Department of the Navy

32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD.

ACTION: Final rule.

SUMMARY: The Department of the Navy is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (Admiralty and Maritime Law) of the Navy has determined that *USS Carl Vinson* (CVN 70) is a vessel of the Navy which, due to its special construction and purpose, cannot comply fully with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

DATES: This rule is effective May 26, 2009 and is applicable beginning May 14, 2009.

FOR FURTHER INFORMATION CONTACT: Commander M. Robb Hyde, JAGC, U.S. Navy, Deputy Assistant Judge Advocate General (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave., SE., Suite 3000, Washington Navy Yard, DC 20374-5066, telephone number: 202-685-5040.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the Department of the Navy amends 32 CFR part 706.

The Secretary of the Navy previously certified that *USS Carl Vinson* (CVN 70) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with 72 COLREGS. This amendment provides notice that the Deputy Assistant Judge Advocate General (Admiralty and Maritime Law) of the Navy, under authority delegated by the Secretary of the Navy, has amended that certification to reflect that the forward and aft anchor lights on *USS Carl Vinson* (CVN 70), previously certified as not in compliance with 72 COLREGS, now comply with the applicable 72 COLREGS requirements, to wit: The two forward and the two aft anchor lights located below the flight deck were removed and replaced by one single forward and one single aft anchor light above the hull and near ship's fore-aft centerline, as required by Rules 21(a), 21(e), 30(a)(i), 30(a)(ii) and Annex 1, Section 2(g).

Moreover, it has been determined, in accordance with 32 CFR parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel's ability to perform its military functions.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2009-0332]

Drawbridge Operation Regulations; Shrewsbury River, Highlands, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Route 36 Bridge, across the Shrewsbury River at mile 1.8, at Highlands, New Jersey. This deviation will allow the bridge to open on signal for all marine traffic once an hour on weekends and holidays from 12 p.m. to 8 p.m. during the boating season.

DATES: This deviation is effective from May 23, 2009, through September 7, 2009.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2009-0332 and are available Online at <http://www.regulations.gov>, selecting the Advanced Docket Search option on the right side of the screen, inserting USCG-2009-0332 in the Docket ID box, pressing Enter, and then clicking on the item in the Docket ID column. This

material is also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: The Route 36 Bridge has a vertical clearance in the closed position of 35 feet at mean high water and 39 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.755(a). The bridge presently opens on the hour and half hour between 7 a.m. and 8 p.m. from May 15 through October 15, and on signal from 8 p.m. to 11 p.m. From 11 p.m. to 7 a.m. the bridge opens on signal after a four-hour advance notice is given.

The Shrewsbury River is navigated predominantly by recreational power boats and sail boats of various sizes.

Currently only one lane of vehicular traffic is open northbound on the Route 36 Bridge due to the Highlands Bridge replacement project.

As a result of the vehicular travel lane closures traffic congestion has become a major concern to motorists and local officials. The nearby Gateway National Recreation Area, operated by the National Park Service, has been particularly impacted on weekends by traffic delays as a result of the bridge construction and drawbridge openings for vessel traffic.

The National Park Service, the New Jersey Department of Transportation, and local officials have made various adjustments to traffic control to help

mitigate the vehicular traffic congestion; however, the traffic congestion on weekends in the afternoon continues to be a major safety concern when motorists are exiting the Sandy Hook area and the Gateway National Recreation Park.

As a result, the National Park Service and the New Jersey Department of Transportation requested a temporary deviation from the drawbridge operation regulations to help facilitate a balance between vehicular traffic and marine traffic during the summer boating season.

Under this temporary deviation, in effect from May 23, 2009 through September 7, 2009, the Route 36 Bridge at mile 1.8, across the Shrewsbury River, shall operate as follows:

Monday through Friday, the draw shall open on signal, from 7 a.m. to 8 p.m., on the hour and half hour only. From 8 p.m. to 11 p.m. the draw shall open on signal. From 11 p.m. to 7 a.m. the draw shall open on signal after at least a four-hour notice is given by calling the number posted at the bridge.

Saturday, Sunday and holidays, the draw shall open on signal from 7 a.m. through noon, on the hour and half hour. From noon through 8 p.m., the draw shall open on signal once an hour, on the hour only. From 8 p.m. to 11 p.m. the draw shall open on signal. From 11 p.m. to 7 a.m. the draw shall open on signal after at least a four-hour advance notice is given by calling the number posted at the bridge.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.
