SUPPLEMENTARY INFORMATION:

I. Background: The Black Lung Benefits Act of 1977 as amended, 20 U.S.C. 901 *et seq.* and 20 CFR 718.102 set forth criteria for the administration and interpretation of x-rays. When a miner applies for benefits, the Division of Coal Mine Workers' Compensation

(DCMWC) is required to schedule a series of four diagnostic tests to help establish eligibility for black lung benefits. Each of the diagnostic tests has its own form that sets forth the medical results. The forms are: Roentgenographic Interpretation (CM-933), Roentgenographic Quality Rereading (CM-933b), Medical History and Examination for Coal Mine Workers' Pneumoconiosis (CM-988), Report of Arterial Blood Gas Study (CM-1159), and Report of Ventilatory Study (CM-2907). This information collection is currently approved for use through August 31, 2011.

II. Review Focus: The Department of Labor is particularly interested in comments which:

* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

* Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

* Enhance the quality, utility and clarity of the information to be collected; and

* Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks the approval for the extension of this currently-approved information collection in order to carry out its responsibility to administer the Black Lung Benefits Act.

Agency: Office of Workers' Compensation Programs.

Type of Review: Extension.

DEPARTMENT OF LABOR

Office of Workers' Compensation Programs

Division of Federal Employees' Compensation; Proposed Extension of Existing Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired

format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Workers' Compensation Programs is soliciting comments concerning the proposed collection: Notice of Recurrences (CA-2a). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addresses section of this Notice.

DATES: Written comments must be submitted to the office listed in the addresses section below on or before April 25, 2011.

SUPPLEMENTARY INFORMATION:

I. Background: The Office of Workers' Compensation Programs administers the Federal Employees' Compensation Act, (5 U.S.C. 8101, *et seq.*), which provides for continuation of pay or compensation for work related injuries or disease that result from federal employment. Regulation 20 CFR 10.104 designates form CA-2a as the form to be used to request information from claimants with previously-accepted injuries, who claim a recurrence of disability, and from their supervisors. The form requests information relating to the specific circumstances leading up to the recurrence as well as information about their employment and earnings. The information provided is used by OWCP claims examiners to determine whether a claimant has suffered a recurrence of disability related to an accepted injury and, if so, the appropriate benefits payable. This information collection is currently approved for use through May 31, 2011.

II. Review Focus: The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks the approval for the extension of this currently approved information collection in order to ensure the accurate payment of benefits to current and former Federal employees with recurring work-related injuries.

Type of Review: Extension.
Agency: Office of Workers' Compensation Programs.
