal, which requires the reporting of all options transactions within 90 seconds of execution, should help to prevent fraudulent and manipulative acts and practices, as well as to promote just and equitable principles of trade. The Commission believes that the portion of the proposed rule change, as amended, relating to CBOE Rule 6.51 should enable the Exchange to provide accurate trade information to investors more efficiently. The enhanced transparency associated with timely trade reporting should facilitate price discovery for investors and assist the CBOE's surveillance of its members' trading in listed options.

The CBOE has requested that the Commission find good cause for approving the portion of the proposed rule change, as amended, relating to CBOE Rule 6.51 prior to the thirtieth day after the date of publication of notice in the **Federal Register**. The Commission believes that the portion of the proposal relating to the reporting of options transactions within 90 seconds after execution is substantially similar to the Amex proposal to amend Amex rules to require the reporting of options transactions within 90 seconds of execution that was recently approved by the Commission.¹² The Amex proposal was noticed for the full 21-day comment period and no comments were received.

Accordingly, the Commission finds good cause pursuant to Section 19(b)(2) of the Act¹³ to accelerate approval of the proposed rule change, as amended.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁴ that the portion of the proposed rule change amending CBOE Rule 6.51, to require the reporting of the options transactions within 90 seconds (File No. SR-CBOE-00-37), is approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁵

Margaret H. McFarland,
Deputy Secretary.
