

9607. The proposed Consent Decree would resolve claims that the United States has asserted against all defendants.

Under the proposed Consent Decree, a group of four "Performing Settling Defendants" will implement remedial measures at the Site consistent with an Explanation of Significant Differences issued by the United States Environmental Protection Agency ("U.S. EPA") on September 13, 2010. These remedial measures will include:

(1) Evaluation of potential measures to optimize performance of the previously-implemented source control remedy at the Site and implementation of any appropriate source control remedy enhancements; (2) development and implementation of an Institutional Control Implementation and Assurance Plan; and (3) completing a three-year evaluation of the effectiveness of monitored natural attenuation as a means of achieving groundwater cleanup standards at the Site. Following completion of the monitored natural attenuation study, if U.S. EPA determines that monitored natural attenuation is not appropriate for this Site, Performing Settling Defendants will evaluate alternative groundwater remedies and implement an alternative groundwater remedy selected by EPA. Under the proposed decree, Performing Settling Defendants will also pay \$985,000 to the Hazardous Substances Superfund to reimburse response costs incurred by the United States through January 31, 2010 in connection with the Site, and they will reimburse all response costs incurred by the United States after January 31, 2010 in connection with the Site.

The remaining 34 defendants, "De Minimis Settling Defendants," will resolve their potential liability with respect to the Site in accordance with Section 122(g) of CERCLA, 42 U.S.C. 9622(g), through specified payments that will be used by Performing Settling Defendants to pay for costs incurred pursuant to the Consent Decree.

The Department of Justice will receive comments relating to the Consent Decree for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. Waste Management of Wisconsin, Inc., et al.*, DJ # 90-11-3-09747.

The Consent Decree may be examined at the Office of the United States Attorney, Eastern District of Wisconsin, 530 Federal Building, 517 East Wisconsin Avenue, Milwaukee, WI 53202 and at U.S. EPA Region 5, 77 W. Jackson Blvd., Chicago, IL 60604.
